MISSION STATEMENT

The mission of VOICE Charter School is to create a safe and healthy learning environment that will nurture, motivate, and challenge all of our children to achieve the highest level of academic excellence and to develop into mindful, responsible, contributing participants in their education, their community, and the diverse society in which we live.

g. KEY DESIGN ELEMENTS (Regents, NYCDOE, and Buffalo BOE authorized schools only)

KEY DESIGN ELEMENTS (Briefly describe each Key Design Elements (KDE) as presented in the schools approved charter. KDEs are those general aspects of the school that are innovative or unique to the school’s mission and goals, are core to the school’s overall design, and are critical to its success.

| KDE 1 | At VOICE staff and leadership believe that all students are capable of performing at high levels; and that adults are responsible for cultivating the right conditions and employing effective strategies to ensure that each student finds success. VOICE provides rigorous instruction and practice in all subjects, including the arts, to equip students with the habits and skills necessary to enter competitive high schools and eventually pursue high-level work in the area of their choice. Despite limited resources in our area, we believe in offering a pedagogy of choice rather than one of poverty. |
| KDE 2 | VOICE implements a rigorous, Common Core-aligned curriculum, utilizing Teachers College and EngageNY, to ensure that students are prepared to reach mastery in ELA and math. A spiraling curriculum in all subject areas allows students to build upon and develop skills and strategies at each level of instruction. |
| KDE 3 | Unique to VOICE is arts-infused model in which students take 5-10 arts/music classes per week. |
Rather than treating the arts as enrichment, we see these disciplines as necessary in exploring a full spectrum of modes of thinking, individual practice, group dynamics, and the world's cultural heritage. As such the arts programs at VOICE are taught with the same level of rigor, assessment, and differentiation as the core subjects.

KDE 4

We are a Professional Learning Community. VOICE's organizational culture is one that privileges collaboration, team decision-making and peer leadership among staff. It is the responsibility of the Board and Principal to provide the necessary supports for this type of community to flourish: open communication, access to resources, professional development, opportunities for upward mobility, and a safe, joyful, student-oriented environment.

KDE 5

A defining feature of our school is not only to engage in constant dialogue about our school values, formally and informally, among school staff, students, and parents. Regular professional development sessions and staff meetings are dedicated to teaching and learning school culture. School values concepts are integrated across subject areas and referenced often as touchstones of our school's community.

Instructions for submitting Enrollment and Retention Efforts

ALL charter schools must complete this section. Describe the good faith efforts the charter school has made in 2020-2021 toward meeting targets to attract and retain the enrollment of Students with Disabilities (SWDs), English Language Learners (ELLs), and students who are economically disadvantaged. In addition, describe the school’s plans for meeting or making progress toward meeting its enrollment and retention targets in 2021-2022.

The number of SNAP seats is set by the board and is calculated to a number to ensure incoming students do not skew the school’s FRPL percentage below the target. The school discusses meal programs at the open house, on its application, and during tours. Support is offered to assist families in completing all necessary paperwork to ensure eligible students participate in the lunch program and are enrolled in FRPL programs if determined to be eligible. VOICE conducts outreach through Urban Upbound, Hour Children, and the Boys and Girls Club of Astoria, so our application can reach families receiving their services.

English Language Learners

The school advertises in Spanish, the language that predominates in our area. We also conduct outreach at local preschools and private daycare providers with multilingual staff. Advertising and school materials are translated as needed and translation services are provided with sufficient notice. The school contacts trusted service providers of immigrant communities, such as CHHAYA, to inform them and their clients of VOICE. VOICE provides applications to existing ELL parents and encourages them to reach out.

In 2020-21, our percentage of ED students exceeded the district by 12 percentage points. We are continuing all of our previous efforts to continue attracting and enrolling this population.

Going forward, we will continue the recruitment efforts listed to the left.

English feel supported in their native language (through interpretation services) and kept involved in the school community (through events and curriculum that recognize their community’s contributions). VOICE continually works to improve non-English, non-Spanish speaking parental involvement and linguistic support. 

Students with Disabilities

VOICE uses the approaches of Integrated Co-Teaching (ICT), Special Education Teacher Support Services (SETSS), and counseling to provide an inclusive education to all students. To improve the retention rate of SWD, the intervention team coordinates with classroom teachers, parents, and the CSE to ensure that the mandates of each student’s IEP are met. Similar to our ELLs program, our supports for SWD are robust. We will continue to ensure that SWDs are holistically supported as a strategy to support retention of this group.

**Entry 10 - Teacher and Administrator Attrition**

**Completed**  Nov 1 2021

**Form for "Entry 10 - Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation**
A. TEACH System - Employee Clearance

Charter schools must ensure that all prospective employees[1] receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, or related/contracted service providers. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is not employed by the school.

[1] Employees that must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers. See NYSED memorandum dated October 1, 2019 at http://www.p12.nysed.gov/psc/aboutcharterschools/lawsandregs/EmployeeFingerprintOct19.pdf or visit the NYSED website at: http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.
**B. Emergency Conditional Clearances**

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must simultaneously request clearance through NYSED TEACH, and the school’s emergency conditional clearance of the employee terminates **automatically** once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school’s emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee’s emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

INDEPENDENT AUDITOR’S REPORT

To the Board of Trustees
VOICE Charter School
New York, New York

Report on the Financial Statements

We have audited the accompanying financial statements of VOICE Charter School (the “School”), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of VOICE Charter School as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.
Other Matter

The financial statements of VOICE Charter School as of and for the year ended June 30, 2020 were audited by MBAF CPAs, LLC ("MBAF"), whose partners and professional staff joined BDO USA, LLP as of January 16, 2021, and has subsequently ceased operations. 1. NATURE OF THE ORGANIZATION

VOICE Charter School (the “School”) aims to create a safe and healthy learning environment that will nurture, motivate, and challenge all of our children to achieve the highest level of academic excellence and to develop into mindful, responsible, contributing participants in their education, their community, and the diverse society in which we live. The School incorporates music into a rigorous academic program. On January 15, 2008, the Board of Regents of the University of the State of New York granted the School a provisional charter valid for a term of five years and renewable upon expiration. The charter was renewed for an additional 5 years on January 15, 2013 for the period ending June 30, 2018. On March 12, 2018, the charter was renewed for an additional 5 years for the period ending June 30, 2023.

