Council Member Lucas stated he didn’t see where a secretary would be provided for the magistrate for Rossville. Chairman Stuart stated it is in the budget for a secretary.

Council Member Wilson asked how many inmates would be with the part time litter pickup employees and if training would be required from the State. Chairman Stuart stated two inmates would be with one-part time employee. The South Carolina Association of Counties would provide the training to show how to properly handle inmates. Council Member Wilson also wanted more information on the coroner’s vehicle. County Coroner Terry Tinker stated currently they use a 2007 Yukon for all of the traffic fatalities occurring on I-77. Deputy Coroner Lyle Dickerson who lives in Victorian Hills drives twelve miles to Chester to pick up a vehicle and drives twelve miles back to the interstate. We would like to keep a vehicle in the Richburg area, and had asked Chief John Agee if he could keep the vehicle in his old fire department. The car (Tinker) currently drives will be kept in the bay at the Coroner’s office for weekend and after hour calls.

Chairman Stuart stated under 8.a, of the agenda “amend the budget ordinance to allow the Chester County Coroner to collect Revenue”. This would allow the Coroner to rollover fees collected into a special revenue fund. County Treasurer Tommy Darby stated he is requesting from Council to rollover around $2000 to a special revenue fund and use the money for his office. The money is collected through funds obtained from coroner’s reports, autopsy reports, photos etc.

Chairman Stuart stated to Council in the budget the salary adjustment has been included for the recycling center employees from $7.50 to $9.00 an hour, reclassify the accountant to senior accountant which is a $4000 impact, and move the Tax Collector under the Treasurer Offices. was introduced by the House that requires County Council’s to provide office space and monies to the operation of local delegate offices in the County if asked to do so. He went on to say this could make the county a partner in the project and allow the county use of the facility.

Council Member Lucas stated it was not fair to Great Falls or Lewisville to drive all the way to Chester for a home track meet. He stated Chester County is rural unlike nearby cities like Rock Hill, home to Cherry Park who has amenities. Proposals like this always seem to benefit the City of Chester at the expense of the county’s other communities.

Council Member Oliphant stated they were not trying to compete with Cherry Park, but wanted to build a facility that would benefit schools here and the community. This is not about favoring the City; it’s about having it where its economical. Currently Chester County does not have a regulation track, this would give us one.

Council Member Jordan stated he was not opposed to the track and was not present at the last Recreation Committee meeting but, one of the issues that came up was the location of the district track. Originally when the funds were allocated the recommendation for the track was to be in a central location, the School
District has taken it in another direction. Chairman Stuart stated that was correct, at the last Recreation Committee meeting the motion failed 2-2, they would like to have a letter of support, statistics on the crime in the area and a traffic study.
