BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:35 pm. Mr. de Luna served as meeting secretary.

2. After a motion duly made and seconded, the minutes of the June 10 board meeting were approved.

3. On behalf of the Finance Committee, Mr. Grassey presented financial data for the end of the fiscal year. Conversation ensued about the timing of certain budgeted items, including the possibility of prepaying certain expenses on the FY20 budget.

4. On behalf of the Education and Accountability Committee, Ms. Biddelman offered a preview of the upcoming committee meeting, which will focus on setting goals for virtual teaching and learning.
5. On behalf of the Nominating Committee, Mr. Guarini noted that the committee has reviewed the committee’s charter and created preliminary objectives for the coming school year. The board’s diversity continues to be a committee focus. Mr. Cohen clarified that each committee will review its charter at the beginning of every school year and submit it to the board for approval.

6. On behalf of the HR Committee, Mr. Karp noted upcoming meeting dates.

7. On behalf of the Music Committee, Mr. Kurien shared the outcomes of three meetings, including the matrixing of the Music Department to enable more robust integration of music in other curricular teaching, the review of content with an eye for any racist bias, and a recalibration of the music curriculum to address the challenges of remote education.

8. In his Principal’s report, Mr. Headley provided an update on training for the school’s teachers and staff on applying trauma-informed practices to the start of the school year. He then outlined the school’s reopening plan and provided the rationale for decisions, all informed by discussions with parents, teachers, and staff. Mr. Cohen noted that the plans take into account guidance from the New York State Departments of Health and Education. A discussion ensued about the turnaround time of COVID testing results, which is an important factor in determining the timing of transitions between the school’s reopening phases. Mr. Headley added that the plan, which needs to be submitted to the State by July 31, would continue to evolve, as the State expects given the fluidity of the pandemic.

9. Mr. Cohen provided further detail about the school’s COVID plan. He walked the board through a draft document that lays out each phase of the plan and what would trigger transitions between phases. After a motion duly made and seconded, the board approved the plan, conditional upon no board member raising any new objections or concerns by August 27. (Any objection would necessitate further discussion and a revote.) The board subsequently discussed how factors would be assessed to determine transitions between phases. After a motion duly made and seconded, the board also approved procedural clarity: Mr. Cohen would be authorized to determine which changes constitute material changes (requiring a board or Executive Committee discussion, depending on timing) and which are nonmaterial (which Mr. Cohen can decide and subsequently inform the board of the decision). For material changes to be decided by the Executive Committee, all board members would be invited to the meeting. Any transition between reopening phases would require a full board vote.

10. The board went into executive session at 7:55 to discuss a real estate matter. No action was taken.

11. The meeting was adjourned at 8:25 pm.

BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:35 pm. Mr. de Luna served as meeting secretary.

2. After a motion duly made and seconded, the minutes of the July 22 board meeting were approved.

3. Mr. Cohen shared the personal news of two board members. Ms. Lamb gave birth to her baby at the beginning of August. Ms. Biddelman has become engaged. Mr. Cohen and the rest of the board congratulated both.

4. On behalf of the Education and Accountability Committee, Ms. Biddelman provided an update on the committee’s recent meeting with school directors, which focused on short-term and aspirational (three-to-five-year) goals, as well as professional development schedules for each division. They also focused on student developmental goals—the different qualities to be developed for students in different grades—and how to align those
developmental goals with VOICE's core values. Mr. Karp added that the Education and Accountability Committee goals would be shared with the HR Committee in order to align student and staff goals and inform staff training across the organization. Subsequent discussion ensued about the possible impact of remote learning on students, including their social-emotional and executive function development. Mr. Headley provided additional context, sharing thoughts about the burdens on working parents and the importance of engagement and building student skills.

5. On behalf of the Finance Committee, Mr. McGarrigle reported that the audit is underway. He then provided an update on the PPP loan forgiveness application and presented July’s financial figures, which included small deviations from budget.

6. On behalf of the HR Committee, Mr. Karp commented on the challenges of working with students and parents virtually and the need for greater emphasis on staff development and alignment with Education and Accountability Committee work. He reported on results of the June staff survey, including staff members' expressions of need for virtual-instruction training. Mr. Headley led subsequent discussions that touched on response rates for staff surveys and efforts to support staff morale during virtual learning.

7. On behalf of the Admissions and Planning Committee, Mr. de Luna shared current enrollment data. He summarized enrollment in the different grades, flagging oversubscription and shortages. He also talked about outreach efforts during the pandemic. Mr. Headley added his thoughts on the possible impact on enrollment as families at other schools address the realities of the promised in-person programming.

8. After a motion duly made and seconded, the 2020-21 VOICE Family Calendar was approved.

9. After a motion duly made and seconded, the 2020-21 VOICE Board of Trustees Calendar was approved.

10. In his Principal's report, Mr. Headley summarized the virtual summer program for students, which was an astounding success, both for parent satisfaction and student engagement. He discussed the start of this year's professional development program, with its connections to staff summer workshops on data inquiry and trauma-informed healing. Mr. Headley reported that 98% of staff who responded to a survey about the school's anti-racism and equity program found the program effective or highly effective. Mr. Cohen added that a training for board members with the same equity consultants is being planned. Mr. Headley concluded with updates on staffing and expected state budget cuts.
11. The board went into executive session at 7:35 to discuss a real estate matter. No action was taken.

BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:35 pm. Mr. de Luna served as meeting secretary.

2. After a motion duly made and seconded, the minutes of the August 26 board meeting were approved.

3. On behalf of the Finance Committee, Mr. McGarrigle reported that there were no surprises in the July or August financials, with expected expenses and no revenue yet for the new fiscal year. Mr. Yarmick added that the annual audit is wrapping up, and the board would have the full report next month.

4. On behalf of the HR Committee, Mr. Karp reported on the committee’s upcoming work on three priorities: the creation of a strategic plan for the HR Department, the four planned staff surveys, and a review of divisional goals, with an emphasis on staff development, for the coming year.
5. On behalf of the Admissions and Planning Committee, Mr. Ford updated the board on student enrollment, which has been steady in recent weeks. Vanguard outreach to prospective kindergarten and first grade students was starting to yield results, with the process to enroll five or six new students underway. Enrollment in the other grades is at or above targets.

6. Mr. Ford presented revisions to VOICE policy and written documents. Changes included adopting the Parents' Bill of Rights for Data Privacy and Security, appending it to the VOICE Family & Student Handbook, and revising the handbook's table of contents to reflect the change. Ensuing discussion touched on whether other changes would be necessary to reflect the school's virtual operation, and Mr. Headley noted that no long-term changes appear to be needed. After a motion duly made and seconded, the Parents' Bill of Rights was approved. And after another motion duly made and seconded, the revision of the Family & Student Handbook was approved.

7. In his Principal's report, Mr. Headley summarized a recent call with VOICE's charter authorizer, the Department of Education, whose staff was complimentary of the school's reopening plan. Conversation among board members ensued about criteria for building closure once the In-School Participation program begins. Mr. Cohen noted that Mr. Headley serves on the Board of Jacob Riis Settlement House, the organization that VOICE has contracted to staff VOICE's In-School Participation program, and VOICE is working with attorneys to ensure that there is no conflict of interest and that appropriate disclosures are made. Mr. Headley noted that most families did not have an extreme need to send their children to the program, and he estimated that 60 children would participate. The rest of his report focused on the possibility of the school being used as a polling site, the success of the school's proactive program to ensure students have the required immunizations, last week's well-attended parent meeting, and the school's ongoing anti-racism work.

8. Mr. Cohen noted that the two-part anti-racism sessions for board members would take place on October 5 and October 8.

9. The board went into executive session at 7:45 to discuss a real estate matter. No action was taken.

10. The meeting was adjourned at 7:53 pm.

3. Old Business
4. New Business

BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:35 pm. Mr. de Luna served as meeting secretary.

2. After a motion duly made and seconded, the minutes of the September 23 board meeting were approved.

3. On behalf of the Audit Committee, Mr. Yarmick presented an overview of the recent audit. Despite increased operating expenditures due to the pandemic, the school remains in a good financial position, and its investments continue to be relatively risk-free. The auditors expressed a high regard for VOICE’s accounting. After a motion duly made and seconded, the audit was approved.

4. On behalf of the Finance Committee, Mr. McGarrigle reported on September's finances, after the first month of the school's new year. He noted higher income than budgeted due to
strong enrollment and special education reimbursement. Spending was also higher in some areas, especially for technology for staff, but the overall budget is in good shape.

5. On behalf of the Education and Accountability Committee, Ms. Biddelman reported on progress in remote teaching and learning, including more small-group instruction and more individual and intervention services. Challenges include tracking data differently. Professional development is also evolving to match the remote instruction, and with staff challenges, it has become more important to recognize all successes. There is also greater focus on incorporating more diversity in the curriculum.

6. On behalf of the HR Committee, Mr. Karp reported on the committee’s recent focus on two topics: supporting staff to attain goals established through the development of student graduate “portraits” within each division, and refining staff development and evaluation frameworks for this year. The committee has also discussed this year’s equity and anti-racism initiative, as well as how to sustain progress.

7. On behalf of the Admissions and Planning Committee, Mr. de Luna provided an update on current student enrollment, noting that overall enrollment is a little above budget, even though kindergarten and first grade are a little under-enrolled. Mr. Headley added that there has been remarkable stability in enrollment, possibly reflecting families’ reluctance to make changes in the current environment.

8. On behalf of the Music Committee, Mr. Kurien praised Ms. Drapek’s leadership of the Music Department, citing a smooth translation of the existing curriculum to virtual instruction. Mr. Headley added that the students’ winter performances may take place in January.

9. In his Principal’s report, Mr. Headley provided updates on the In-School Participation program, which is currently serving approximately 40 students, and the Jacob Riis Settlement House afterschool program. He added that VOICE will hold a memorial event in January for Jawann Haynes, a VOICE dean who died earlier this year; the memorial will include a dedication of the upper campus gymnasium to Mr. Haynes. In general, Mr. Headley summarized parental feedback as very positive about the school’s activities, quite possibly the result of more involved and more frequent interaction between the school and the families, yielding greater transparency and understanding. He provided an update on the school's work on racial equity, which was followed by a discussion about the challenges of testing during remote instruction.

