

DANIEL CASE WOODS

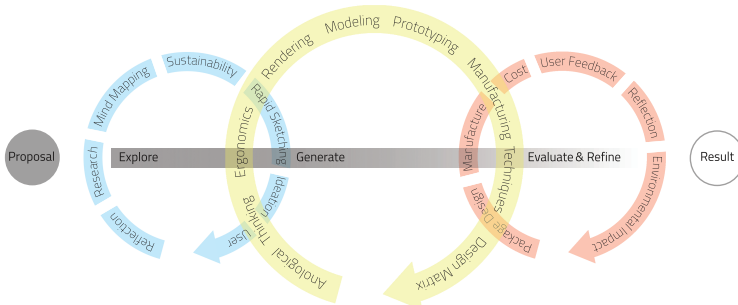

INDUSTRIAL DESIGNER

PERSONAL STATEMENT

I am a passionate Portland based industrial designer. I enjoy clean, smart and effective design. My projects demonstrate creative ability and technical skill, as well as an eye for artistic beauty.

DESIGN PROCESS

Throughout a life-long romance with design, I have completed many projects of various caliber and in all instances I have continued to follow and improve my methodology and approach.

WHY WE SHOULD WORK TOGETHER

- Ability to conceptualize and create through use of practical knowledge and artistic skill
- Thrive as a member of a team of creatives
- Thorough understanding of the principles of design and design theory
- Knowledge of manufacturing and fabrication techniques with an “engineer’s eye” for function
- Strong technical skills with the use of computer aided design