On October 3, 2008, the School, as determined by the Internal Revenue Service, was approved for Federal income tax exemption under section 501(a) of the Internal Revenue Code (“IRC”) as an organization described in Section 501(c)(3) of the IRC. It is also currently exempt under a similar provision under New York State income tax laws. The School has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) of the IRC and qualifies for deductible contributions as provided in section 170(b)(1)(A)(ii) of the IRC. The School’s primary sources of income are government grants, contracts, and per pupil funding. VOICE Charter School, located in Long Island City, Queens, primarily educates children residing in District 30.

In fiscal year 2021, the School operated classes for students in kindergarten through eighth grade.

2. SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Presentation

The School’s financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

The classification of the School’s net assets and its support, revenues, and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of the two classes of net assets – with donor restrictions or without donor restrictions – be displayed in a statement of the financial position and that the amount of change in each of those classes of net assets be displayed in a statement of activities.

These classes are defined as follows:

**Net Assets with Donor Restrictions** consist of contributions and other inflows of assets whose use is subject to donor-imposed restrictions that are more specific than broad limits reflecting the nature of the not-for-profit entity, the environment in which it operates and the purposes specified in its articles of incorporation or bylaws or comparable documents. Donor-imposed restrictions may be temporary in nature, such as stipulating that resources may be used only after a specified date or limited to specific programs or services. Certain donor-imposed restrictions are perpetual in nature.

**Net Assets without Donor Restrictions** consist of contributions and other inflows of assets whose use is not subject to donor-imposed restrictions. This net asset category includes both contributions not subject to donor restrictions and exchange transactions, and are, therefore, available for general operations.

At June 30, 2021, the School had no assets with donor restrictions.

**Cash and Cash Equivalents**

The School considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.
2. **SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Cash – Restricted**

An escrow account in the amount of $70,000 was held aside under the provisions of the School’s charter to pay for legal and audit expenses that would be associated with a dissolution should it occur, as required by the New York State Education Department for the years ended June 30, 2021 and 2020.

**Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Grants and Other Receivables**

Grants and other receivables represent unconditional promises by government agencies and donors. Grants and other receivables that are expected to be collected within one year and recorded at net realizable value amount to $403,443 and $396,555 at June 30, 2021 and 2020, respectively. The School evaluates the collectability of the receivables and employs the allowance method. The School has determined that no allowance for uncollectible accounts is necessary as of June 30, 2021 and 2020. Such estimate is based on management’s assessments of the aged basis of its receivables, as well as current economic conditions and historical information.

**Contributions**

Transfers of cash or other assets or settlement of liabilities that are both voluntary and nonreciprocal are recognized as contributions.

Contributions may either be conditional or unconditional. A contribution is considered conditional when the donor imposes both a measurable barrier and a right of return. Conditional contributions are recognized as revenue on the date all donor-imposed barriers are overcome or explicitly waived by the donor. Barriers may include specific and measurable outcomes, limitations on the performance of an activity and other stipulations related to the contribution. A donor has a right of return of any assets transferred or a right of release of its obligation to transfer any assets in the event the School fails to overcome one or more barriers. Assets received before the barrier is overcome are accounted for as refundable advances.

Unconditional contributions may or may not be subject to donor-imposed restrictions. Donor-imposed restrictions limit the use of the donated assets as to time or purpose restrictions.

Contributions subject to donor restrictions are recognized in changes in net assets with donor restrictions. When a purpose restriction is satisfied or when a time restriction expires, the contribution is reported as net assets released from restrictions and is recognized in changes in net assets without donor restrictions in the statement of activities.
2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Per-Pupil Revenue

The School recognizes revenues from per-pupil funding in the fiscal year in which the academic programs are provided. Per-pupil revenue is billed and received based on the total number of full-time equivalent (FTE) students and the basic charter school tuition rate for the school district of residence of the students attending the School in any given fiscal year for general education and special education. The FTE is formula-driven and based on the number of days the student has been with the School as a proportion of the number of days in the entire school year (the calculation is done by using the New York State calculator online). The School’s total student population includes general education and special education students. The School has determined that revenue from its students has the same performance obligations, types of contract, and services rendered. As a result, the student body is viewed as one customer base for revenue purposes. The School uses a portfolio approach to account for per-pupil contracts as a collective group rather than recognizing revenue on an individual-contract basis. The School believes that revenue recognized by utilizing the portfolio approach approximates the revenue that would have been recognized if an individual contract approach were used.

Per-pupil invoicing is managed on a bi-monthly basis to the funding source (local school district). Billing is a function of student enrollment for the upcoming fiscal year, which is the basis for the first two invoices per-pupil due June 1st and July 31st, which is a projection. Subsequent invoices are due bi-monthly. With the implementation of an automated-invoicing process through a dedicated website, the submission of each invoice is done online. After the year is complete, the School submits the FTE per-pupil reconciliation, listing every student who attended any part of the year, and the FTE each represents. Based on this final count, it calculates how much should have been paid to the School and included in the reconciliation will be any amounts due from the funding source included in grants and other receivables on the statement of financial position at year end, or any amounts payable to the funding source included as a liability on the statement of financial position at year end.

Additional funding is also provided to support special education services. All students who are identified to need special education services or settings have an Individualized Education Program (“IEP”), formalized for his or her unique needs. Based on this IEP, the student is categorized into one of three levels of service: 0-20% service, 20-60% service, or 60% or more service required and provided by the School. For a student receiving less than 20% in services, no additional funding is received. For a student receiving services between 20% and 60% and 60% or more services of the school day, additional funding per FTE is received. Billing for this support is incorporated into the per-pupil invoices and is also settled in the same FTE per-pupil reconciliation process.

