8. New Business

a. Consideration for a Grant Match for Repair of Drainage at The Airport. -Keith Roach

Keith Roach, stated he was requesting a 25% match from the County to do critical work in relations to a program the South Carolina State Aeronautics has for the airport. Council Member Oliphant asked what was the total cost to make all the repairs to the drainage. Mr. Roach stated $66,765 dollars if it comes in with no additional work, the drainage problems have been there since 1941 when the airport was built. They have a choice to close some of the runways down but this would limit the airport. South Carolina Aeronautics looked at this and was told by them it must be fixed immediately or they will have to close stuff down.

Council Member Wilson stated he was at the site and several places the water has washed the dirt away. Mr. Roach stated the storm drains must be dug up, if it’s done now they will not breach the pavement of the taxi ways and the run ways. He stated South Carolina Aeronautics pre-approves who works on the airports and the Division of Airports are the only ones who are approved. This was postponed until the November 6th, 2017 meeting to get more information on the procurement process and taken as information.
