**Vote to Endorse: Passed**

**Guest Speaker Marvin Mayfield.** Director of Organizing with CCA (Center for Community Alternatives), group working to change sentencing laws. Seeking to reduce reliance on incarceration. Raise the Age, Halt Solitary, Elder Parole all intersecting issues. Working w/NY legislature on bail reform. Communities Not Cages Campaign to end decarceration by restructuring sentencing laws. 1. Eliminate mandatory minimums (for repeat offenses) allowing judges to take extenuating circumstances into account, preventing prosecutors from extracting false guilty pleas. 2. Institute Second Look: If a person has a 25+ sentence and has served 10 or half of the sentence they can apply to have the original court revisit their sentence. (Unclear whether a prisoner is entitled to representation). 3. Increase Earned Time so prisoners can get sentences reduced by “good time,” currently only 7% of sentences are allowed (other states have as much as 70%). Hearing before sentencing to determine whether prison is the best course. Re: Criminal Justice Reform being blamed for crime increase: national uptick, not just NY.

**Update RaR Website.**
Need to eliminate calendar, defunct working groups, put old stuff in an archive, add new headings to remaining pages, add current info. Dann agreed to help. Jennifer will be the point person. SFJ Intern Meghan will be hired at $35/hour to do 10 hours of work, with a cap of $500.

**Vote to spend $500- passed.**

**Redistricting update.**
Not as bad for Democrats as anticipated due to Republican extreme gerrymandering in the past. Dems may have gained 5 seats in Congress due to redistricting. Only 3 Dems will run in districts where Trump won. 15 Republicans will run in districts that Biden won. See Robert Hubbell and Jessica Craven newsletter for details.