As the students receive the benefit of these services simultaneously as the School is providing them, the School recognizes per-pupil revenue from these services over time. The School believes that this method provides a reasonable depiction of the transfer of services over the term of the performance obligation based on the services needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to students receiving academic or school services. The School measures the performance obligation from admission or enrollment into the School to the point when the student is discharged or the end of the school year where it is no longer required to provide services to the student, which is generally at the time of discharge or the completion of the school year. All of these services are bundled and considered a single-performance obligation, and as such, the School accounts for these bundled-performance obligations under state and local per pupil operating revenue in the statement of activities and recognizes the per-pupil revenue over time.

Government Grants

Revenue from federal, state, and local government grants and contracts is recognized by the School when qualifying expenditures are incurred and billable to the government, or when required services have been provided.
2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

Contract Assets and Contract Liabilities

In accordance with Accounting Standards Codification (ASC) 606, contract assets are to be recognized when an entity has the right to receive consideration in exchange for goods or services that have been transferred to a customer when that right is conditional on something other than the passage of time. The School does not recognize contract assets, as the right to receive consideration is unconditional in accordance with the passage of time criteria. Also, in accordance with ASC 606, contract liabilities are to be recognized when an entity is obligated to transfer goods or services for which consideration has already been received. The School does not receive consideration prior to the transfer of goods or services and, therefore, does not recognize contract liabilities.

Contributions of Nonfinancial Assets

The School may receive contributed services that are an integral part of its operations. Such services are only recorded as contributions of nonfinancial assets, at their fair value, provided the services create or enhance nonfinancial assets, require specified skills provided by individuals possessing those skills, and typically need to be purchased, if not provided by donation.

The School receives donated space from the New York City Department of Education (“NYCDOE”) that it shares with a New York City public school (Note 5). The donated space will be used for operating, general and administrative activities. In valuing the donated space, which is located in Long Island City, New York, the School estimated the fair value on the basis of the cost per square foot that is currently being paid for a similar space in Long Island City’s real estate market.

Property and Equipment

Property and equipment are stated at cost and are depreciated on the straight-line method over the estimated useful lives of the assets. Leasehold improvements are amortized over the lesser of the useful life of the asset or the lease term. The School has established a $5,000 threshold above which assets are capitalized. Property and equipment acquired with certain government contract funds is recorded as expenses pursuant to the terms of the contract in which the government funding source retains ownership of the property. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized, based on the established threshold. Construction in progress is not depreciated until it is placed into service.

Impairment

The School reviews long-lived assets to determine whether there has been any permanent impairment whenever events or circumstances indicate the carrying amount of an asset may not be recoverable. If the sum of the expected future undiscounted cash flows is less than the carrying amount of the assets, the School recognizes an impairment loss. No impairment losses were recognized for the years ended June 30, 2021 and 2020.

Deferred Rent

In accordance with U.S. GAAP, rent expense is recognized on a straight-line basis over the life of the lease, including future scheduled escalations of rent, rather than in accordance with lease payments. Deferred rent represents the adjustment to future rents as a result of using the straight-line method.

Functional Allocation of Expenses

The costs of providing programs and other activities have been summarized on a functional basis and by natural classification in the accompanying statement of activities. Accordingly, certain costs have been allocated among the respective programs and activities according to the functional categories, as follows:

- **Program Services** – This category represents expenses related to general education and special education for certain students requiring additional attention and guidance. The underlying allocation basis used is salary expense.

- **Management and General** – This category represents expenses related to the overall administration and operation of the School that are not specific to any program services or development. The underlying allocation basis used is salary expense.

Subsequent Events

The School has evaluated events through October 19, 2021, which is the date the financial statements were available to be issued.

Income Taxes

The School is exempt from federal, state and local income taxes under Section 501(c)(3) of the Internal Revenue Code (the “IRC”) and, therefore, has made no provision for income taxes in the accompanying financial statements. In addition, the School has been determined by the Internal Revenue Service not to be a “private foundation” within the meaning of Section 509(a) of the IRC. There was no unrelated business income for the year ended June 30, 2021.

Under U.S. GAAP, an organization must recognize the tax benefit associated with tax positions taken for tax-return purposes when it is more likely than not that the position will not be sustained upon examination by taking a taxing authority. The School does not believe it has taken any material uncertain tax positions and, accordingly, it has not recorded any liability for unrecognized tax benefits. The School is subject to routine audits by a taxing authority. As of June 30, 2021, the School was not subject to any examination by a taxing authority.

Investments

Investments are recorded at fair value based upon quoted market prices. Investment return includes dividends, interest, and realized and unrealized gains and losses on investments carried at fair value. Investment return is recorded as income without donor restrictions in the statements of activities.

Fair Value Measurements and Fair Value – Definition and Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Accounting standards establish a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the most observable units be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the School. Unobservable inputs reflect the School’s assumptions about inputs used by market participants at the measurement date. The fair value hierarchy is categorized into three levels based on inputs as follows:

- **Level 1** - Valuation based on quoted prices in active markets for identical assets or liabilities that the School has the ability to access.
2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements and Fair Value – Definition and Hierarchy (Continued)

Level 2 - Valuation based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuation based on inputs that are unobservable and significant to the overall fair value measurement.

Adopted Accounting Pronouncements

Revenue from Contracts with Customers (Topic 606)

During the year ended June 30, 2021, the School adopted Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers (Topic 606), as of July 1, 2020 using the modified-retrospective approach. This guidance requires an entity to recognize revenue to depict the transfer of promised goods and services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for these goods or services. The School’s revenue is derived primarily from per-pupil revenue for services provided to students. Per-pupil revenues are recognized as revenue over the course of the academic school year or program for which it is earned. The adoption of ASU 2014-09 did not result in a material change to the timing of when revenue is recognized.

