

In Idaho, 78,000 people lack access to affordable health care. While our elected leaders in Boise have failed to address this problem, Idaho voters have the chance to make the decision themselves by signing the petition to expand Medicaid.

This ballot initiative will expand Medicaid to Idahoans who earn less than \$16,000 a year if they are single and \$22,000 a year for a family of two. It is 90% funded by the federal government and will ensure that federal tax dollars we currently send out of state will remain in Idaho to help other Idahoans.

Join the campaign to extend access to quality, affordable health care for all Idahoans!

4 REASONS TO SIGN:

Giving Idaho a Voice: This petition gives Idahoans a real voice in protecting what matters most to our neighbors.

Saving Taxpayer Dollars: Medicaid Expansion will save Idaho taxpayers millions by reducing spending on existing programs for the uninsured.

Protecting ALL Idahoans: No one should be forced to decide between life-saving care and putting food on the table.

Common Sense Solution: This proposal helps Idahoans and improves our economy, keeping our federal tax dollars in Idaho.
