## Memo from the Grand Regent

### SEEING THE POSSIBILITIES

Welcome to Pittsburgh and the Grand Council Convention.

This will be an experience that will change how you think of Brotherhood as we see the possibilities, as we see Kappa Psi with a new pair of eyes. Are your eyes open? Is your mind ready to think about what our beloved Order can be? Are you ready to reaffirm your commitment? If you answer yes to all of these questions you will experience a new vision for Kappa Psi. You will meet Brothers that have similar thoughts and concerns that you do. You will meet the 'legends' of Kappa Psi. Talk to them; introduce yourself not only to Brothers your own age but the "legends" as well. You will find them anxious and willing to share their experiences and their thoughts on Kappa Psi. Meet the Executive Director, Brother Scott Long and the administrative assistant, Taffiney Sherril. They are the voices on the phone when you call them for help. They, like all of the Executive Committee are committed to make your experiences as a Kappa Psi Brother the best it can be. They are loyal, dedicated and competent.

Be certain to meet the candidates running for national office. These Brothers have placed themselves in a position to be your leaders, to move Kappa Psi forward; you need to help them see the possibilities. You need to decide who should lead the Fraternity for the next two years. Consider all of them carefully; they will have the future of our Fraternity in their hands. Those elected will rule wisely but they need your support. Open yourself to them; learn their ideas, their values, and their ideals. It is your responsibility to do so.

## Memo from the Convention Chairman

Brothers and Guests,

It is my pleasure to welcome you to Station Square, the City of Pittsburgh, and the 52<sup>nd</sup> GCC !!!

Bringing the GCC to Pittsburgh was a project many years in the making, culminating with 2 years of hard work, and planning by the Local Convention Committee, to bring you the program we have planned for you this week. We have all done our best to make this GCC, what we hope, will be one of the most memorable and enjoyable in our history. Please take the time to experience all that the City and Station Square has to offer.

The theme of the 52<sup>nd</sup> GCC is "Seeing the Possibilities." Everyday, in our Chapters, in our Provinces, and in the Fraternity at Large, there are possibilities all around us; possibilities for greater achievement, new and innovative ideas, new directions, and new possibilities to better serve our communities, the profession of pharmacy, and our own brotherhood. Possibilities to be a little better tomorrow than we are today. During the course of this week, we will explore those possibilities through workshops, CE programs, as well as our general sessions, which will place the future of our great fraternity, in your hands. You will be the visionaries for Kappa Psi who will pave the way for our brothers of the future. See the Possibilities!
