“As an ICF coach, level ACC as well as a Certified Presence Based Coach, I have taken a lot of training to ensure that I am bringing the very best coaching skills and insights to my clients. In the past several months, as I have learned more about Visionary Coaching through working with Anna Pool, I have seen a whole new world opening up in terms of how to practically apply the insights of neuroscience and help my clients use their brains in new ways to design and move towards futures that are important to them. I highly recommend this work as well as Anna Pool as a master coach and teacher.”
