Tom asked that you touch on just a few points, which I'm sure you already planned to say...

- Alaska is open for business. The Governor has been a vocal supporter of Pebble for years.
- Governor's travel schedule and commitments to attend a conference has kept him from meeting with the group.
- Governor would be willing to meet with them at a later date.

That's it. You know the talking points otherwise. I've seen you deliver them several times. You're a rockstar.

And thank you again for being there tonight!
