

Kieran Hunt Bio

Kieran Hunt is the Manager of Municipal Services with Asplundh Tree Expert, LLC's Technical Services Department. He is responsible for working with Asplundh's field operations to improve and expand municipal and roadside vegetation management programs. Asplundh Municipal brings industry best practices and expertise to government organizations that contract for these services.

Hunt has a background in municipal tree management and inventory as well as utility vegetation management and work planning. He is an ISA Certified Arborist Utility Specialist and New Jersey Licensed Tree Expert and has a B.S. in Ecology, Evolution, and Natural Resources from Rutgers University. He is an Executive Board member for the NJ Forestry Association.
