Tuition Waivers for Youth Who Have Experienced Foster Care
1009.25 F.S.

• The State of Florida provides tuition and fee exemptions, to eligible students, through age 28.
• The waiver is authorized at state public universities, public colleges, and technical colleges.
• Fee exemptions may be available to a student who:
  o Is, or was at the time he or she reached 18 years of age, in the custody of a relative or nonrelative pursuant to s. 39.5085 or s. 39.6225.
  o After spending at least 6 months in the custody of the department after reaching 16 years of age, was placed in a guardianship by the court.
  o After reaching 14 years of age and thereafter spending at least 18 months in out-of-home care, was reunited with his or her parent or parents who were the subject of the dependency proceeding before he or she reaches 18 years of age, including a student who is reunited under s. 39.8155. For a student to be eligible under this subparagraph, the student must be Pell Grant-eligible, and the entity imposing the tuition and fees must verify such eligibility.
  o Was adopted from the department after May 5, 1997.
  o Was placed in a permanent guardianship, regardless of whether the caregiver participates or participated in the Relative Caregiver Program under s. 39.5085, and remains in such guardianship until the student either reaches 18 years of age or, if before reaching 18 years of age, he or she enrolls in an eligible institution.

Note: The exemption remains valid until the student reaches 28 years of age. See § 1009.25(1)(c), (d), Fla. Stat. For questions regarding eligibility or how to obtain a tuition and fee exemption form, CF-FSP 5220, contact your local Community Based Care Lead Agency or call Florida’s Independent Living Resource Center, operated by daniel, at 1-844-ILYOUTH (844-459-6884).

Education Tomorrow at FAU
The Educate Tomorrow at FAU Program is a student support program designed to support FAU students who receive the DCF or homeless tuition waiver. We provide students with wrap around support services from admission to graduation, with a goal of creating a strong foundation of support, academic coaching and advising, and access to services on and off campus in order to increase academic progress and graduation rates. For more information click here.

Florida International University’s Fostering Panther Pride (FPP) program offers tailored academic and support services to students identified as formerly in foster care or homeless.

The Unconquered Scholars Program
The Unconquered Scholars Program provides an array of support services promoting overall success to youth who experienced foster care, homelessness, relative care, or ward of the State status. Many Scholars have faced profound hardships during childhood that may increase their risk of leaving academia without a degree. In fact, research indicates former foster youth are far less likely to earn a degree than their non-foster care peers. Florida State University is committed to meeting the unique needs of Unconquered Students so they experience the long-term professional and personal benefits associated with educational attainment. Pathways to CTE Success

New Pathways to CTE Success Partnership Aims to Increase Postsecondary Attainment Among Students from Foster Care and those Experiencing Homelessness

The Florida Department of Education Career and Technical Education (CTE) Division and the Florida Association of Career and Technical Education (FACTE) have partnered with Educate Tomorrow to establish Pathways to CTE Success, a statewide initiative to increase the number students who obtain certification and postsecondary workforce credentials using the Florida Homeless Tuition Waiver and the Florida Department of Children and Families (DCF) tuition and fee exemption.

Pathways to CTE Success aims to develop a statewide network of informed professionals to support students using the exemptions in school district career and technical education programs, similar to the DCF Positive Pathways Program, which Educate Tomorrow has run for the past eight years. The program includes the following services:

- Recruitment of campus-based and community-based members
- An annual virtual conference
- Quarterly statewide calls and newsletters
- Quarterly professional development webinars
- Campus visits and presentations by CTE programs

OPPAGA Report on Homeless and Foster

FAFSA: Homeless and Foster Youth
JASMINE MOORE, SUCCESS COACH

CITRUS COUNTY COALITION FOR COLLEGE AND CAREER
Statewide Government Study Sheds Light on Campus Foster Care and Homeless Liaisons

The State of Florida's consistent efforts to provide free tuition to students from foster care and homeless backgrounds, and the work of the Positive Pathways Program (PPP) members, have resulted in impressive academic outcomes for students who can matriculate into a postsecondary educational program. This is a major conclusion derived from a line of funded research by the Florida Office of Program Policy Analysis and Government Accountability (OPPAGA). OPPAGA, the research arm of the Florida Legislature, released a report last December that focused on the work of school districts to improve outcomes for students who are part of the Positive Pathways Program.

The report indicated new information about the operations and academic progress of post-secondary institutions. A significant finding was that the number of students using a post-secondary pathway, who were 12th graders in 2019-2020 and 15 years old, increased significantly (eightfold) and the number increased from 37 to 368. The percent of students using the DCF waiver at Florida College System (FCS) increased from 2.4 to 10.6 percent and the number of students increased from 3,371 in 2016-2017 to 4,176 in 2019-2020, an 18% increase, before dipping to 2,902 in 2020-2021, a 25% decrease. Furthermore, the number of students from foster care who attend an institution with a campus-based program increased from 605 to 884 to 834 in 2019-2020, a 21% increase.

The report noted that 91,681 foster youth who began using the post-secondary waiver from 2013-14 to 2023-24, the majority of students had at least a 2.2 GPA at the end of their first year of education, which demonstrates adequate academic progress as defined by this state. "All of Florida's post-secondary institutions have at least one staff member designated as working specifically with foster care students."

CoC & CBC: Homeless & Foster Care Services

**Continuum of Care (CoC)**

- Continuums of Care (CoC) are organizations composed of representatives of nonprofit homeless providers, victim service providers, faith-based organizations, governments, businesses, advocates, public housing agencies, school districts, social service providers, mental health agencies, etc.

- Students who receive the homeless waiver may be connected to these organizations.

**Community Based Care (CBC)**

- Community-Based Care is a comprehensive redesign of Florida's Child Welfare System. It combines the outsourcing of foster care and related services to competent service agencies with an increased *local community ownership* of service delivery and design. This innovative statewide reform increases accountability, resource development, and system performance.

- Students who have experienced foster care are connected to a CBC.

Florida’s child welfare system is comprised of CBC lead agencies which combines the outsourcing of foster care and independent living services. This design provides community ownership over the programs and services designed to help older foster youth and young adults who have spent time in Florida’s system of care.
