DURING THE NATIONAL WESTERN - IN THE YARDS - DENVER, COLORADO - 5PM MST

# Welcome to the Sale!

On behalf of everyone involved I would like to welcome you to the "2018 Western Elite" our Ninth Annual Sale in the Yards at the National Western Stock Show.

As you will see the core operations involved in this year's sale are the same as you've come to expect. These firms share the same belief, passion and commitment to bringing you an offering of UNEQUALED QUALITY and DIVERSITY.

The Western Elite, from its inception has focused on being a first class event that is unique and different than anything at the stock show featuring an offering of "Elite Seedstock" from breeders that understand the business and are in it for the long haul. As you view this catalog that "Presents the Offering" we hope it is clear that we have dug deep into our herds to bring you a set that again, is beyond impressive.

The offering is deeper and more diverse than ever. It is colorful...Twenty Five percent of the cattle are Charolais influenced or Red and represent the very Elite of Charolais and Club Calf Genetics. The balance of the females are everything you have come to expect of The Western Elite.

American Agriculture and especially the cattle business is in a time of transition. It is more important than ever to differentiate ourselves in terms of quality. Those with the truly premium products will thrive. Now is the time and the Western Elite is the place to invest in quality genetics to put your program in the DRIVERS SEAT for years to come. We didn't have enough room in the catalog this year to print the Western Elite success stories but, there are numerous examples of cows that doubled and even tripled their purchase price with their first calf. We thank our valued customers for making this Event a huge success over the last eight years. Whether you are a repeat buyer or a first time attendee we welcome you and truly appreciate your interest in our programs.

THE QUALITY RUNS DEEP...Please visit WWW.CCI.LIVE/WESTERN ELITE2018 to view the video previews. The cattle will be in the "Yards" and available for your inspection starting Thursday January 11th, 2018. We would invite you to inspect the cattle at our ranches at any time prior to the Sale. We hope to see you in Denver, please call if we can be of any assistance.

## *Lot 1 - Duello Troubadour 3121*

### WHEN ONLY THE BEST WILL DO

**Duello • 3121 • Char X • Spring 2013**

SIRE: Troubadour (Lead On X Casper) • DAM: RW 5A - Sunseeker x Maine x Angus

**Open Ready to Flush • Guaranteed to Produce**

**SELLING ONE HALF INTEREST - POSSESSION AND/OR THE OPTION TO DOUBLE UP AND OWN HER ALL IS NEGOTIABLE AFTER THE SALE**

This is one of the most unique cows that I have ever owned...And is the softest and chubbiest Troubadour in existence. This silver female is the right size, the right kind and the right color... She will make Breeding Cattle or Show Steers with equal ease, for haired or slick shearing country. 3121 is a beautifully balanced female that is stellar in her lines and striking from the profile. This is a wide based, thick ended, square hipped female that is absolutely massive bodied. The upper rib shape, rump design and build of her top is unmatched. The structural design and mobility of this great female are what puts her in a class by herself. She is perfect from the ground up and the freest wheeling cow I have ever seen...She actually walks and trots with a spring in her step. She has been flushed four times and produced an average of 21 Transferable Embryos per flush. She sells open and ready to flush and is guaranteed to produce. She will have a cidar in her sale day so that we can get a start heat and get to making eggs.