Recent Accounting Pronouncements

Lease Accounting

In February 2016, the Financial Accounting Standards Board (“FASB”) issued ASU 2016-02, Leases, which will require lessees to recognize a lease liability, which is a lessee’s obligation to make lease payments arising from a lease, measured on a discounted basis; and a right-of-use asset, which is an asset that represents the lessee’s right to use, or control the use of, a specified asset for the lease term. The standard is effective for non-public business entities for fiscal years beginning after December 15, 2021. The School is currently evaluating the impact of the adoption of ASU 2016-02.

Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets

In September 2020, the FASB issued ASU 2020-07, Presentation and Disclosures by Not-For-Profit Entities for Contributed Nonfinancial Assets (Topic 958). The update requires not-for-profits to present contributed nonfinancial assets as a separate line item on the statement of activities, and to disclose information regarding each type of contributed nonfinancial assets. The update is effective for financial statements issued for fiscal years beginning after June 15, 2021, and interim periods within fiscal years beginning after June 15, 2022, with early application permitted. The School is currently evaluating the impact of the adoption of ASU 2020-07.

3. LIQUIDITY AND AVAILABILITY OF RESOURCES

The School maintains a policy of structuring its financial assets to be available as its general expenditures, liabilities and other obligations come due. The School’s management meets monthly to address projected cash flows to meet its operational expenditures. In addition, the School invests excess cash in U.S. Government Securities and a money market fund, which are highly liquid investments.

4. INVESTMENTS

Determination of Fair Values

The valuation methodologies used to determine the fair values of assets and liabilities under the “exit price” notion reflect market-participant objectives and are based on the application of the fair value hierarchy that prioritizes observable market inputs over unobservable inputs. The School measures the fair values of the U.S. Government Securities based on quoted market prices.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the School believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The School's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position and the statements of activities.

The following tables present by level, within the fair value hierarchy, the School’s investments at fair value as of June 30, 2021 and 2020. As required by fair value measurement accounting standards, investments are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

5. AGREEMENT WITH SCHOOL FACILITY

The School shares space with P.S. 111 Jacob Blackwell, a New York City public school, located at 37-15 13th Street, Queens, New York 11101. As part of the New York City Chancellor’s Charter School Initiative, the NYCDOE has provided this space to the School at no charge. The services provided by the NYCDOE to the charter school, such as rent, utilities, custodial services, maintenance, and safety services are also provided at no cost.

The School is using a relative valuation model to measure the fair value of the donated space. The NYCDOE has not provided a value for the space and there is no lease or agreement in place. In applying the valuation model, significant inputs include the total square footage of space occupied by the School. Based on such assumptions, the School applies a relative cost per square foot calculated using current lease terms from their similar facility in Long Island City.

The School occupies approximately 8,830 square feet at this location. The value of the space and related utilities and services allocated to the School calculated by applying the relative valuation model is not significant and, therefore, is not recorded in the financial statements.

Depreciation and amortization expense for the years ended June 30, 2021 and 2020 was $289,518 and $314,240, respectively.

7. CONSTRUCTION IN PROGRESS

The School is undergoing construction at its St. Rita location in order to bring the building up to code and receive a new certificate of occupancy from the City due to the expansion of the School. The School operates on a work-order basis and has not entered into any long-term contracts. At June 30, 2021 and 2020, construction in progress was $356,483 and $314,240, respectively.

At June 30, 2021, the projects have been substantially completed. The School will place the remaining construction in progress into service upon receipt of the certificate of occupancy from the City.
8. LOAN PAYABLE - PAYCHECK PROTECTION PROGRAM

In May 2020, the School received loan proceeds in the amount of $1,883,624 (the “PPP Loan”), under the Paycheck Protection Program (“PPP”). The PPP was established as part of the Coronavirus Aid, Relief and Economic Security Act (“CARES Act”) which was enacted March 27, 2020. The PPP Loan, which was in the form of a promissory note, dated May 2, 2020, issued by the School, originally matured on May 2, 2022, and bore interest at a rate of 1.0% per annum.

The CARES Act and the PPP provide a mechanism for forgiveness of up to the full amount borrowed. The amount of the loan proceeds eligible for forgiveness is based on a formula that takes into account a number of factors, including the amount of loans proceeds used by the School during the 24-week period after the loan origination for certain eligible purposes including payroll costs, interest on certain mortgage obligations, rent payments on certain leases, and certain qualified utility payments, provided that at least 60% of the loan amount is used for eligible payroll costs; the employer maintaining or rehiring employees and maintaining salaries at certain levels; and other factors. Subject to other requirements and limitations on loan forgiveness, only loan proceeds spent on payroll and other eligible costs during a covered eight-week or twenty-four-week period qualify for forgiveness. Any forgiveness of the PPP loan is subject to approval by the Small Business Administration. At June 30, 2020, the PPP Loan is included in total liabilities on the accompanying statements of financial position.

On December 21, 2020, the School received notification from the Small Business Administration that the School’s forgiveness application of the PPP Loan and accrued interest was approved in full, and the School has no further obligations related to the PPP Loan. Accordingly, the School recorded a forgiveness of debt of the PPP Loan in the accompanying statements of activities at June 30, 2021.

9. PENSION PLAN

The School participates in the Teachers’ Retirement System of the City of New York (“TRS” or the “Plan”), which covers principals and teachers. Employees enrolled in the Plan are required to contribute up to 6% depending on when they enrolled in the Plan. Employees become vested in the School’s contribution to the Plan after ten years of service. The School’s contribution is a rate based on actuarial assumptions and methods. During the years ended June 30, 2021 and 2020, the School used a rate of 11.78 and 9.83%, respectively.

For the years ended June 30, 2021 and 2020, the School incurred pension expense of $898,405 and $540,401, respectively, which is included in retirement benefits in the accompanying statements of functional expenses.

