

Contingency Arrangements

in case of emergency school closure due to HSE/DES directive related to COVID-19

- The government will determine the length of the emergency closure as a result of this emerging situation.
- The Board of Management will put the best possible contingency arrangements in terms of Health and Safety for both pupils and staff to allow the most positive outcome for Teaching and Learning in this unprecedented situation.

- The SchoolWise platform will be used by teachers to liaise with pupils.
- Every pupil has his own school email address that allows him access to the SchoolWise and Microsoft platforms, there is a link to SchoolWise on the school website at the bottom of the homepage.
- Students must begin to bring their books home. If the school closes there will be no access to the school or lockers.
- All students and those doing state examinations in 2020 will have the full support of the school during this time.
- Students should work through the normal school day and use this valuable time as they would in the classroom.
