How to read this diagram:
As you move from left to right across the graphic you can follow the achievement level of students broken down by subgroup. N is the number of students in each group.

Postsecondary Success in Rhode Island: ENGLISH LANGUAGE LEARNER

Data notes: The denominator for all of these percentages is the students from RI's 2007-2008 freshman class who were identified as English Language Learners (ELL). The numerator is the percentage who have completed each step at any point between 2008 to 2018. The postsecondary figures include any college or university nationwide (both 2-year and 4-year) that reports data to the National Student Clearinghouse. Analysis by DataSpark at URI.