**A Troubadour daughter

## Lot 2 - Duello Grizzly 1039

### CARRYING A 3/4 SIMMY BY “ON THE MARK”

**Duello • 1039 • Black Baldy • Spring 2011**

SIRE: Grizzly (1/2 Simm) ASA# 2468117 • DAM: 8004 - Meyer 734 x Angus

SELLING ONE HALF INTEREST - POSSESSION AND/OR THE OPTION TO DOUBLE UP AND OWN HER ALL IS NEGOTIABLE AFTER THE SALE

I absolutely LOVE this baldy Simmental Cow. She is a model brood cow in a lot of ways...excellent uddered, heavy milking, easy fleshing, breeds back on the first service every time and consistently weans the best calves on the place. As you can see she is incredibly deep bodied, bold sprung, capacious creature that stays in the condition she is in the picture ALL THE TIME. She is great balanced, pretty fronted cow with a beautiful Baldy Head...And every calf she has ever had out of a Baldy bull is marked just like momma. She has several daughters by Wide Open at the ranch that you don't have to read there tag to identify, they look just like her. I am anxious to see the litter of Loaded Up calves we have coming this Spring. After we flushed her that way I thought why not try On the Mark. Brad Smith and Grizz have got a lot of good things to say about him. She has been flushed twice and averaged 9 Transferable Embryos. I think this young cow can make a significant long term contribution to the Simmental Breed. She will be registered 1/2 Simmental.

SELLING ONE HALF INTEREST - POSSESSION AND/OR THE OPTION TO DOUBLE UP AND OWN HER ALL IS NEGOTIABLE AFTER THE SALE

THIS IS THE POWER COW OF THE SALE...SHE NEVER MISSES!!! She might not have taken the sexiest picture in the catalog but she is the STOUTEST TROUBADOUR I have ever seen and has produced as much as any cow we have sold, though she has only been flushed one time. She produced the Lead Off \$25,000 Lot 43 in the 2017 Western Elite and is the dam of the Lot 108 Fu Man Chu Bred heifer in this sale. She also produced two Monopoly's we sold out of the pasture the summer of 2016 for \$25K. You do the math, that's \$50K on the only three progeny ever sold...I'd say we could all use a Donor like this. 1500's Mother is the NO MISS Alias 7522 Donor at DCC that has raised multiple high dollar Bulls and Females. In fact two of her sons sold in past Western Elite Sales...Masterpiece for \$22,500 1/2 Interest and Night Train for \$15,000 1/2 Interest. TAKE ADVANTAGE OF A SURE THING.

Donor Dams & Foundation Young Cows

We targeted one of our good young cows to be a highlight in this year's Western Elite. We bring you SS Lady Camille 31A, a purebred Charolais cow that was started into our donor program. She a full sister the B3 Miss Maura, Connell/Henley Farm's premier donor, who was the 2011 Reserve National Champion and sired by B3 Wyoming Cowboy. Camille is an outcross to most current Charolais genetics, including Firewater and Outsider, and these Wyoming Cowboy daughters hit homeruns when bred to Monopoly and popular clubby bulls. Camille has only calved to purebred Charolais at our house, and has been intentionally left open to enter into our donor program. We have flushed her to Monopoly and she will be ready to be flushed to the bull of your choice after the sale. Regardless of future matings, her ability to generate profits are exciting both in the clubby and pure bred industries. Ask us in Denver, we will be glad to talk to you about this cow family.

The cow and the resulting calf can be registered MaineTainer. I really like this young cow...she hasn't been flushed, but needs to be. Her 2017 Maternal Made Bull at the ranch is as stout as they come. In fact, he is even stouter than his 7/8 brother selling as Lot B. 3301 is a long necked, cool fronted, clean made female that is stouter and softer than she appears in the picture. She has got a big square hip, is good on her feet and legs and is stunning from the profile. This cow has nearly unlimited mating alternatives...She can go both ways with equal ease. A REAL SALE FEATURE HERE.

These DG sired cattle are some kind of good. Several years ago at Griswold's bull sale Colby Collins and I were comparing notes before the sale and we both had DG marked real high. Like a fool I stepped aside and Colby bought him. He has made some great females at Collins Cattle and I have AI'ed to him with excellent results. I absolutely love this baldy female...Here is a female with look and power to burn. She is long necked, clean made, up headed and a smooth made cow with exceptional balance and profile. 3123 is great structured, thick hipped, square made and is just flat out good looking. Look for good things out of the Fu Man Chu on board here.

