Pedals	Fibre Reinforced Composite Platform

The all new Wessex is conceived to be the ideal British road bike. Developed and specified for riding on all road surfaces, the Wessex uses the very latest in tubeless ready, high air volume Schwalbe tyres on 21mm wide Easton AR rims.

Whether you're commuting longer distances, winter training or entering summer sportifs, the Whyte Road Disc range offers Cyclo Cross durability with pure Road geometry.

12mm through axles, tubeless tyres, disc brakes and the ability to fit full length mud guards makes the Wessex arguably the most versatile and capable carbon road bike we have ever made.
