Overview
Highlights

• Created in 2016 and funded by the Florida Department of Children and Families (DCF), in response to a Florida law requiring collaboration between DCF and the Florida Department of Education

• Dramatic increase in number of students from foster care using tuition and fee exemption

• Unique state-level program aimed at increasing post-secondary educational success among college students who lived in foster care in Florida

• Administered by Educate Tomorrow, a statewide non-profit organization

• Maintains and expands a network of members

• Began as Florida Reach, a volunteer statewide network
Purpose

To develop and support a statewide network of informed and empathetic, and dedicated education and child welfare professionals to support students from foster care and homeless settings through their journeys to post-secondary completion.

Purpose and Benefits

- Monthly network calls
- Targeted professional development
- Extensive and consistent networking opportunities
- Daily access to immediate technical support
- Alliance to Foster Transition x Education Research (AFTER)
- Small group support (College Connection)
- Updated resources and directory of campus-based and community-based liaisons
State Legislation and Funding to Address the Educational Needs of Foster Youth Students

State Legislation

The 2013 Florida Legislature required the Department of Children and Families (DCF) to collaborate with the Board of Governors (BOG), Florida College System (FCS), and Florida Department of Education (FDOE) to help address the need for a comprehensive support structure in colleges and universities for youth who have been in or remain in the foster care system. Select colleges and universities (as determined by DCF) were required to establish postsecondary educational campus coaching positions to provide foster youth students with dedicated, on-campus support. These coaches (often referred to as liaisons) were required to be institution employees who are focused on supporting these youth.

In 2022, the Legislature modified statute to require every school district Adult and Career Education program, FCS institution, and state university that has at least one student using the foster care tuition waivers to have, at a minimum, a knowledgeable, accessible, and responsive employee who acts as a liaison and provides assistance to those students who are eligible for the tuition waiver to assist in resolving any problems related to the waivers and provide on-campus support. This requirement also now applies to students receiving a tuition waiver due to homelessness, many of whom may have received services through the school district homeless liaison while in primary and secondary school. The Chancellors of the Division of Career and Adult Education, the FCS and the State University System (SUS) are required to annually report to DCF specific data about the students served by the campus liaisons, including academic progress, retention rates for students enrolled in the program, financial aid requested and received, and information required by the National Youth in Transition Database.

Florida Statute 409.1452

To meet these statutory requirements, DCF contracts with a nonprofit organization, Educate Tomorrow, to assist institutions in establishing campus liaisons. The Educate Tomorrow liaison contract, referred to as Positive Pathways, requires the organization to coordinate, develop, and maintain a network of postsecondary campus-based support initiatives across the college and university systems. Positive Pathways works to help liaisons understand the value of supporting the students on their campuses and to create a network of child welfare professionals, both on and off college and university campuses. This assistance is provided through technical assistance, trainings, monthly calls, and funding.

Key Data Points

• Tuition and Fee Exemption use shows steady long-term growth

• Each year approximately 1,000 young adults turn 18 while in foster care in Florida. These are the students from which Positive Pathways draws its key target population.

• About 33% of these students are still in HS at age 18.

• There has been a 108% increase in number of Florida’s State University System students using tuition exemption since 2015.

• There has been a 38% increase in number of students using tuition and fee exemption since 2015.

• These students are served by foster care liaisons who may be associated with the Positive Pathways Network

Statewide Government Study Shed Light on Campus Foster Care and Homeless Liaisons

The State of Florida’s consistent efforts to provide free tuition to students from foster care and homeless backgrounds, and the work of Positive Pathways Program (PPP) members, have resulted in impressive academic outcomes for students who can make it into a postsecondary educational program.

That is a major conclusion that can be drawn from a third of its kind report by the Florida Office of Program Policy Analysis and Government Accountability (OPPAGA). OPPAGA, the research arm of the Florida Legislature, released a report late December that focused on the work of school district McKinney-Vento homeless liaisons and post-secondary campus-based foster care liaisons, many of whom are part of the Positive Pathways Program.

The report included new information about the opinions and academic progress of thousands of postsecondary students using Florida’s generous homeless and foster care tuition and fee exemptions. For instance, the report stated that the number of students using tuition waivers in the SUS increased from 840 in academic year 2016-17, when Positive Pathways began, to 1,458 in 2020-2021, a 75% increase, despite COVID-19. The percent of students using the DCF waiver at Florida College System (FCS), institutions increased from 3.7% in 2016-17 to 4.375% in 2018-19, an 18% increase, before dipping to 3.68%, a 9% decrease. Furthermore, the number of students from foster care that attend an institution with a campus-based program increased from 305 in 2013-14 to 3,042 in 2021-22, a 23% increase.

The report also revealed that of the 10,881 foster youth who began using the post-secondary waiver from 2013-14 to 2025-21, the majority of students had at least 2.0 GPA at the end of their first year of education, which demonstrates adequate academic progress as defined by the state.