Accounting standards require employers participating in multiemployer plans to provide detailed quantitative and qualitative disclosures for these plans. TRS, which is sponsored by the City of New York, does not impose an expiration date on participating employers. The zone status is consistent with the Pension Protection Act and is for the Plan’s year-end at June 30, 2020. The zone status is based on information provided in the TRS Comprehensive Annual Financial Report, which includes information from TRS’ actuary and is certified by TRS’ auditor. Among other factors, plans in the red zone are generally less than 65 percent funded, plans in the yellow zone are less than 80 percent funded and plans in the green zone are at least 80 percent funded. TRS did not report a rehabilitation plan. Information related to the Plan is comprised of the following:

Employees may also participate in a Tax-Deferred Annuity (“TDA”) Program, which is defined-contribution pension plan. Employees may contribute as little as 1% of their salary to the TDA Program and as much as their designated Maximum Contribution Rate. This rate is based on their salary and the allowable maximum contribution amount the Internal Revenue Service (“IRS”) has established for that year.
9. PENSION PLAN (CONTINUED)

In July 2014, the School opted to participate in a 403(b) Plan, which is open for salary reduction contributions to all employees of the School. There is a base and match contribution given to employees who are at least 21 years of age and who have reached the minimum service requirement of at least six months of eligibility service at the School. Eligibility service is defined as service in a salaried position that does not qualify as a TRS position. The vesting period for the 403(b) Plan is based on a vesting table where it takes two years to be partially vested and six years to be fully vested. The 403(b) Plan calls for the School to make a base contribution of 3.5% of an eligible employee’s salary and match 100% of an eligible employee’s contribution up to 10% of their fiscal year salary. The base and matching contributions will not be offered to employees who participate in the TRS plan. The School incurred 403(b) Plan expenses of $81,069 and $103,634 for the years ended June 30, 2021 and 2020, respectively, which is included in retirement benefits in the accompanying statements of functional expenses.

10. RISK MANAGEMENT

The School is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; injuries to employees; and natural disasters. The School maintains commercial insurance to help protect itself from such risks. The School also intends to defend its positions on these matters. As of June 30, 2021, there are no matters for which the School believes the ultimate outcome would have a material adverse effect on the School’s financial position.

The School entered into contractual relationships with certain governmental funding sources. The governmental agencies may request return of funds as a result of noncompliance by the School, as well as additional funds for the use of facilities. The accompanying financial statements make no provision for the possible disallowance or refund. The School is of the opinion that such cost disallowances, if any, will not have a material effect in the School’s financial statements.

On March 27, 2020, the CARES Act was signed into law in response to the coronavirus (COVID-19) pandemic. The CARES Act includes many measures to provide relief to companies and organizations. Under the CARES Act, the Local Education Agencies (LEAs) received funds from the Elementary and Secondary School Emergency Relief (“ESSER”) fund to provide equitable services to students and teachers in non-public schools. The School was granted funds to defray the COVID-19 outbreak costs under the aforementioned ESSER fund during the year ended June 30, 2021.

11. CONCENTRATIONS

Financial instruments that potentially subject the School to concentrations of credit risk consist principally of cash deposits. Accounts are insured by the Federal Deposit Insurance Corporation up to $250,000.

The School received approximately 91% and 90% of its total revenue from per pupil funding from the NYCDOE during each of the years ended June 30, 2021 and 2020, respectively.

The School’s grants and other receivables consist of three major grantors at June 30, 2021. The School’s grants and other receivables consist of two major grantors at June 30, 2020.

12. COMMITMENT AND CONTINGENCIES

The School leases facilities under two operating leases with The Roman Catholic Church of St. Rita (the “Church”) at 36-24 12th Street, Long Island City, New York 11106. In June 2011, the School entered into a lease agreement with the Church for leasing the school building and the immediately adjoining sidewalk and pavement area. The lease term is from July 1, 2011 to June 30, 2031. In November 2020, the School entered into a lease agreement with the Church for leasing a portion of the lower Church. The lease term is from December 1, 2020 to June 30, 2025. The aggregate future minimum rental lease payments are as follows:

Rent expense and occupancy costs for the years ended June 30, 2021 and 2020 was $716,620 and $684,753, respectively, and is included in occupancy and facility costs on the statements of functional expenses.

On December 10, 2020, the School entered into a Facilities Transition Agreement (the “Agreement”) with Growing Up Green Charter School (“GUG”), A New York not-for-profit education corporation having an address at 36-49 11th Street, Long Island City, NY 11101. The landlord of the GUG premises is the Church. The Agreement is for GUG to transfer its interest in the GUG premises to the School, so that the GUG premises can become part of the VOICE Charter School premises all under one lease between the School and the Church. The terms of the Agreement state the transfer date of GUG premises to the School is expressly conditioned upon GUG’s new facility being completed, with an anticipated delivery date of July 1, 2022. Per the Agreement, the School is obligated to pay a transition fee in the amount of $1,000,000 for the improvements GUG made to the GUG premises. On the commencement date of the Agreement, the School paid a down payment of $200,000 (the “down payment”) which is included in prepaid expenses and other assets in the accompanying statements of financial position at June 30, 2021. The Down Payment is held in an escrow by GUG’s counsel. The remaining balance of the transition fee, amounting to $800,000 is payable, and the Down Payment is to be released upon GUG vacating the GUG premises in accordance with the Agreement.

The School is currently in discussion to enter into a new lease with the Church for leasing the GUG premises. The lease is for the school building, the immediately adjoining sidewalk and pavement area, another building and the associated rear play yard and has a duration of twenty years. As part of the lease agreement, the School will pay a security deposit of $105,700 which is included in prepaid expenses and other assets in the accompanying statements of financial position at June 30, 2021. The terms of the agreement have not yet been finalized as of the date the financial statements were available to be issued, and the School has not taken possession of the premises.
Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Board of Trustees
VOICE Charter School
New York, New York

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of VOICE Charter School (the “School”), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated October 19, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School’s internal control. Accordingly, we do not express an opinion on the effectiveness of the School’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.
Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the School’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Date and Time:  July 22, 2020, 6:35 pm to 8:25 pm

Location:  Zoom Virtual Meeting

AGENDA ITEMS

1. Approval of Board of Trustee Meeting Minutes
2. Committees and Task Forces
3. Old Business
4. New Business

BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:35 pm. Mr. de Luna served as meeting secretary.

2. After a motion duly made and seconded, the minutes of the June 10 board meeting were approved.

3. On behalf of the Finance Committee, Mr. Grassey presented financial data for the end of the fiscal year. Conversation ensued about the timing of certain budgeted items, including the possibility of prepaying certain expenses on the FY20 budget.

4. On behalf of the Education and Accountability Committee, Ms. Biddelman offered a preview of the upcoming committee meeting, which will focus on setting goals for virtual teaching and learning.
5. On behalf of the Nominating Committee, Mr. Guarini noted that the committee has reviewed the committee's charter and created preliminary objectives for the coming school year. The board's diversity continues to be a committee focus. Mr. Cohen clarified that each committee will review its charter at the beginning of every school year and submit it to the board for approval.

6. On behalf of the HR Committee, Mr. Karp noted upcoming meeting dates.

7. On behalf of the Music Committee, Mr. Kurien shared the outcomes of three meetings, including the matrixing of the Music Department to enable more robust integration of music in other curricular teaching, the review of content with an eye for any racist bias, and a recalibration of the music curriculum to address the challenges of remote education.

8. In his Principal’s report, Mr. Headley provided an update on training for the school's teachers and staff on applying trauma-informed practices to the start of the school year. He then outlined the school's reopening plan and provided the rationale for decisions, all informed by discussions with parents, teachers, and staff. Mr. Cohen noted that the plans take into account guidance from the New York State Departments of Health and Education. A discussion ensued about the turnaround time of COVID testing results, which is an important factor in determining the timing of transitions between the school's reopening phases. Mr. Headley added that the plan, which needs to be submitted to the State by July 31, would continue to evolve, as the State expects given the fluidity of the pandemic.

9. Mr. Cohen provided further detail about the school's COVID plan. He walked the board through a draft document that lays out each phase of the plan and what would trigger transitions between phases. After a motion duly made and seconded, the board approved the plan, conditional upon no board member raising any new objections or concerns by August 27. (Any objection would necessitate further discussion and a revote.) The board subsequently discussed how factors would be assessed to determine transitions between phases. After a motion duly made and seconded, the board also approved procedural clarity: Mr. Cohen would be authorized to determine which changes constitute material changes (requiring a board or Executive Committee discussion, depending on timing) and which are nonmaterial (which Mr. Cohen can decide and subsequently inform the board of the decision). For material changes to be decided by the Executive Committee, all board members would be invited to the meeting. Any transition between reopening phases would require a full board vote.

10. The board went into executive session at 7:55 to discuss a real estate matter. No action was taken.

11. The meeting was adjourned at 8:25 pm.

BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:35 pm. Mr. de Luna served as meeting secretary.

2. After a motion duly made and seconded, the minutes of the July 22 board meeting were approved.

3. Mr. Cohen shared the personal news of two board members. Ms. Lamb gave birth to her baby at the beginning of August. Ms. Biddelman has become engaged. Mr. Cohen and the rest of the board congratulated both.

4. On behalf of the Education and Accountability Committee, Ms. Biddelman provided an update on the committee’s recent meeting with school directors, which focused on short-term and aspirational (three-to-five-year) goals, as well as professional development schedules for each division. They also focused on student developmental goals—the different qualities to be developed for students in different grades—and how to align those
developmental goals with VOICE's core values. Mr. Karp added that the Education and Accountability Committee goals would be shared with the HR Committee in order to align student and staff goals and inform staff training across the organization. Subsequent discussion ensued about the possible impact of remote learning on students, including their social-emotional and executive function development. Mr. Headley provided additional context, sharing thoughts about the burdens on working parents and the importance of engagement and building student skills.

5. On behalf of the Finance Committee, Mr. McGarrigle reported that the audit is underway. He then provided an update on the PPP loan forgiveness application and presented July’s financial figures, which included small deviations from budget.

6. On behalf of the HR Committee, Mr. Karp commented on the challenges of working with students and parents virtually and the need for greater emphasis on staff development and alignment with Education and Accountability Committee work. He reported on results of the June staff survey, including staff members’ expressions of need for virtual-instruction training. Mr. Headley led subsequent discussions that touched on response rates for staff surveys and efforts to support staff morale during virtual learning.

7. On behalf of the Admissions and Planning Committee, Mr. de Luna shared current enrollment data. He summarized enrollment in the different grades, flagging oversubscription and shortages. He also talked about outreach efforts during the pandemic. Mr. Headley added his thoughts on the possible impact on enrollment as families at other schools address the realities of the promised in-person programming.

8. After a motion duly made and seconded, the 2020-21 VOICE Family Calendar was approved.

9. After a motion duly made and seconded, the 2020-21 VOICE Board of Trustees Calendar was approved.

10. In his Principal’s report, Mr. Headley summarized the virtual summer program for students, which was an astounding success, both for parent satisfaction and student engagement. He discussed the start of this year’s professional development program, with its connections to staff summer workshops on data inquiry and trauma-informed healing. Mr. Headley reported that 98% of staff who responded to a survey about the school's anti-racism and equity program found the program effective or highly effective. Mr. Cohen added that a training for board members with the same equity consultants is being planned. Mr. Headley concluded with updates on staffing and expected state budget cuts.
11. The board went into executive session at 7:35 to discuss a real estate matter. No action was taken.

BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:35 pm. Mr. de Luna served as meeting secretary.

2. After a motion duly made and seconded, the minutes of the August 26 board meeting were approved.

3. On behalf of the Finance Committee, Mr. McGarrigle reported that there were no surprises in the July or August financials, with expected expenses and no revenue yet for the new fiscal year. Mr. Yarmick added that the annual audit is wrapping up, and the board would have the full report next month.

