Soul Talks Australia Strategic Plan 2018

Vision Statement

The vision of Soul Talks Australia is to promote and encourage integrative doctors and allied healing practitioners to include the importance of the deeper layers of consciousness, the role of energy medicine and soul needs in their practice.

Mission Statement

Soul Talks Australia offers a platform for integrative doctors and allied healing professionals to present to an audience interested in spiritual concepts, self-actualisation, mystical truths and dying with confidence.

Values

- Integrate a legal and professional approach
- Uphold high standards of accountability
- Encourage the exploration of the self
- Ensure due diligence in the management of sponsorship
- Respect the creativity and insights of others
- Acknowledge that people have different levels of spiritual growth
- Foster an environment of love and compassion
- Recognise the spiritual principle of Oneness

Goals

1. Promote the benefits of the integration of physical, emotional and mental aspects of the self or soul widely
2. Create an organisational structure which will qualify Soul Talks to be a gift recipient ie. tax free donation
3. Gain a major donor through sponsorship and including naming rights
4. Extend the program throughout South Australia
5. Support specific education programs in various modalities
6. Collaborate with leaders in the area of consciousness and spirituality
7. Affirm the value of lifelong learning for the soul's journey through many lifetimes

Promotion

A website www.soultalks.com.au which informs the dates and times of the monthly program as well as making available recordings of the talks for those who are unable to attend in person.

Place

A central venue at the Chandelier room, Freemason's Hall, North Terrace, Adelaide SA 5000.
