

MANAGING CONFIRMED OR SUSPECTED COVID-19 CASES

THIS FLOWCHART IS DESIGNED TO HELP CLUBS/TEAMS MANAGE CONFIRMED OR SUSPECTED COVID-19 CASES.

DEFINITION OF CONTACT: BEING WITHIN 2M OR LESS OF A SYMPTOMATIC OR COVID-19 POSITIVE PERSON CONTINUOUSLY (EG. CAR-SHARING, WAITING TOGETHER AT A VENUE, SPECTATORS).

PLAYERS/COACHES/
OFFICIALS ACTIONS

COVID OFFICER ACTIONS

PLAYER DEVELOPS COVID-19 SYMPTOMS

Player to contact club COVID Officer to inform them when the symptoms started.
Player to book test* and start self-isolation (only if they receive a negative test can they stop self-isolation).

Ensure that symptomatic player does NOT attend any lacrosse activity. Inform other players of suspected case and ask them to monitor their own health for symptoms. Follow up with symptomatic player after they receive a test result. If negative, the player can return to normal activity.

PLAYER RECEIVES POSITIVE TEST RESULT

Player to contact club COVID Officer to inform them of the date of test. Player to self-isolate and follow advice from Test & Trace - player will be asked to share information with T&T about those they have been in close contact with and where they have been recently. Click [HERE](#) for more guidance.

T&T may contact COVID Officer to ask for details of others who attended any sessions that may have resulted in contact with the infected person. Contact COVID Officer from any opposing teams you have played against in the last week to let them know.

T&T will advise people who have come into contact with the positive tested individual to self-isolate. If players are not contacted by T&T, they DO NOT need to self-isolate and can continue normal activities.

Has the individual been contacted by T&T?

YES

NO

Self-isolate in accordance with Government guidelines. Click [HERE](#) for more guidance. Player does not need to book a test unless they develop symptoms or are instructed to do so by T&T. Player can return to lacrosse activity once they have completed their self-isolation as long as they remain symptom free.

COVID Officer to notify England Lacrosse about the confirmed case via covid@englandlacrosse.co.uk.

COVID Officer to contact any facility operators they have used in the past week and advise of positive test result.

COVID Officer to notify members that there has been a positive test/player with symptoms at a session they have attended. Remind them of general guidance like hand-washing etc. If they develop any of the COVID-19 symptoms, advise that they arrange a test* and inform the COVID Officer.

MEMBER OF PLAYER'S HOUSEHOLD/SUPPORT BUBBLE TESTS POSITIVE/HAS SYMPTOMS

Player to self-isolate until member of household/support bubble gets a test result. Click [HERE](#) for more guidance.

NEGATIVE TEST RESULT**
Player can stop self-isolating if the test comes back negative as long as they DO NOT have any symptoms and neither does anyone in their household/support bubble.

POSITIVE TEST RESULT/NO TEST RESULT
Self-isolate in accordance with Government guidelines. Inform club COVID Officer that player is self-isolating due to a positive case in their household/support bubble and ensure they DO NOT return to training until self-isolation period is complete and they are symptom free.

Player to ensure they are symptom free and well enough before returning to any lacrosse activity. COVID Officer to check in with all returning players.

*ONLY get a test if you have at least one of the following symptoms: high temperature, a new, continuous cough, a loss or change to taste or smell.

**Guidance for schools may vary so please follow the guidance sent out by the school.