4. On behalf of the HR Committee, Mr. Karp reported on the committee’s upcoming work on three priorities: the creation of a strategic plan for the HR Department, the four planned staff surveys, and a review of divisional goals, with an emphasis on staff development, for the coming year.
5. On behalf of the Admissions and Planning Committee, Mr. Ford updated the board on student enrollment, which has been steady in recent weeks. Vanguard outreach to prospective kindergarten and first grade students was starting to yield results, with the process to enroll five or six new students underway. Enrollment in the other grades is at or above targets.

6. Mr. Ford presented revisions to VOICE policy and written documents. Changes included adopting the Parents' Bill of Rights for Data Privacy and Security, appending it to the VOICE Family & Student Handbook, and revising the handbook’s table of contents to reflect the change. Ensuing discussion touched on whether other changes would be necessary to reflect the school’s virtual operation, and Mr. Headley noted that no long-term changes appear to be needed. After a motion duly made and seconded, the Parents' Bill of Rights was approved. And after another motion duly made and seconded, the revision of the Family & Student Handbook was approved.

7. In his Principal’s report, Mr. Headley summarized a recent call with VOICE’s charter authorizer, the Department of Education, whose staff was complimentary of the school’s reopening plan. Conversation among board members ensued about criteria for building closure once the In-School Participation program begins. Mr. Cohen noted that Mr. Headley serves on the Board of Jacob Riis Settlement House, the organization that VOICE has contracted to staff VOICE's In-School Participation program, and VOICE is working with attorneys to ensure that there is no conflict of interest and that appropriate disclosures are made. Mr. Headley noted that most families did not have an extreme need to send their children to the program, and he estimated that 60 children would participate. The rest of his report focused on the possibility of the school being used as a polling site, the success of the school's proactive program to ensure students have the required immunizations, last week's well-attended parent meeting, and the school's ongoing anti-racism work.

8. Mr. Cohen noted that the two-part anti-racism sessions for board members would take place on October 5 and October 8.

9. The board went into executive session at 7:45 to discuss a real estate matter. No action was taken.

10. The meeting was adjourned at 7:53 pm.

BOARD DELIBERATIONS

1. Mr. Cohen called the meeting to order at 6:35 pm. Mr. de Luna served as meeting secretary.

2. After a motion duly made and seconded, the minutes of the September 23 board meeting were approved.

3. On behalf of the Audit Committee, Mr. Yarmick presented an overview of the recent audit. Despite increased operating expenditures due to the pandemic, the school remains in a good financial position, and its investments continue to be relatively risk-free. The auditors expressed a high regard for VOICE’s accounting. After a motion duly made and seconded, the audit was approved.

4. On behalf of the Finance Committee, Mr. McGarrigle reported on September's finances, after the first month of the school's new year. He noted higher income than budgeted due to
strong enrollment and special education reimbursement. Spending was also higher in some areas, especially for technology for staff, but the overall budget is in good shape.

5. On behalf of the Education and Accountability Committee, Ms. Biddelman reported on progress in remote teaching and learning, including more small-group instruction and more individual and intervention services. Challenges include tracking data differently. Professional development is also evolving to match the remote instruction, and with staff challenges, it has become more important to recognize all successes. There is also greater focus on incorporating more diversity in the curriculum.

6. On behalf of the HR Committee, Mr. Karp reported on the committee’s recent focus on two topics: supporting staff to attain goals established through the development of student graduate “portraits” within each division, and refining staff development and evaluation frameworks for this year. The committee has also discussed this year’s equity and anti-racism initiative, as well as how to sustain progress.

7. On behalf of the Admissions and Planning Committee, Mr. de Luna provided an update on current student enrollment, noting that overall enrollment is a little above budget, even though kindergarten and first grade are a little under-enrolled. Mr. Headley added that there has been remarkable stability in enrollment, possibly reflecting families' reluctance to make changes in the current environment.

8. On behalf of the Music Committee, Mr. Kurien praised Ms. Drapek’s leadership of the Music Department, citing a smooth translation of the existing curriculum to virtual instruction. Mr. Headley added that the students' winter performances may take place in January.

9. In his Principal’s report, Mr. Headley provided updates on the In-School Participation program, which is currently serving approximately 40 students, and the Jacob Riis Settlement House afterschool program. He added that VOICE will hold a memorial event in January for Jawann Haynes, a VOICE dean who died earlier this year; the memorial will include a dedication of the upper campus gymnasium to Mr. Haynes. In general, Mr. Headley summarized parental feedback as very positive about the school’s activities, quite possibly the result of more involved and more frequent interaction between the school and the families, yielding greater transparency and understanding. He provided an update on the school's work on racial equity, which was followed by a discussion about the challenges of testing during remote instruction.

10. The board went into executive session at 7:33 pm to discuss real estate matters. No actions were taken.
11. The meeting was adjourned at 8:03 pm.

He added that VOICE has submitted to Citibank an application for PPP loan forgiveness.

4. On behalf of the Admissions and Planning Committee, Mr. de Luna provided an update on current student enrollment, noting that overall enrollment remains steady and a little above budget, while kindergarten and first grade are still a little under-enrolled.
5. In response to the Mayor’s announcement that all NYC Department of Education buildings would be closed the following day, board members discussed Mr. Headley's proposed plan to pause the In-School Participation program for an indefinite period of time. Topics discussed included the needs of families and staffing considerations, as well as the possibility of using a different building for the program. The board also discussed the use of Jacob Riis staff members who oversee the In-School Participation program in support of virtual instruction during the program’s pause. Following a motion duly made and seconded, the plan to pause the program was approved. Mr. Headley and Mr. Cohen will continue to discuss plans for resuming the program; the resumption would require approval from the board or the Executive Committee.

6. In his Principal’s report, Mr. Headley discussed the support he has been receiving from colleagues and institutions, as well as from the board, and he summarized the supports and related initiatives undertaken to ensure staff well-being.

7. On behalf of the Music Committee, Mr. Kurien summarized some of the questions and challenges facing the school's Music Department in the pandemic, including how to assess students on Zoom, how to handle remedial instruction (especially for students new to VOICE), how performances can take place, and how the board can be supportive.