Now here comes a monumental footnote challenge...Four half-sisters on two facing pages, three of them bred to the same bull and they all look alike. Try not to repeat yourself. We sold half Interest in Hundred Proof in a past Western Elite sale for \$10,000. These females came out of his first and only calf crop. He was a great breeding bull as you can see, however when we semen checked the following spring he was sterile. What a damn shame, it's always the good ones you lose. This Star headed female is absolutely massive... Huge bodied, deep sided, thick ended, big boned and good at the ground. The Hundred Proof daughters redefine easy fleshing and they stay in this kind of rig all the time.

Hundred Proof's mother was a Purebred Angus Cow Sired by Midland that was bred at Express Ranch. She was a great cow that I suspect provided the genetic power, potency and consistency that makes these four females peas in a pod. Actually, there were nine of these Hundred Proof females born that year and they all look just like this. We all know the contribution that the Legendary Irish Whiskey has had on this business but I think most would have to agree that these are not your typical Whiskey daughters. Their paternal grandmother changed the game. I think the Fu Man Chu's out of three of these cows should be incredible. The only way to be sure you got the best one is to buy them all.

This one didn't stick AI but I am betting on big things out of the Hoss calves. He is a Troubadour x Walks Alone x Hoo Doo that I own with Kris Black. He is without a doubt the most intriguing and unique bulls that I have ever been associated with. Kris has several Fall babies on the ground and is flat excited about them. I just have one and he is damn good. As you can see by the picture Hoss is one STOUT, MUSCULAR, CLEAN MADE, BIG RIBBED, WELL BALANCED BEAST. What you can't see from the picture is the perfect joints, unmatched flexibility, loose spine and the coolest moving animal I have ever witnessed. I mean he can pick 'em up and put 'em down like nothing I have ever seen.

SIRE: Hundred Proof (Irish Whiskey x Midland - PB Angus) • DAM: 9297 - Meyer 734 Son x Maine x Angus  
Bred 6/15/17 Hoss (Troubadour x Walks Alone x Hoo Doo) • Safe

Not only are these Hundred Proof Daughters high quality and look a likes...Their calves look just like them. The Lot 94 bred heifer in this offerings mother is identical to Lots 7-10. These cows have some size to them and will weigh something. They are easy fleshing, heavy milking cows that stay in good rig, bred back quickly and bring in a high quality fat calf every time. This baldy female like her sisters is a long spined, deep sided, huge bodied female that is correct on her feet and legs. Regardless of sex I'm betting on some highly saleable Fu Man Chu's out of three of these. Soft, stout, cool looking females that can be registered Chi or sappy, good feeding, sound made, good looking Steers that sell well and compete. Made it.

We have been selling bred heifers safe in calf to My Kind for several years and thought it was time to share one of our best My Kind daughters. It is rare in this business to find a TRUE CALVING EASE BULL that will leave you with replacements of this quality...They are absolutely great cows. She doesn't come with any registration papers but will raise top tier low % cattle of several breeds...Buy the good ones.

Definitely a featured 1/2 Simmental Baldy cow that has a world of quality and power. They can't all be at the front of the catalog, but this one probably should be. As I prepare this catalog I ask myself, why would you sell one that good carrying a 3/4 Simm by Loaded Up??? From the beginning we committed to bring you THE GOOD STUFF.

This Yellow Baldy cow is good looking and stout. She is long necked, square hipped and big, big boned. I absolutely loved The General when I saw him the first time at Horns. So much so that I made another trip this spring to see the calves...and they are impressive to say the least. He is a clean Business Done Right x Heat Wave that goes back to the great HL 419 Donor. Due to calve in the Fall of 2018.

This beautiful yellow cow brings in a stout, saleable calf every time. Her 2017 Steer by Monopoly was placed by Garret Barton in California. She has always made them powerful and good looking. Based on the value generated by the In God We Trust progeny recently I would say that this is a no brainer. This cow has one quarter that is not the prettiest when she calves, but I will guarantee you that she weans the fattest calf on the ranch every year.

