Skip The Line
Student Guide
About Skip The Line

Just like the name says, this feature through Career Fair Plus lets students skip the line.

Skip The Line allows you to schedule a time to speak with recruiters at the career fair. Scheduling appointments with Skip The Line will fast track your career fair experience. If you don’t already have the Career Fair Plus app, [download it now](https://example.com).

There are 14 companies at EXPO that are going to utilize this feature to talk to students. These companies will still be talking to students through normal booth traffic.

Companies specify prerequisites like major, year in school, industry, etc. for their Skip The Line schedule. These prerequisites may vary or be the same as the requirements for the students they are looking for. If you don’t have the prerequisites a company is looking for in Skip The Line, be sure to look at the Career Fair Plus app to see if you fit the requirements for students they are looking to hire.
Setting-Up Your Profile on Skip The Line

Click on the Skip The Line tab at the bottom of the screen on the mobile app.

Click on “Profile” in the top right-hand corner of the screen.

From here you will be able to upload your resume, add a URL to your LinkedIn profile, and edit your information.
The scheduling window opens on Monday, January 20th, at 9:00 am.

On the list of employers, companies participating in Skip The Line will be labeled as such with a blue bar under the company name.

Click the company and then on the blue button that says “Skip the Line”. Then you will go to a list of their schedules. Some of the companies with more than one schedule have schedules that have different prerequisites. The app will tell you if you don’t meet all the prerequisites for schedule.
When you meet all the prerequisites for a schedule you can click the arrow on the right side. This window will show you all the schedule details. At the bottom of the screen you can select your time to meet with a recruiter.

If you need to cancel your appointment, you have until the scheduling window closes at 8:00 am on the day of the fair.
