REPORT BACKS:

Abolish ICE: Thursday, September 24th South Ferry
About 30 Attendees with a few others joining in during the demonstration. Because it was just a few days after Breonna Taylor’s exoneration it was hard to be in the right headspace for immigration. A few hecklers passing by, but demonstrators were able to interact with them and explain that challenging people to consider a vote for Trump is voting for this. So still is very much relevant.

Say Their Names Every Friday at 5pm 96th and Broadway
New “Stop Killing Black People Banner” and also seeking a louder PA system so folks outside the demonstration can hear the names and possibly come observe or participate. The additional speaker system that has been added has been very helpful too!

Make Billionaires Pay Outside Bloomberg’s Mansion on 79th st.
Action to demand a Green New Deal in NYC. An event we endorsed with The DSA. Very inspiring event and a very productive one as well. Seems to be making waves and could ignite some changes in the future.

Justice For Briana at Camden Plaza Sunday, September 27th
Family and food fair. 4 RaR members showed up, but felt it was a little too warm of an event to hold banners and harsh photos with families and children present. The nature of the event came as surprise and wasn’t anticipated to be that kind of event. Was a miscommunication, and was actually intended for an event that took place that night before.
NYPD Attacking Crowds At Washington Square Park
Wrolf just happened to stumble upon the tail end of an art protest, young people dancing and singing. The event was clearly coming to a close and the NYPD swooped in about 4 minutes after Wrolf got there. The NYPD confiscated music gear and escalated very quickly. Hostility increased to the point that Wrolf was even knocked to the ground. A portion of the crowd went to the precinct to demand their equipment back and then got rushed by the police again. The observation made is that even peaceful BLM protests are being violently disrupted and hostility outbreaks by the NYPD ensue regardless of the nature of the event.
