Libby Home Screen (iOS/Apple & Android)

*From the Home Screen, Libby is very easy to navigate!*

- Using the magnifying glass at the top left of the library home page you can search for titles/authors
- Also the top left of the library page you will see a plus sign for preferences, where you can place filters based on your reading needs
  - *Example if you only want audiobooks that are available or you only want non-fiction ebooks choices to show on the home screen*
  - *Once you change your preferences select “Apply Preferences”*
- At the top right of the home page you will see the Libby icon, where you can see your settings: Library, Library Card, and Help options to further explore Libby
  - *You can have more than one card attached to your app*
  - *For example, you have a child/relative who reads on your device*
- At the bottom left of the screen is the library home button, which navigates you back to the home screen if you get lost while browsing
- At the bottom right of the screen is your bookshelf where you can manage your loans and see your history.
- Once you have found a book to read/listen to select “Borrow” if the item is available. If it is not available select “Place Hold” to be put in line for the next available copy
  - *If you are planning on going on a trip where you are not connected to wifi it is important to download reading/listening materials connected to wifi before starting your trip so you will have access to materials*