*Lot 17 - Duello Monopoly 3087*

Bring on the Red Heads!!! This young red cow will crank them out. Her 2016, \$15,000 Maternal Made Bull calf was purchased by Jeffs/Skyles and cut. The Jensen Family in Kansas showed him very successfully. She is bred right back that way again for certain success. He was a super stout, huge boned, big bodied, good looking rascal with yak hair...It will work again.

This little red beauty can get it done. She is a Full Sister to the \$25,000 "The Girl Next Door" heifer that was shown with great success by Julia Dayton in California. Her mother and her grandmother have been very successful Donors at DCC. Red cattle with this kind of substance and quality are in high demand with the new classification system in the south. **Bred 6/24/17 Maternal Made (1/2 Maine Anjou) AMAA# 459900 • Safe AI**

Here is a high quality, good looking Red female with lots of look. She is about as perfect in her pin set and hip design as you can make one. 098 is really long necked, clean fronted and smooth made yet she is stout enough to make those high dollar show cattle and/or breeding stock. Look for big things out of the Hoss baby that comes with this one.

*Lot 27 - Duello Smokin 3109*

SIRE: Smokin Oak (Mossy Oak x Long Shot)

DAM: MO 5837 - 3C Legend x Angus

**Bred 6/24/17 Maternal Made (1/2 Maine Anjou) AMAA# 459900 • Safe AI**

This Smokin Oak female is freak necked, clean made, square hipped and awesome balanced. I bred her to Maternal Made with every intention of keeping her...this baby should be crazy good. 3109 has the combination of look, power and profile that suggests that she can generate high dollar breeding cattle and show steers with equal ease.

*Lot 28 - Duello Tuff 3064*

DAM: 0189 - Tyson x Meyer 734 Son

**Bred 5/21/17 Maternal Made (1/2 Maine Anjou) AMAA# 459900 • Safe AI**

We have had a lot of fun and success with a Double Shot of Whiskey... in more ways than one. We have got two calf crops on the ground by Maternal Made and we will continue to use him heavily. We have had great success using him on Irish Whiskey granddaughters. They are deep, stout, sound, easy fleshing cattle with great hair and lots of balance.

SIRE: Tuff (Irish Whiskey x Duff Angus)

DAM: 0119 - Blue Blood x Meyer 734

**Bred 6/11/17 Hoss (Troubadour x Walks Alone x Hoo Doo) • Safe AI**

We all know the generating power of the Irish Whiskey daughters and granddaughters. Tuff is a great breeding bull that we sold half interest in a past Western Elite. Hoss is a new comer that is one great beast.

SIRE: DG (Irish Whiskey x Midnight Chill)

DAM: 30676 - Meyer 734 Son x Angus

**Bred 5/20/17 Monopoly Clone • Safe AI**

These DG sired cattle are some kind of good. Several years ago at Griswold's bull sale Colby Collins and I were comparing notes before the sale and we both had DG marked real high. Like a fool I stepped aside and Colby bought him. He has made some great females at Collins Cattle and I have AI'd to him. You are going to like this cow... and the Monopoly she has next spring will more than likely get your investment back the first round.

*Lot 31 - Duello Sting 2055*

**Bred 11/6/17 The General (Business Done Right x HW/HL 419 • Pending**

2055 is a POWER COW that is bred to calve in the Fall of 2018. She is jack necked, thick made and has as much bone as you will ever need. She is a long bodied, smooth made female with a great profile and lots of balance. The General baby that she is carrying sure ought to ring the bell. I loved that bull when I saw him at Horn's last fall...And he's Double Clean to boot.

*Lot 32 - Duello Wide Open 1013*

SIRE: Rubys Wide Open (PB Simm) ASA# 2492312

DAM: 6907 - Midland (PB Angus)

**Bred 6/24/17 Fu Man Chu • Safe AI**

Can be registered 1/2 Simmental. These Wide Open daughters are hard to beat. They are consistent producers of quality. 1013 is a long sided, clean fronted, angular female that has power enough to go either way. The Fu Man Chu she is carrying should have worlds of potential regardless of sex. This cow has lots of mating versatility...You can do anything from show steers to 3/4 Simmys.