DCF Establishes Office of Continuing Care, Director to Speak to PPP Network

The Florida Department of Children and Families (DCF) has established a new office to help meet the needs of students over age 23 who had been in foster care in Florida. The Office of Continuing Care (OCC), which will be the new home of the Positive Pathways Program, began on October 1. The OCC will provide services to students from foster care who have reached age 23 when DCF’s core services end.

OCC will be led by Taylor Peck, who is transitioning from her role as director of Florida’s Foster Information Center, which serves foster parents. Ms. Peck is a former foster parent and a guardian ad litem. She also served as a legislative aide to a former Florida senator. A Florida State University graduate, Peck holds a bachelor’s degree in writing and media and a master’s in public administration. Ms. Peck will introduce herself and share a bit of her vision for OCC during the Nov. monthly conference call. Register here.

Cal Walton III, who oversees Positive Pathways for DCF, moved from the DCF Office of Child Welfare to the OCC and will continue to oversee Positive Pathways, which is administered by Educate Tomorrow and has been led by Dr. Steve J. Rios since it was created by DCF in 2016.

Mr. Walton, Youth and Young Adult Transitions Services, presented about the OCC and other positive changes related to the state’s independent living program during the October Positive Pathways meeting. Click here to view Mr. Watson’s presentation.

Greater Tallahassee Response to the Requirements of Florida House Bill 1577 Related to Students Using the Homeless Waiver

Purpose: The purpose of this meeting is for the Department of Children and Families Positive Pathways Program to share information about House Bill 1577 so that campus and community leaders can know what is being asked of them in terms of how they serve students using the homeless tuition exemption. The meeting will also be an opportunity for representatives from a variety of organizations that serve these young people to be introduced to, and network with, each other.

Laws
Tuition Waivers for Youth Who Have Experienced Foster Care

• The State of Florida provides tuition and fee exemptions, to eligible students, through age 28.
• The waiver is authorized at state public universities, public colleges, and technical colleges.
• Fee exemptions may be available to a student who:
  o He or she is, or was at the time of reaching 18 years of age, in out-of-home care.
  o He or she was adopted from the Department of Children and Families after May 5, 1997.
  o He or she is, or was at the time of reaching 18 years of age, placed in the custody of a relative or non-relative under s. 39.5085, s. 39.6221, or s. 39.6225, F.S.
  o He or she was reunited with his or her parents after spending at least 18 months in out-of-home care after reaching 14 years of age, including a reunification pursuant to s. 39.8155, F.S.

Note: The exemption remains valid until the student reaches 28 years of age. See § 1009.25(1)(c), (d), Fla. Stat. For questions regarding eligibility or how to obtain a tuition and fee exemption form, CF-FSP 5220, contact your local Community Based Care Lead Agency or call Florida’s Independent Living Resource Center, operated by daniel, at 1-844-ILYOUTH (844-459-6884).
The Florida Legislature mandated, in 2014, that DCF collaborate with the Board of Governors (BOG), the Florida College System (FCS), and the Florida Department of Education (DOE) to help eligible youth transition to and through postsecondary educational settings.

Chapter 409.1452: Addresses the need for a comprehensive support structure in the academic arena to assist young adults who have been or remain in the foster care system.
Florida Statute 409.1452

The Department of Children and Families shall work in collaboration with the Board of Governors, the Florida College System, and the Department of Education to:

- help address the need for a focused and consistent campus-based comprehensive support structure in the academic arena
- to assist children and young adults who have been or continue to remain in the foster care system or who are experiencing homelessness to succeed in postsecondary education
- to help them make the transition from a structured care system into an independent living setting.
- provide educational campus liaison coaching positions
  - integrated into Florida College System institutions' and university institutions' general support services structure
  - provide current and former foster care children and young adults who have been or continue to remain in the foster care system or who are experiencing homelessness with dedicated, on-campus support.
- employees of the selected educational institutions
- focused on supporting children and young adults who have been or continue to remain in the foster care system or who are experiencing homelessness.
Educational Campus Coaching Positions

In 2014 the state passed legislation, (F.S. 409.1452):

The State University System of Florida and the Florida College System shall provide postsecondary educational campus coaching positions that will be integrated Florida College System institutions' and university institutions general support services structure to provide current and former foster care children and young adults with dedicated, on campus support.

• This legislation resulted in on campus foster care liaisons or coaches being appointed.
• All 28 colleges and all 12 universities have a designated person
• 7 colleges and universities have a dedicated staff person
CS/CS/HB 1577 addresses the needs of homeless children and young adults. Specifically, the bill:

