BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:32 pm. Mr. de Luna acted as meeting secretary.

2. Mr. Cohen provided an update on the VOICE 2 charter application process, noting that NYSED has invited VOICE to participate in the capacity interview stage in early October. Mr. Headley introduced VOICE staff member Steven Tutterow, who, having coordinated the application submission, led a discussion of what to expect at the capacity interview. It was decided that this discussion would continue at the next board meeting.

3. As the next order of business, Mr. Headley provided the Principal’s Report. He noted that the start of the new school year was the smoothest yet, due to revised procedures and the staffing in place. He then discussed the relationship between VOICE and PS111, as
well as challenges posed by the backfill of students throughout the year. He also discussed the need to move ahead with a charter amendment to increase the enrollment cap for VOICE and updated the board on teacher recruitment and oversight. Subsequent discussion focused on safety concerns related to PS111.

4. Mr. de Luna presented the minutes of the August 24 meeting of the board. Following a motion duly made and seconded, the minutes were approved.

5. On behalf of the Admissions Task Force, Mr. de Luna updated the board on enrollment status, noting that day-one enrollment was below the target due to unexpected summertime attrition. He described subsequent registration activities to close the gap, noting that registration had returned to above the FTE target for the year. A discussion ensued on grade-specific enrollment targets.

6. On behalf of the Finance Committee, Mr. McGarrigle discussed the financials, highlighting a better-than-budgeted start to the new fiscal year. Discussion focused on special education reimbursement, funding ramifications of the current enrollment cap in VOICE's charter, and facilities funding.

8. Mr. Cohen announced that the real estate engagement letter discussed at the prior meeting had been accepted in principle, pending minor modifications.

BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:40 pm, noting that Ms. Young could not attend but would be listening via telephone. Mr. de Luna acted as meeting secretary.

2. Mr. Cohen presented the minutes of the October 5 meeting of the board. Two minor corrections were made. After modification and following a motion duly made and seconded, the minutes were approved.

3. On behalf of the Education and Accountability Committee, Ms. Lamb summarized what the committee would do in the coming year and proposed a more formal presentation at the next board meeting, following more thorough processing of the results from the first interim assessments.
4. On behalf of the Finance Committee, Mr. McGarrigle discussed the financials, noting that revenue was exactly as budgeted because the school is operating at the charter cap of 650 students, as planned. On expenses, he noted that labor expenditures were running slightly ahead of forecast due to beginning-of-year work. He then informed the board that insurance rates for the upcoming year were increasing by 25 percent, substantially more than forecast but in line with other increases seen locally, which prompted discussion on what could be done moving forward. Mr. McGarrigle offered one option that could be pursued—a two-tiered approach in terms of plan choice; changes would be timed to coincide with the end of the school year, not the end of the calendar year.

5. On behalf of the Parent Association, Ms. Collier updated the board on actions taken by the Parent Association since the start of the school year and upcoming activities, highlighting discussions with guest speakers on asthma and fire safety. On behalf of the parents, Ms. Collier requested more information on the reorganization of the school and the new director positions. She also requested that the middle school team present more information to the families of 4th and 5th graders on middle school options.

6. On behalf of the Admissions Task Force, Mr. Cohen updated the board on enrollment, noting that it continued to exceed 650 students, as budgeted. He added that the task force is reviewing year-end data on the recruitment and registration cycle and would make a formal presentation at the next board meeting.

7. As the next order of business Mr. Cohen presented a proposed charter amendment to increase VOICE's student enrollment cap from 650 to 810, explaining the rationale. After discussion, upon a motion duly made and seconded, it was:

RESOLVED, that VOICE's charter should be amended so that Section 11.4, Enrollment Planning, reads:

VOICE Charter School of New York shall not enroll more than a total of 810 students between Kindergarten and Eighth Grade.

8. As the next order of business, Mr. Cohen discussed the capacity interview with the New York State Education Department related to the proposal to replicate VOICE. He summarized the preparations undertaken for the interview, the questions asked at the interview, and the anticipated path of the rest of the process. Several board members also shared their experiences and thoughts on the process, underscoring the outstanding job VOICE staff members had done throughout the process to date. A decision is expected before the next board meeting in November.
9. As the next order of business, Mr. Headley provided the Principal’s Report, which focused largely on meetings held with local and citywide organizations on potential partnership possibilities on topics of mutual interest. Mr. Headley also discussed a meeting he attended at the US Department of Education in Washington, DC, on school diversity. Mr. Cohen mentioned that he was scheduled to have a meeting with Assemblywoman Cathy Nolan next month as well.

10. As the final order of business, Mr. Cohen shared information on the upcoming CEI benefit dinner, noting that CEI has been a very good friend of VOICE.

11. There being no further items for discussion, Mr. Cohen adjourned the meeting at 8:05 pm.

BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:40 pm, noting sufficient member attendance for quorum. Mr. de Luna participated via FaceTime, in compliance with Open Meeting Law provisions.

2. Mr. Cohen presented the minutes of the October 26 meeting of the board. Upon motions duly made and seconded, the minutes were approved.

