Shoot 5 is two shoots at two contrasting locations on two separate days and includes ALL the downloads from both shoots plus a 50-page hardcover book of all of your favourite images from both shoots.

**Credit** All shoots (except 5) come with a credit value that you can use to spend on prints, gifts or downloads. Print prices start at £10.

**Suitable for** The more dogs on a shoot the more time it takes. Some dogs need more time than others - for example if they are shy, get distracted, need to be on a lead etc. If in doubt it is always better to allow more time.

**Shoot length** All times are approximate - the nature of outdoor dog photo shoots requires flexibility and patience as you never know what's going to happen.

**Travel** Above prices include travel fee up to 10 miles from Brighton, Exeter or Oxford. Beyond 10 miles from these cities a 45p per mile travel fee is applied.

**Personalised gift vouchers boxes** are available for all the above shoots.
