Essay Questions

Please complete on a separate sheet of paper. These essays are the main opportunity you have to showcase why the selection committee should award the Kenworth T680 truck to you. Use these questions to really give them an idea of who you are—and why you will be a great ambassador for the Transition Trucking Award.

1. Short biography of nominee (min 50 / max 100 words)
Note: This biography will appear in press releases and be provided to the selection committee and press releases (and later for speakers preparing for the award presentation) to give a quick, overall sense of the nominee.

2. What was your MOS/AFSC/NEC (please provide a brief description), rank, and the branch you served in the military?

3. How do you think the military has prepared you for a career in the civilian world?

4. Many industries are actively recruiting military veterans. Why did you choose trucking for your career path?

5. How has trucking affected your life?

6. Where to you see yourself going now that you’re involved in the industry?

7. Were you surprised at the technology used in today’s Class 8 trucks? If so, what was the biggest surprise?

8. What are the top issues in the trucking industry that you would like to see addressed more proactively?

9. How do you continue to honor your military service now that you have transitioned?