3. As the first order of business, Mr. Cohen discussed the recent decision by NYSED not to proceed with the VOICE 2 Charter School application. He mentioned that NYSED cited test scores and application deficiencies as primary factors behind its decision not to proceed. The specific application deficiencies would be outlined in a letter from NYSED.
expected in a few weeks. NYSED has offered encouragement to VOICE staff to resubmit in a future cycle. The Board agreed to discuss this possibility in the new year.

4. On behalf of the Parent Association, Ms. Collier updated the board on actions taken by the Parent Association in the past month, as well as upcoming events, including a Schools For Excellence breakfast (advocacy for charter schools) and Pastry with the Parents (for the families of students in K through 2). Ms. Collier and Mr. Headley co-led a discussion around reactions to the recent Presidential election.

5. Mr. Cohen updated the board on the status of the recently submitted charter amendment proposal to lift the enrollment cap from 650 to 810. He reported that there was a public hearing to be held November 21 at VOICE and encouraged board members to attend. While the date of an official decision from the Department of Education is unknown, Mr. Headley noted that the official response to last year’s proposed charter amendments came in January.

6. Mr. Headley informed the board that he and Mr. Cohen had a productive meeting with Cathy Nolan, the assemblymember who represents Long Island City, and hoped they would to be able to set up a similar meeting with Judy Cheng.

7. On behalf of the Finance Committee, Mr. McGarrigle discussed the financials, noting that revenues continue exactly as budgeted, and expenses are still on target, with labor expenditures slightly ahead of forecast due to beginning-of-year work. He then discussed the process to revamp the benefits package at VOICE and noted that insurance rate increases for the upcoming year would start appearing on next month’s financials.

8. On behalf of the Music Committee, Ms. Enlow spoke to staffing changes, curriculum changes, new partnerships, and physical space challenges. Mr. Headley requested that Mr. Ford check in with the music team over the next few weeks to see what could be done short term and to plan for the future.

9. On behalf of the Admissions Task Force, Mr. Cohen updated the board on the enrollment situation, noting that enrollment remained over 650.

10. On behalf of the Nominating Committee, Mr. Cohen requested that board members fill out a skills analysis sheet to identify professional skills that each board member has to help the nominating committee target recruitment to fill unmet needs when looking for new members.
11. On behalf of the Education and Accountability Committee, Ms. Lamb led a detailed discussion of student assessments. Ms. Collier asked whether extra help would be provided to students who are struggling, and Mr. Doyle provided detail on the role of cut scores. There was additional discussion on related data and on the timing of the next set of assessments.

12. There being no further items for discussion, Mr. Cohen adjourned the meeting at 8:35 pm.

BOARD DELIBERATIONS

1. In Mr. Cohen's absence, Mr. Doyle called the meeting to order at 6:37 pm. While Ms. Enlow participated in discussions via conference call, she did not participate in voting because the call did not meet the Open Meeting Law video conference provisions. Quorum was nevertheless achieved by the other attending board members.

2. Mr. de Luna presented the minutes of the November 16 board meeting. Upon a motion duly made and seconded, the minutes were approved.

3. On behalf of the Education and Accountability Committee, Ms. Lamb reported that the students had just completed the second round of assessments and that the committee would have a full reporting at the January meeting when all the data are available.
4. On behalf of the Music Committee, Ms. Enlow led a discussion about improvements sought by the school's Music Department staff. Mr. Ford reported on interim progress, including the installation of casters on keyboard tables, and other efforts underway, including the engagement of an architect to develop options for better space use. Mr. Headley reported on the success of the holiday concerts, and individual board members reflected on their observations from the performances they attended.

5. On behalf of the Admissions Task Force, Mr. de Luna updated the board on enrollment, noting recent turnover of several students in grades K-2. He speculated that some of the departures might be the holiday-related departures seen every year, just a little earlier than usual. He added that the vacancies had been backfilled, so total enrollment remains over 650. Subsequent discussion focused on attrition from seventh grade and the challenges of new students with special educational needs.

6. On behalf of the Finance Committee, Mr. McGarrigle reported that the school's finances were in good shape, with revenue exactly as budgeted and expenses on target, although increased spending associated with staff benefits were only beginning to appear. Mr. Grassey then led a discussion on health insurance, including the hiring of a new insurance consultant and broker to help craft benefit packages in the coming months. Unrelated, Mr. Grassey reported that the Finance Committee was recommending an increase to the threshold over which contracts must be put out for multiple bids. Following discussion and upon a motion duly made and seconded, the board voted to raise the threshold requiring contracts to be put out to three bids to $20,000 or more.

7. Mr. Headley reported to the board on updates to the school's coaching and leadership support for staff, work done with the guidance of Ms. Lamb.

8. The board went into Executive Session from 7:26 to 7:44 pm to discuss a staffing matter.

9. There being no further items for discussion, Mr. Doyle adjourned the meeting at 7:45 pm.

BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:30 pm. Mr. de Luna acted as meeting secretary.

2. Mr. Cohen presented the minutes of the December 21 meeting of the board. Following a motion duly made and seconded, the minutes were approved.

3. Mr. Headley updated the board on the school's annual trip to Albany, which this year involved the school's second grade. VOICE participated with the organization Families for Excellent Schools.