*Lot 33 - Duello Sting 3073*

**Duello • 3073 • Black • Spring 2013**

SIRE: Sting (Yellow Jacket x Irish Whiskey)

DAM: 6261 Donor - Draft Pick 600 x Full Flush x Chill Factor

**Bred 6/17/17 Monopoly Clone • Safe AI**

Here is another cow that you will like better when you see her in Denver. Sting is a \$20,000 Yellow Jacket x Irish Whiskey Bull we sold in the second Western Elite sale that has sired multiple Champions and High Sellers. This cow's mother was the Featured Lot 1 in that same sale. She has several daughters that sold north of \$20,000. The most notable was Flo, who was Reserve Grand Mainetainer for Bailey Core in Louisville.

*Lot 34 - Duello No Remorse 3093*

DAM: 1025 - Wide Open x Maine x Angus

**Bred 6/6/17 BOE Epic (PB Maine by Garth) AMAA# 474260 • Safe AI**

This is an outstanding 1/2 Simmy cow that has lots of power and balance. We sold a pair of twin sisters to her as bred heifers in last year's sale that were well received. 3093 sells safe to BOE Epic. My good friends at Buck Cattle Co bought Epic in the Maine Bull Sale at Denver last year. They are excited about this bull and have the majority of their Maine cows bred to him. If JB thinks that much of him...I am all in!

*Lot 35 - Duello Tyson 3066*

DAM: 1071 - BK Trendsetter x GCC Total Recall

**Bred 6/24/17 Maternal Made (1/2 Maine Anjou) AMAA# 459900 • Safe AI**

They don't all cooperate in the picture pen...This is one good rip. She has as good of a Maternal Pedigree that you will buy...Tyson x Trendsetter x Total Recall! And Safe to the Hottest Maintainer Bull in recent history, Maternal Made. She has a No Worries daughter to replace her at DCC that is big time good. This cow is the pick of the bunch by some good cowmen.

*Lot 36 - Duello Irish Whiskey 1002*

**Duello • 1002 • Black • Spring 2011**

SIRE: Irish Whiskey (3/4 Maine) AMAA # 294939

DAM: 3101 - Meyer 734 x Angus

**Bred 6/5/17 Fu Man Chu • Safe AI**

Another direct Irish Whiskey daughter out of a great Meyer 734 Donor. Anyone that has been to DCC will remember her mother as the blind baldy Meyer Donor that lived in the pen next to the barn for years. 1002 has been a solid producer and is a full sister to multiple high sellers. The Fu Man Chu on board here is sure to guarantee a quick return.

*Lot 37 - Duello Trendsetter 1069*

**Duello • 1069 • Black • Spring 2011**

DAM: 8065 - Draft Pick Son x Angus

**Bred 6/24/17 Maternal Made (1/2 Maine Anjou) AMAA# 459900 • Safe AI**

We are getting towards the end of the cow offering and I am going to get back on my soap box. The Trendsetter daughters are as solid and predictable of Maintainer females as money can buy. I guess its Old School now but rewind the clock and think of the impact that Draft Pick has had on this business. Then throw Maternal Made in the mix and you have instant success.

*Lot 38 - Duello Irish Whiskey 1001*

**Duello • 1001 • Black • Spring 2011**

SIRE: Irish Whiskey (3/4 Maine) AMAA # 294939

Likely the most predictable, time tested and potent pedigree in this business. Whiskey x Meyer x 6807...It just doesn't get any better. Whether you want to raise show steers or breeding cattle this pedigree and the kind of 1001 will put you in the fast lane. Fu Man Chu's have had their share of success and he has been a home run on this kind at DCC.