10. The board went into executive session at 7:33 pm to discuss real estate matters. No actions were taken.
11. The meeting was adjourned at 8:03 pm.

The board also discussed the use of Jacob Riis staff members who oversee the In-School Participation program in support of virtual instruction during the program’s pause. 4. On behalf of the Finance Committee, Mr. McGarrigle reported on December’s finances. Continuing recent trends, revenue was higher than budgeted due to strong enrollment and special education reimbursement, and expenses were higher than budgeted due to COVID-related expenditures. Discussion ensued about the possibility of new federal support.
5. Mr. Headley discussed his research on augmenting the life insurance benefit for staff, which would involve a modest expense for the school. Additional examination of the terms of the policy is underway.

2. After a motion duly made and seconded, the minutes of the January 13 board meeting were approved.

3. On behalf of the Education and Accountability Committee, Ms. Biddleman outlined the work associated with establishing school-wide goals and metrics for the current school year. She and Mr. Headley noted that these goals and metrics will necessarily be different because of remote teaching and learning.

4. On behalf of the Finance Committee, Mr. Grassey detailed a plan to increase life insurance coverage for the school's staff for a modest cost. The upgrade will increase the coverage from one times salary to three times salary, at a cost to the school of less than $25,000.
5. Also on behalf of the Finance Committee, Mr. McGarrigle reported on January’s finances, noting that the picture remains the same. Despite above-budget revenue, COVID-related expenses are resulting in the school’s overall finances being modestly below budget.

6. On behalf of the Admissions and Planning Committee, Mr. de Luna provided an update on student enrollment, noting that it remains steady and a little above budget, despite kindergarten and first grade still being under-enrolled. Paper applications received for next year trail numbers from previous years, necessitating additional strategies for recruitment.

7. On behalf of the Nominating Committee, Mr. de Luna noted that a candidate is undergoing assessment for board consideration, and the process will continue to take time, including the candidate’s attendance at a minimum of two board meetings. Led by Mr. Kurien, discussion ensued on the needed qualifications of new board candidates and the desire to find more diverse candidates who better represent the communities that VOICE serves.

8. On behalf of the HR and Talent Committee, Mr. Karp provided an update on the committee’s most recent discussions, which focused on qualification wishes for a new board member, anticipated staffing needs for next year, ongoing equity and anti-racism training, a staff survey, and a review of the staff handbook.

9. In his Principal’s report, Mr. Headley provided an update on bus and subway advertisements to attract new students. He also discussed efforts to get staff vaccinated against COVID-19, noting that more than 50 percent are already vaccinated and expectations are that 70 percent will be vaccinated by April. A corollary effort has staff working to help the family members of VOICE students getting appointments to be vaccinated. He also addressed potential scenarios for reopening the school to in-person attendance and instruction, perhaps as soon as April. Participation will be voluntary for both students and staff. Also on the table are the beginnings of plans for summer school.

Ms. O’Connor provided greater detail about response differences among VOICE’s divisions.
5. Mr. Ford introduced the district safety plan, which outlines response plans in the event of school-based emergencies. Discussion ensued and touched on the current school security staff. After a motion duly made and seconded, the safety plan was approved substantially in the form presented to the board.

6. On behalf of the Admissions and Planning Committee, Mr. de Luna provided an update on student enrollment. While enrollment changed more than in previous months—five students departed—overall enrollment remains above budget and turnover has been much lower than in most years. Regarding applications for next year, the numbers overall are down, but application types that have traditionally been the most likely to turn into attending student (e.g., paper applications and direct applications) are up; most of the decline is in Common App applications, which have typically yielded a much lower percentage of attending students. Mr. Ford provided an update on an ongoing advertising campaign aimed at attracting new student families. Discussion ensued based on the committee's recommendation for the number of free lunch preference spots to allocate this year. After a motion duly made and seconded, seven free/reduced lunch preference spots for 2021-22 enrollment were approved.

7. On behalf of the Finance Committee, Mr. McGarrigle reported on February’s finances, underscoring consistency with the narrative of recent months. Despite above-budget revenue, COVID-related expenses are resulting in the school's overall finances being modestly below budget. Conversation ensued about budgeting for future staffing needs and addressing post-pandemic trauma.

8. Mr. Cohen noted that the 990 form, a draft of which had previously been shared with board members for review, would be submitted the following day.

9. He also discussed his ongoing discussions with parents and shared some of their wishes and concerns. Dr. Valbrun urged Mr. Headley and the trustees to carefully consider those students who do better during remote programming in planning for the coming school year and beyond. Conversation ensued about the different experiences that
students have had during remote instruction and how to ensure equity. Mr. Headley concluded by updating the board with the status of staff vaccinations.

11. The board went into executive session at 8:21 pm to discuss a real estate matter. No action was taken.