4. On behalf of the Education and Accountability Committee, Ms. Lamb reported on results for the students' second round of assessments. Few comparisons to earlier data were
possible because of changes in curriculum, question difficulty, and other factors. Board members engaged in an extensive discussion of both test preparation and evaluation of testing data. The scope of the discussion extended to include the topic of teacher recruitment. Board members were invited to share suggestions about data analysis for the future.

5. On behalf of the Audit Committee, Mr. Yarmick reported on a recent committee discussion to review the audit of another local charter school system that had flagged 28 specific failings, many tied to organizational structure. He explained that this was an opportunity for VOICE to do a self-assessment, specifically of organizational structure.

6. Mr. Yarmick also shared a draft of a charter for the Audit Committee. Mr. Cohen asked all committees to draft their own charters over the next two months and proposed following broadly the template that Mr. Yarmick had presented, but also noting that we should be open to other possible templates during the drafting stage.

7. On behalf of the Finance Committee, Mr. McGarrigle reported that, halfway through the fiscal year, the school is on budget. Because enrollment has stayed at or above the school’s enrollment reimbursement ceiling, there has been virtually no variance in revenue. Except for fringe benefits, which have been the outlier because of health insurance costs, expenses have also trended very close to expectations. Mr. McGarrigle next shared the committee’s recommendation that the draft 990, which had previously been made available to the board, be approved. Following a motion duly made and seconded, the 990 was approved.

8. On behalf of the Admissions Task Force, Mr. de Luna updated the board on enrollment, reporting six student departures and seven new enrollments since the last meeting. He noted that the above average turnover was not atypical over the holidays. He added that efforts will continue to add a few more children to first grade.

9. Mr. Cohen reported that, at the next board meeting, there would be a staff presentation on hiring practices and teacher recruitment.

10. Mr. Headley reported that, the following day, he would be presenting on a national Department of Education webinar, talking about VOICE’s efforts to increase staff diversity.

11. Mr. Cohen reported that he and Ms. Lamb have been working on the annual evaluation of Mr. Headley. He also reminded the board that, on Friday, there would be a ceremony to
All students will learn. All students will sing.

officially rename the upper campus after Lena Horne. In addition to speakers, the program would feature singing by VOICE's students.

12. Mr. Cohen then led a discussion of the pros and cons on the hiring of consultants for different purposes. Following discussion and a motion duly made and seconded, the board voted to approve the engagement of an as yet unidentified consultant--for a contract not to exceed $40,000 for a duration of no less than six months--for the purposes of advancing VOICE's community and government relations. The board authorized Mr. Cohen to advance this work.

13. There being no further items for discussion, Mr. Cohen adjourned the meeting at 8:32 pm.

2. Ms. Greenleaf opened the meeting, leading a presentation on staff recruitment, candidate selection, and staff retention. Topics of discussion included recruitment statistics and related data gathering.

3. Mr. de Luna presented the minutes of the January 18 meeting of the board. Following a motion duly made and seconded, the minutes were approved.

4. Mr. Cohen raised for discussion the possibility of establishing a new board committee to focus on human resources issues. The scope could include staff recruitment and staff
diversity. It was decided that he and Ms. Young would pursue the idea, and they invited other board members interested in being a part of the committee to let them know.

5. On behalf of the Finance Committee, Mr. Grassey walked the board through the latest financial data. He noted fiscal improvements as savings from various line items continued to offset increases in the costs of benefits, especially health insurance.

6. On behalf of the Educational Accountability Committee, Ms. Lamb reported that the committee met to review its draft charter and planned to share it with the full board.

7. Mr. Cohen proposed merging the Admissions Task Force and Replication Task Force into a new committee. The initial members would be Mr. de Luna, Ms. Young, and Mr. Cohen. Other board members were invited to join.

8. Mr. Cohen reported that the Department of Education had recommended for approval the proposed charter amendment to increase enrollment numbers for the school. He outlined the next steps and shared his expectation that VOICE would have formal approval by March 15. He then led a discussion exploring space options.

Following discussion Mr. Headley agreed to circulate a Department of Education memorandum on the topic, and Mr. Ford was charged with investigating what other charter schools may be doing in terms of establishing formal policy or protocol.

11. Mr. Headley and Mr. Ford reported that lead had been discovered in the retesting of faucets in PS111. They reported on the Department of Education's role in resolving the problem. The discovery was being reported to the parents of children who use the affected classrooms, and alternative water sources have been made available in the interim. Mr. Ford also reported that the Lena Horne campus would also be retested.
12. Mr. Headley reported on the recent surveying of middle school students, which identified a number of improvements in the past year. The survey's methodology was also discussed.

13. On behalf of the Admissions Task Force, Mr. de Luna provided an updated on enrollment, noting recent trends by grade in attrition and backfill. He reported that the initial application count for 2017-18 looked strong, with well over a thousand applications having been received.

14. At Mr. Cohen's direction, the meeting went into Executive Session from 8:55 to 9:11 to discuss a personnel matter. Following the Executive Session, the meeting was adjourned at 9:12 pm.
