

Our vision for Sydney

Assert Sydney's position as a global 24 hr city through creative, social and economic vibrancy.

Vibrant

- A nightlife that allows Sydney's unique personality to be expressed, not stifled.
- Replace the lockouts with liquor licensing that is better targeted, rewards good performance and encourages the provision of cultural activities alongside alcohol.
- A 24-hr urban transport system worthy of a global 24-hr city.
- Greater diversity after dark including food, retail, cultural and recreational offerings.
- Removal of regulation stifling the use of vacant and flexible space.

Smarter

- A dynamic 24-hr culture to attract the best young talent – the foundation of Sydney's startup ecosystem.
- Best practice governance that is effective, inclusive and accountable.
- A 'night mayor' serving as focal point and champion for the night time economy.
- Integrated urban planning reform that protects the local music scene.
- Smarter, evidence-based decision making that embraces data, analytics and technology across all aspects of planning and design.

Welcoming

- A more inclusive nightlife, catering to all ages, cultures and lifestyles.
- Improved late-night transport options to make our streets safer.
- Collaborate with police to improve working relationships with community and business, and ensure community oversight.
- Functional, dynamic and attractive public spaces designed to curb anti-social behaviour.
