

## rePROs Fight Back Wins Two Awards in 3<sup>rd</sup> Annual Anthem Awards

*January 30, 2024, Washington, D.C.*

rePROs Fight Back announced today that it has been named a winner in the 3<sup>rd</sup> Annual Anthem Awards. rePROs won a Silver Anthem Award in Human & Civil Rights for a national awareness campaign and a Bronze Anthem Award in Diversity, Equity, and Inclusion for a national awareness campaign.

In response to the Anthem Awards win, Jennie Wetter, host and director of rePROs Fight Back, said:

“Thank you to the Anthem Awards for recognizing the rePROs Fight Back podcast in the 3<sup>rd</sup> Annual Anthem Awards. I am so proud of our team, Rachel Marchand and Elena Yeatts-Lonske, for all of their hard work on the podcast and grateful to our editor, Meghan McWilliams, for ensuring I sound my best. This podcast is undoubtedly better because of them. Getting to talk about abortion and sexual and reproductive health, rights, and justice on our podcast has been a real labor of love and a dream come true for me. I am overwhelmed by and grateful for this recognition. The fight for sexual and reproductive freedom is hard and often unrelenting. Winning these awards will fuel our fire to continue this fight because our bodily autonomy is under attack. Join us and fight back.”

Anthem Winners are selected by the International Academy of Digital Arts and Sciences. The third annual competition received over 2,000 entries from more than 30 countries worldwide. By amplifying the voices that spark global change, the Anthem Awards are defining a new benchmark for impactful work that inspires others to take action in their communities.

Launched in 2021 by the Webby Awards, the Anthem Awards honor the purpose and mission-driven work of people, companies, and organizations worldwide. The Anthem Awards honor work across seven core causes: Diversity, Equity, & Inclusion; Education; Art & Culture; Health; Human & Civil Rights; Humanitarian Action & Services; Responsible Technology; and Sustainability, Environment, & Climate.
