## Introduction to Volume I, 1902

---

OUR object in publishing this directory is for the purpose of introducing Kappa Psi men to each other.

Within these pages will be found the name and home address of all the men admitted to membership in the Fraternity up to and including March 1st, 1902; together with a list of Passive and Honorary members.

In the college term—members should be addressed in care of their University (or College); during vacations and after graduation, communications should be sent to their homes.

The editors have spared no pains to make this little book complete in every detail, and if we have fallen short of our expectations in this undertaking, we plead inexperience. However, if it serves to join together through correspondence the men of different Chapters, we feel that what we have set out to do has been successfully accomplished.

To the Secretaries of the different Chapters we are indebted for the information they have given us regarding their respective Chapters, and take this opportunity of extending to them our thanks for their assistance.

To the rest of the Fraternity we hope this book will be received with the same spirit as it is published, and we trust every copy will become well thumb-marked from constant use.

Fraternally yours,

THE BOARD OF EDITORS.  
(VOLUME I.)

# Seventh Edition Introduction to the Present Volume

(Vol. VII, 1909)

---

**T**HIS, the seventh revised edition of "THE AGORA," differs in some respects from all previous editions.

The editor of this one has endeavored not only to issue a thoroly revised and up-to-date directory of our rapidly growing Fraternity, but likewise by the arrangement of the text and the inclusion of new material to make this volume a Hand-Book of Kappa Psi Information.

The presentation of the material is as concise as it is deemed consistent to have it without making it unintelligible, and we believe that the members will consider the time consumed in perusing the succeeding pages as time well spent.

We will call the attention of all Brothers to a ruling of the 1908 Convention of the Grand Council, at Charleston, S. C., on November 25-28, 1908, making "THE AGORA" the esoteric or secret medium of Kappa Psi. As a result of this all members are requested to retain this publication for their own exclusive use.

While there is nothing of a truly secret nature within these pages, it is rightly deemed that the directory of membership should not become public property.

Fraternally,

HENRY J. GOECKEL,

EDITOR.