8. Mr. Cohen reported that Mr. Yarmick will be stepping down from the board but will continue to advise the board, and especially the Audit Committee, in an unofficial capacity. The rest of the board joined Mr. Cohen in thanking Mr. Yarmick for his contributions past and future.

Continuing recent trends, revenue was higher than budgeted due to strong enrollment and special education reimbursement, and expenses were higher than budgeted due to COVID-related expenditures. 2. After a motion duly made and seconded, the minutes of the January 13 board meeting were approved.

3. On behalf of the Education and Accountability Committee, Ms. Biddleman outlined the work associated with establishing school-wide goals and metrics for the current school year. She and Mr. Headley noted that these goals and metrics will necessarily be different because of remote teaching and learning.

4. On behalf of the Finance Committee, Mr. Grassey detailed a plan to increase life insurance coverage for the school's staff for a modest cost. The upgrade will increase the coverage from one times salary to three times salary, at a cost to the school of less than $25,000.
5. Also on behalf of the Finance Committee, Mr. McGarrigle reported on January’s finances, noting that the picture remains the same. Despite above-budget revenue, COVID-related expenses are resulting in the school’s overall finances being modestly below budget.

6. On behalf of the Admissions and Planning Committee, Mr. de Luna provided an update on student enrollment, noting that it remains steady and a little above budget, despite kindergarten and first grade still being under-enrolled. Paper applications received for next year trail numbers from previous years, necessitating additional strategies for recruitment.

7. On behalf of the Nominating Committee, Mr. de Luna noted that a candidate is undergoing assessment for board consideration, and the process will continue to take time, including the candidate's attendance at a minimum of two board meetings. Led by Mr. Kurien, discussion ensued on the needed qualifications of new board candidates and the desire to find more diverse candidates who better represent the communities that VOICE serves.

8. On behalf of the HR and Talent Committee, Mr. Karp provided an update on the committee’s most recent discussions, which focused on qualification wishes for a new board member, anticipated staffing needs for next year, ongoing equity and anti-racism training, a staff survey, and a review of the staff handbook.

9. In his Principal’s report, Mr. Headley provided an update on bus and subway advertisements to attract new students. He also discussed efforts to get staff vaccinated against COVID-19, noting that more than 50 percent are already vaccinated and expectations are that 70 percent will be vaccinated by April. A corollary effort has staff working to help the family members of VOICE students getting appointments to be vaccinated. He also addressed potential scenarios for reopening the school to in-person attendance and instruction, perhaps as soon as April. Participation will be voluntary for both students and staff. Also on the table are the beginnings of plans for summer school.

After a motion duly made and seconded, the safety plan was approved substantially in the form presented to the board.

6. On behalf of the Admissions and Planning Committee, Mr. de Luna provided an update on student enrollment. While enrollment changed more than in previous months—five students departed—overall enrollment remains above budget and turnover has been much lower than in most years. Regarding applications for next year, the numbers overall are down, but application types that have traditionally been the most likely to turn into attending student (e.g., paper applications and direct applications) are up; most of the decline is in Common App applications, which have typically yielded a much lower percentage of attending students. Mr. Ford provided an update on an ongoing advertising campaign aimed at attracting new student families. Discussion ensued based on the committee's recommendation for the number of free lunch preference spots to allocate this year. After a motion duly made and seconded, seven free/reduced lunch preference spots for 2021-22 enrollment were approved.

7. On behalf of the Finance Committee, Mr. McGarrigle reported on February’s finances, underscoring consistency with the narrative of recent months. Despite above-budget revenue, COVID-related expenses are resulting in the school's overall finances being modestly below budget. 8. Mr. Cohen noted that the 990 form, a draft of which had previously been shared with board members for review, would be submitted the following day.

Dr. Valbrun urged Mr. Headley and the trustees to carefully consider those students who do better during remote programming in planning for the coming school year and beyond. Conversation ensued about the different experiences that
students have had during remote instruction and how to ensure equity. Mr. Headley concluded by updating the board with the status of staff vaccinations.

11. The board went into executive session at 8:21 pm to discuss a real estate matter. No action was taken.

11. The board went into executive session at 7:30 pm to discuss real estate and personnel matters.

12. Mr. Cohen called the meeting to order again at 7:50 pm. Following the executive session discussion, the following resolutions were introduced:

   RESOLVED, that the board, pursuant to the exercise of the good faith judgment of each of the trustees, believes it is advisable, desirable, fair to, and in the best interests of the school that the board approve, adopt, and authorize a lease for the premises located at 36-49 11th Street, Long Island City, New York (the “11th Street lease”) and a lease extension and
modification agreement with respect to that certain lease concerning the premises located at 36-24 12th Street, Long Island City (the “12th Street lease,” and, collectively, with the 11th Street lease, the “leases”), in each case, substantially on the material terms and conditions included in the drafts of the leases that were submitted to the board prior to this meeting; and it is further

RESOLVED, that the officers of the school are authorized to enter into, at their discretion, an agreement or agreements to merge the two leases for the purpose of satisfying certain conditions related to charter school facilities rental subsidies; and it is further

RESOLVED, that the transactions contemplated by the leases be, and they hereby are, approved and authorized in all respects; and it is further

RESOLVED, that the chair of the board, the president, the treasurer, and the secretary of the school (the “authorized officers”) be, and each of them hereby is, authorized and empowered, in the name and on behalf of the school, to execute and deliver the leases and any agreements to merge the leases, with such modifications as any such authorized officers, with and upon the advice of counsel, shall deem necessary and appropriate, and the execution and delivery of the leases and any agreements to merge the leases to be conclusive evidence that the same has been approved pursuant to these resolutions.

After a motion duly made and seconded, the resolutions were approved.

13. Discussion ensued about the board’s fulfillment of duties and responsibilities to stakeholders and how it could evolve to better serve its function. It was decided that a survey would be created for and circulated among board members to further the discussion.

14. The meeting was adjourned at 8:29 pm.
