## WELCOME TO WALKER & WALKER ENTERPRISES

WHERE LOLITA HELPS YOU FEEL THE POWER IN YOUR PAUSE

---

# *Walker & Walker Enterprises*

is at the helm of a movement to inspire and cultivate clear and confident individuals and teams to be more in-touch, productive, balanced, and solution-focused. This personal & professional coaching and consultancy specializes in helping you truly feel the power within your intentional pause, particularly during times of uncertainty, change, and transition.

### **Think about it....**

It is not until you pause, that you can do your best work. It is not until you pause that you can get **C.L.E.A.R.** and positively impact others.

The **"how"** to drive this **C**larity, **L**ay out a plan, **E**xecute, **A**ssess, and **R**evise (**C.L.E.A.R.**) is intentional and follows a step-by-step process developed by Walker & Walker Enterprises.

Through speaking, teaching, and coaching, the work to successfully navigate you farther will first focus on the foundation of you.

*"Lolita creates individual, corporate, and agency programs that push you beyond where you are! Her approach stands apart from other change management leaders, coaches, and courses that I have leveraged in the past.*

*Eye-opening, focused, and action-oriented are three words to describe her work. I constructed a change map that still holds me accountable for my commitments and my goals. It's not only the physical work that you take away which is amazing, it is the renewed mindset of how you do that work.*
