

## **RMT PROGRAM SOURCE LICENSE (RMPSL)**

### **PREAMBLE**

The terms of this License apply to all types of programs distributed as source codes which contain a notice placed by the copyright holder saying that it may be distributed under the terms of this **RMPSL** license. The term "Program", below, refers to one or several files of the source code performing specific functions when used as part of another software. The term "work", below, means either the Program or any derivative work under copyright law, that is to say, a work containing the Program or a portion of it, either verbatim or with modifications and/or translated into another language. (Hereinafter, the term "modification" is used in the broadest sense) Each purchaser of the Program copy is referred to below as the "Licensee".

Activities other than copying, distribution and modification of the software are not covered by this License; they are outside its scope. It does not set limits on the number of works.

### **LICENSE TERMS**

1. The Licensee may not distribute copies of the Program source code including any portions of it in any medium to third parties.

2. The Licensee may modify his copy or copies of the Program fully or any portion of it, thus forming a work based on the Program. The Licensee may form and distribute copies of such work only without the source codes of the Program or a portion of it. When distributing or publishing any work that contains the Program or a portion of it, or is derived from the Program or a portion of it, the Licensee shall place a notice about the Program license copyright holder in the description of the work. The distributed work must be licensed as a whole.

The above requirements apply to the modified work based on the Program as a whole. If identifiable sections of that work are not derived from the Program, result from creative activity, and can be used as an independent work in itself, then this Licensee may distribute such work on other terms.

It is not the intent of this section 2 to claim rights or contest rights to work written entirely by the Licensee. The intent is to exercise the right to control the distribution of derivative or collective works based on the Program.

3. The Licensee may copy, distribute, or transfer the right to use the Program only with the written permission of the copyright holder. Any attempt otherwise to copy, distribute or transfer the rights is void and will automatically terminate this License and the Licensee's rights under this License. Also, the rights of third parties who received copies from the Licensee under this License are considered invalid.

4. The Licensee's accession to this license is effected only by accepting and signing the terms of the license.

5. If, as a consequence of a court judgment or allegation of exclusive right infringement or for any other reasons not directly limited to violation of exclusive rights issues, conditions are imposed on the Licensee (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse the Licensee from the conditions of this License. If the Licensee cannot satisfy simultaneously his obligations under this License and any other pertinent obligations imposed as above, then as a consequence the Licensee may not distribute copies of the Program or derivative works at all.

The intent of this section is to protect the copyright to the Program or a portion of it from misuse by the Licensee. When distributing the work the Licensee must eliminate contradictions arising for some reasons between the terms and conditions of this License and the work license.

6. If the distribution and/or use of the Program is restricted in certain countries by patents or copyright agreements, the original copyright holder who places the Program under this License may add an explicit geographical distribution limitation including only those countries where distribution is permitted without such restrictions.

In such case, this License incorporates the geographical limitation thus recognizing it as one of its conditions.

7. If the Licensee wishes to incorporate part of the Program into other free programs whose distribution conditions are different from those of this License, he should write to the Program's author to ask for permission.

## **NO WARRANTY**

8. BECAUSE THE PROGRAM IS DISTRIBUTED AS SOURCE CODES, THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE AUTHOR AND/OR OTHER COPYRIGHT HOLDER PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH THE LICENSEE. SHOULD THE PROGRAM PROVE DEFECTIVE, THE LICENSEE ASSUMES THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION. PRIOR TO LICENSING, THE LICENSEE MAY BE GIVEN THE OPTION OF THE PROGRAM QUALITY TESTING ON THE TERMS AGREED BY THE PARTIES.

9. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL THE AUTHOR AND/OR ANY OTHER COPYRIGHT HOLDER WHO MAY MODIFY AND/OR DISTRIBUTE THE PROGRAM UNDER THIS LICENSE, BE LIABLE TO THE LICENSEE FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY THE LICENSEE OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS AND ANY OTHER LOSSES). UNDER THIS SECTION, THE AUTHOR AND/OR ANY OTHER COPYRIGHT HOLDER WILL NOT BE LIABLE EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