DAM: 4114 - Meyer 734 x Angus

**Bred 6/24/17 Business Done Right (Lovin The Business x Ammo 388) • Safe AI**

This is level built, smooth made, ultra-feminine, good looking Silver Baldy that goes back to a great Meyer cow. Her sire is a big time good Troubadour Son that John Graves bought as featured Lot at Kris Blacks Cream of the Crop Bull Sale. Kris and John have sold a lot of high dollar bulls and females out of Talk Back (COC 13)...And most of them were out of DCC females. I bet the lucky new owner will be all smiles when this BDR hits the ground.

**Bred 6/17/17 In God We Trust (Businee Done Right x Solid Gold/HL 419) • Safe AI**

This is an extremely smooth made Silver Baldy female that has been a solid producer. I continue to brag on the Troubadour daughters because it seems like they consistently out produce their individual phenotype. The In God We Trust progeny are a hot commodity for good reason...They are flat good. Hook tight here, likely the best chance in the Sale to double your money or more on the first calf.

HERE IS ANOTHER WESTERN ELITE SUCCESS STORY. A year ago last Fall I was driving home from the Nebraska State Fair and Ward Eckloff called and invited me to stop and look at his Sale Calves and so I did. He got to telling me that two of the better heifers were out of cows that he had bought from me, as it turns out this heifers mother came out of the Western Elite, I had to have her!!!! Folks, this Mainetainer female is some kind of unique...She has as much true red meat and rib shape in a good looking one as I've seen in a long time, maybe ever. She is a thick, square hipped, massive topped individual that is huge bodied, and I mean bold, not just belly. She balances great, is pretty fronted and is correct on her feet and legs. And did I mention that she is about as good haired as you will find. I firmly believe that we desperately need to put some dimension and substance back in these show cattle, especially the steers...THIS ONE WILL DO IT!!!

IF YOU HAVE BEEN SEARCHING FOR A CLUB CALF DONOR WITH THE WOW FACTOR...YOU LANDED IN THE RIGHT PLACE! This female has already got a lot of friends and the Sale is over a month away. She had a bad experience when they clipped her and wasn't as full as normal the day we took the pictures. So if you love her now, take a deep breath before you go in the pen with her in Denver...She is going to blow your mind. This heifer's neck comes out of the top of her shoulder, and it is long and pretty. She has no throat or chest, is flat shouldered, level topped and as smooth as glass. She has great top shape, is big hipped and unusually thick about her stifle and twist. The American Idols are often thought of more as slick shearing cattle, but trust me this one has some major shag. The balance, bone and structural quality are the most amazing thing about this heifer to me. She is absolutely monster boned and one of the most flexible moving cattle I have ever witnessed...In fact she has actually got spring in her stride. She is due to calve latter than most of the offering, get your baby and lets go to gathering embryos to put in for fall borns.

THIS BEAUTIFLE BLOND IS A FULL SISTER IN BLOOD TO GRISWOLDS PROMOTIONAL BULL JACKPOT. They are both sired by Exit 174 out of Full Sisters Sired by Chopper. This heifer was raised by Doug Jagers and shown by Carson Wilmot both from Nebraska. She was Reserve Grand Market Animal at a real tough Scottsbluff County Fair. But, she has a much higher purpose...That is to make her lucky new owner a major league Donor. She was a little greener than some at picture time as we leaned her up and bred her for a Fall 2018 Calf. I love the look, extension and balance that this heifer has. She is so clean, level, smooth and correct in her make up. Trust me she has plenty of shape and body... you will want to see firsthand in Denver.

