If you're looking for a different pedigree, take a look here. This female is jack fronted, huge middled and will be very competitive in that May division. Younger showman approved.

Combination female that offers plenty of power while still keeping that attractive look we all desire in show heifers. Her dam was our pick from the Wild Wild West sale and EPD's. She would make a great Junior project and go on to be a front pasture cow.

Here's a beautiful blaze faced female who has cow written all over her! Bold and powerful in her make up yet feminine in her look and flawless in her structure. She's got a sweet disposition as well for a Jr. project.

Lots of body and power in this neat little breeding piece. Structure for the long haul with a cool look.

A very interesting show heifer and cow prospect. Superior looks. Cows on both sides we still actively flush.

If your looking for a different pedigree, take a look here. This female is jack fronted, huge middled and will be very competitive in that May division. Younger showman approved.

Curve-bending growth with style! It's nearly impossible to miss this bull. This streak-faced, outcross bull has the versatility for any operation. Here, power meets maternal and flash meets function. Raise elite replacements or sale topping feeder steers.

Executive Right is a soft made Built Right son with a big foot and bone. 41G has a leg set and hip that is bred for longevity. 41G will produce females and bulls that carry fertility and maternal traits.

Stout made power bull that will certainly add pounds to his offspring. Ranks in the top 10% WW, top 2% YW and top 1% ADG.

This Profit son is very complete and correct in his lines. Will put pounds on the feeder steers and balanced enough to make those sought after females.

Maternal sib to last year’s Champion Simmental bull and People’s Choice Award winner from Supreme Row BHSS 2019. We sampled Meant To Be last year and are really pleased with the results. Dam is an impressive Driver daughter.

This bull exhibited phenomenal performance this summer on just pasture and his mama. We see him making some incredible replacement females while also producing steers with some performance.

Special Order is flat good, he offers low BW weight with way above avg. growth. He is one of a kind, to this bull we sold to Kip Julson a couple of years ago here at the BHSS. Maternal power here.

G16 is a very powerful, moderate son of the great Load n Load. His dam is a young cow in our herd that has bright future. She is a direct daughter of the great Bernadette cow.
Mr UPS is a 3/4 blood truckload! Off the cow at 995 and adjusted at 921. Tons of performance here. Come check him out. 3rd Calf by C44 dam. Her first two heifers have been retained.

Cybersecurity is well-balanced and combines superior growth with strong maternal structure. This big-bodied, square-hipped bull is homo black and homo polled.

We are retaining 1/3 semen interest. Bodacious is a REAL herd sire prospect. Big footed, free moving, wide made. Weaned @ 923 lbs. His grand dam is the great Ebony Joy. He is tested homo black and homo polled.

Here's a long bodied, masculine bull that'll grab your attention come sale day. He's a productive bull that will add pounds to your calves & cover your needs. He's impressive in his terminal indicators, top 10% for TI & having a large spread.

A big stout 3/4 blood bull that will add weight and look to his calf crop.

This Blaze face bull has style and eye appeal to burn but is still functional and sound when put into motion. He walks on a big foot & ample bone. He is long sided but still carries plenty of muscle pattern we believe is important. His mother is a great young cow with a beautiful utter. He will only get better with age as these on The Mark Cattle tend to do.

This black bull is the right kind of beef cattle and not only has the potential to improve the breed, he has what it takes to raise those type of feeder cattle to push down scales. He weaned off at massive 850lbs. He will sire middle framed replacement females that have a ton of body and mass; whether you are looking for a bull to make clubby mommas or a bull to increase your profitability on a strictly commercial aspect this bull will do the job. He is great footed, sound, and functional & backed by a beautiful donor female.