- requires district school boards to issue a certified unaccompanied homeless youth a card that includes information on the youth’s rights and available benefits, and allows health care providers to accept the issued card as proof of the status as a certified unaccompanied homeless youth.
- expands the Keys-to-Independence program to unaccompanied homeless youth who meet certain requirements.
- waives fees for copies of a birth certificate for certified unaccompanied homeless youth and young adults who aged out of foster care.
- requires postsecondary institutions to have liaisons to assist former foster children and young adults and those experiencing homelessness to help students with issues related to the use of a tuition and fee exemption, and directs the Office of Program Policy Analysis and Government Accountability to evaluate their effectiveness.
- requires postsecondary institutions to retain original documents on a student’s tuition and fee exemption, and prohibits additional requests for such documentation.
- aligns Florida’s eligibility for a tuition and fee exemption with federal law.
- requires any student determined to be an unaccompanied homeless youth for a tuition and fee exemption for a preceding year to be presumed homeless for subsequent years unless an institution has conflicting information.
(1)(a) Each school district program, Florida College System institution, or state university at which a student is exempt from the payment of tuition and fees under s. 1009.25 must have, at a minimum, a knowledgeable, accessible, and responsive employee who acts as a liaison and provides assistance to those students who are exempt from the payment of tuition and fees to assist in resolving any problems related to such exemption. The liaisons shall provide such students with on-campus support and must be employees of the program, institution, or university. The name and contact information of the liaison must be:

1. Provided to each student who is exempt from the payment of tuition and fees and who is attending that program, institution, or university.
2. Published on the website of the program, institution, or university.
3. Provided to the department and each community-based care lead agency.

(b) Each school district program, Florida College System institution, and state university must maintain the original documentation submitted by the student regarding his or her eligibility for the tuition and fee exemption under s. 1009.25 and may not make additional requests for such documentation.

(2) A school district program, Florida College System institution, or state university may also provide campus coaching services and other support to a student who is exempt from the payment of tuition and fees under s. 1009.25 to promote his or her successful completion of postsecondary education and transition to independent living.
Partners and Programs
Membership Expectations

• Help students with enrollment, financial aid applications, and exploration of career opportunities
• Connect students with resources (academic and community)
• Develop campus connections and internal networks

• Participate in monthly program conference calls
• Voice opinions and concerns on matters of importance related to the students
• Provide current contact information to Positive Pathways Program leaders
Partners

- **Florida College Access Network (FCAN):** plays a leading role in promoting postsecondary education throughout Florida.
- **Florida Guardian ad Litem (GAL) Program:** their extensive experience can be used in an educational mentoring capacity with students from foster care using the tuition exemption.
- **Southern Scholarship Foundation:** Provides no-cost housing on a competitive basis.
- **AOK Scholar Foundation:** Provides emergency funding to students who receive the homeless or DCF waiver.
- **Florida Guardian ad Litem:** Florida Guardian ad Litem represent the legal interests of Florida’s most vulnerable children, the abused, abandoned and neglected.

Seahawk Outreach Services (SOS)

The Mission of Seahawk Outreach Services (SOS) is to provide wrap-around services and holistic support to students by connecting them to key campus resources and referring them to community organizations. The goal of SOS is to help reduce food and housing insecurities, stress/mental health challenges, homelessness, and financial obstacles among our student population.

Click HERE for more information.

Educate Tomorrow @ Miami Dade College

Educate Tomorrow at Miami Dade College is a student support program that supports MDC students from foster youth, as well as homeless, unaccompanied or other disadvantaged youth. We also help students who receive the Department of children and Families tuition waiver. We offer academic support and mentoring services through our Changemaker Corps Peer Mentor Program with the goal of creating a strong network of support, streamlined academic and financial adipiscing, and access to services in the community in order to increase academic progress and graduation rates.

Click HERE for more information.

GROW WITH RISE

The mission of the Road to Independence, Success, and Excellence program, better known as RISE, is to increase the graduation rate of students using the Florida Department of Children and Families Tuition and Fee Exemption and students using the Homeless Fee Exemption, as well as to enhance their overall academic experience.

The RISE program is housed at the St. Petersburg/Gibbs Campus but serves all 11 SPC locations.

Click HERE for more information.

Emerging Eagles

The Emerging Eagles Program (Fostering Achievement Program) was established to address the overwhelming need for a comprehensive support structure to assist foster youth in making the transition from a structured foster care program to independent young adulthood.

The Fellowship program will provide financial, academic, and social support to assist college-bound youth aging out of foster care to pursue a college education. These supports come in many forms, including individual and group meetings, the creation of educational plans, as well as the continued linkage of resources both within the TCC community and the Tallahassee community at large.

CoC & CBC: Homeless & Foster Care Services

**Continuum of Care (CoC)**

- Continuums of Care (CoC) are organizations composed of representatives of nonprofit homeless providers, victim service providers, faith-based organizations, governments, businesses, advocates, public housing agencies, school districts, social service providers, mental health agencies, etc.

- Students who receive the homeless waiver may be connected to these organizations.

**Community Based Care (CBC)**

- Community-Based Care is a comprehensive redesign of Florida’s Child Welfare System. It combines the outsourcing of foster care and related services to competent service agencies with an increased local community ownership of service delivery and design. This innovative statewide reform increases accountability, resource development, and system performance.

- Students who have experienced foster care are connected to a CBC.
CoC lead agency service areas are shown below. Select your county on the map below to connect with the CoC lead agency in your area or download a list of CoC Contacts.

Enter a County

Continuum of Care (CoC)
Florida’s Child Welfare System is comprised of CBC lead agencies which combines the outsourcing of foster care and independent living services. This design provides community ownership over the programs and services designed to help older foster youth and young adults who have spent time in Florida’s System of Care.