A DEEP SIDED POWERHOUSE!! I love good cow families and this one comes from a great one. She goes back to the Lucy Donor that was a Meyer 734 I purchased when I was in high school. Lucy produced well over \$300,000 for us. Her Legacy continues on through her daughters and granddaughters. They are sure to always bring in a good one at weaning time. 690 is a little younger born in July, but I thought she was way to good not to bring her to town, so we bred her to calve in July to our Promotional bull Fireball Whiskey. I told everyone that would listen for the last two years that the Maternal Made Females at DCC were not and won't be for sale in the foreseeable future...I was wrong. When I started sorting this offering I knew I had to share a few as much as I didn't want to. I bred them all to My Kind because I planned to keep them. I think both of these females have a lot of character and are way good marked. One picture is better than the other, but they are peas in a pod. I didn't have any Calving Ease Hereford Semen so we'll have to make due with a pair of great baldy Maintainers the first time around... Then open the gate and let your creativity flow... A few years back we talked to a respected cattleman and asked him what to breed to make cows, period. Dream On was his answer and if you look at pedigrees on many cattle that you appreciate, they have a shot of Dream On in them. We have been raising some direct Dream On cattle and we can see the power in the blood. This bred heifer represents this project well. She will get it done for any cowman.

Our Cash Money bull has been consistent in producing High Quality baldy females. We sold a Cash Money through this sale last year that was one of my favorites. Cash money is out of the Cashmere cow I purchased through this sale from Duello and she raised the 2017 Indiana Grand Champion Steer. I expect 630 to do big things herself, with the cow families on each side of her pedigree. She carries herself well with that added length of spine, a great maternal look, and a majestic bald face. She is longer and bigger in her stature, with plenty of top shape.

An exciting breeding piece, this yellow Red Angus X Charolais heifer has that stunning look we all see in today's champion backdrop photos in popular magazines. Open up your semen tank, close your eyes and breed her to anything, she will prove a point why it should work. She is sound and broody enough, classy and stylish enough, genetically pure and outcross enough that it could be unreal how she could work with popular herd sires.

This well constructed heifer is really uniquely bred. She is out of Pays To Believe (PB Simmental Bull) and dammed by a Felony cow. The Felony cows are leaving their mark by working to many different sires they are mated to. This yellow heifer should carry this same ability and mesh with numerous sires in today's popular genetics. Catch the yellow fever.

This dark cherry red heifer was born at Shaw's in Kimball, NE. We partner with several cows with them as they are like us and appreciate good ones and try to own as many as possible. I think the possibilities of different colors this one will throw when mated to different bulls is unlimited (I think that a white calf may be the biggest stretch for her to have but all other colors are within the realm). Her cool look and powerfully built structure will be an asset to her productivity.

There is generations of COW POWER behind this good looking female. She is a Full Sister to Lot 18 in this offering. Another Full Sister (The Girl Next Door) was very successfully shown in California a few years ago by Julia Dayton. Her mother is a gorgeous Yellow Baldy Donor that seems to never miss. Her maternal grandmother is going strong at age 16, she is thrifty as can be and breeds back first service every time.

DAM: 2027 - Wide Open x Impulse (1-54 Donor)

I can't say enough good things about these Fever Pitch daughters. I bought Fever Pitch in a past Western Elite Sale from Collins Cattle Co. when the Sale was over Colby Said "damn I hate to part with that bull". When the dust all settled I sold them Fall Possession back. He is a great breeding bull. The females are the right size, have a great look and are perfect uddered cows that bring in the good ones.

I like a lot of things about this female, but the thing I like most is her Mother...She is a 12 year old Whiskey that is still going strong. This female has the combination of balance, substance, profile and power that suggests that she can make show steers or breeding cattle with equal ease. I am betting on a baldy My Kind heifer calf next spring that I promise you will want to keep for a cow.

SELLING TWO THIRDS INTEREST AND FULL POSSESSION – REGISTERED MAINTAINER

IT'S HERD BULL TIME. We haven't sold any bulls in the Western Elite for a couple of years but these three deserve the trip to Denver. All three bulls are PROMOTIONAL AI CALIBER PROSPECTS. Lot A has created lots of stir in the last 30 days...And for good reason... He is an incredible bovine. This Baldy Maintainer has an unmatched amount of bone and body, he is as level and square hiped as you will find and he has a hind leg to die for. He is extra good on his feet and legs and a great moving bull that has as much high quality, jet black hair as you can hang on one. I have absolutely adored this bull since he was a day old and I plan to use the bull at Duello Cattle Co.
