Webinar!
Family Planning Elevated will award cash grants to FPE CAP members for requested budgetary amounts of $38,000 (minimum) to $100,000 (maximum). Note that grants for the maximum amount will be awarded only in exceptional cases. Applicants should take care to create a budget reflecting realistic and reasonable anticipated expenses. FPE reserves the right to determine final cash grant amounts after review & consultation with FPE CAP member applicants.

Use the template below to project itemized project expenses over the two-year grant period. If your organization is applying for multiple sites, please separate out budgetary expenses for each health center. Contact Colleen Quade (colleen.quade@iu.edu) for questions or to discuss eligible program expenses.
