Upcoming Actions

Rikers Vigil Thursday  Dec 15 at 5PM in Times Sq. Subway Station near Shuttle
● Donna: This will be our second RaR led vigil.
● 19 human beings have died on Rikers so far this year. They died from drug overdoses, medical neglect, and suicidal despair. Rikers Island is a crime scene.
● 1,000 people locked up on Rikers have a serious mental illness. We spend over half a million dollars a year keeping each of them on Rikers. The money could be far better spent outside prison, treating their illness instead of punishing them for it.
● 90% percent of those locked up on Rikers have not been convicted of a crime. Innocent until proven guilty, they wait for justice, many for more than a year.
● The total annual cost to operate Riders is more like $2.7 billion when you take into account pension fund contributions and benefits for the guards.
● **There are proven, positive alternatives** for those convicted of minor crimes and sentenced to less than a year, such as work release programs.

● **No person should be abandoned in the violence and despair of Rikers.** Its continued existence is our failure and our shame. It’s up to us to change it.

● **Contact the Mayor’s office by calling 311 today. Demand he take immediate steps to speed up the plan to Close Rikers Island and to reduce incarceration overall.** [bit.ly/rikers-humanrights](bit.ly/rikers-humanrights)

Important to beef up our balance

Mary Hawkins developed a slide, which needs a clickable link.
  o Needs to be brighter and punchier.

Expand fundraising to people who cannot be involved in actions or won’t go to actions.

Coordinated email to friends outside of RaR. How about a pitch letter that we all send out.

Thursday 12/8 Climate action at Schumer’s house
  o Paul: Paul and Cherie and several groups and good speakers were present.

Thursday 12/8 noon rally at City Hall against Mayor Adams’ plan to remove people involuntarily
  o Donna: Very good actions, excellent speakers. Seems to have gotten some good coverage.
  o Good showing including homeless people and some doctors talking about their personal experience

Friday 12/9 Say Their Names every Friday at 4:30PM at 96th & Broadway
  o No issues lately
  o Good showing on a cold, raw day.

Saturday 12/10 NYYRC Club Gala
  o Jamie: Our plan was to go with signs and ARREST TRUMP banner. Try not to engage with the attendees, but to focus on the headliners. But UARF put it out on their twitter feed, and that notified NYPD, who might have come anyway.
  o Police really wanted to arrest us.
  o Mike Hisey’s video: Police closed the sidewalk, they set up a pen, and then made everyone get out of the pen. We picketed with the light, which blocked the turning traffic; we kept arguing with the police; we timed it with the lights; very frustrating.
  o Donna and Julie: protesters were calling everyone pigs and pederasts. Lost the plot line. They did exactly what we did not want to do. Really worked against our interests.
  o Pivoting and creating a new choreography with the walking back and forth on the crosswalk was brilliant; got our message across to the people in cars.
  o Various members talked about how the police set the tone, some said they got caught up in it. Police were so irrational that bystanders got caught up.
  o Joy Reid did footage of what was going on inside. They are fully aware that the state went red.
    o Twitter link to what went on inside:
