Dear Madison Development Corporation Partners and Friends:

We are pleased to be celebrating our 40th Anniversary in 2017. Madison Development Corporation (MDC) was formed on November 11, 1977, for “charitable, scientific, literary and educational purposes” with the activities of the corporation being directed to “the benefit of the Madison Community.”

We have indeed benefited the Madison community through our business lending, affordable housing and venture financing programs.

In 1979, we launched our Business Lending Program under the leadership of Roger Ganser, our first MDC President. Initial financing was received via a $500,000 Community Development Block Grant from the City of Madison under the leadership of Mayor Paul Soglin. Since its inception, our Business Lending Program has provided more than $23 million in loans to over 400 Madison businesses, which created 3,500 jobs in the city.

Under the leadership of Frank Staniszewski, our second MDC President, we built our housing portfolio to 253 units. We pride ourselves on providing quality, affordable housing for the working people of Madison. Under the strong leadership provided by our volunteer board, we continue to own and manage our properties, which are located throughout the City of Madison and the City of Middleton.

In 2005, our Vice President of Lending, Dave Scholtens, co-founded our Venture Debt Fund with Frank so that MDC could provide high-tech companies with the critical financing needed to grow and expand their companies here in Dane County. Since inception, this fund has provided over $13 million to 46 companies and these organizations created over 1,400 high quality jobs in Dane County. Our fund investors include WHEDA, Madison Gas and Electric (MGE), community banks and local economic development organizations.

We could not fulfill our mission without our key partners: our Board of Directors, the City of Madison, our investors and our committed MDC staff members who empower people by providing quality housing and financing for business ventures on a daily basis. We thank you all for your support of MDC over our first 40 years and look forward to continuing our partnership with you for many more years to come!

Ron Trachtenberg, Board Chair
Lorrie Heinemann, President & CEO
MDC Mission Statement

MDC’s mission is to help provide quality employment opportunities by making loans to hard-to-finance small businesses and to provide quality, affordable housing for Madison and Dane County residents.

SMALL BUSINESS LOANS

MDC’s Business Loan Program (BLP) provides financing to growing or start-up businesses that cannot fully meet the underwriting standards of private commercial lenders. With the help of the City of Madison’s Community Development Block Grant funding, we lend up to $200,000 to qualifying businesses for working capital, inventory, equipment and leasehold improvements as well as real estate.

In the past 40 years, we provided over 400 loans totaling more than $23 million to business ventures that have created 3,500 jobs in the City of Madison. In the past decade, MDC financed over $1.8 million in loans to minority and woman-owned businesses.

VENTURE FINANCING

Our Venture Debt Fund provides high-tech companies with the critical funding they need to reach profitability. The Fund provides qualifying emerging companies with the liquidity needed to reach cash flow breakeven and beyond. While providing loans at competitive rates, the Fund also is complimentary to early-stage equity sources of capital. MDC and our participating partners have committed more than $13 million to over 46 companies in Dane County through our Fund. For the past 10 years, over 76% of the 1,400 jobs created provided a quality wage to employees (2x minimum wage).

Our Advisory Board has a deep technical knowledge in the high-tech industry and includes representatives from Venture Investors, the State of Wisconsin Investment Board, 30 Ventures, BioForward Wisconsin and HealthX Ventures. Our Loan Committee, which is made up of our Fund Committee investors, includes MGE, WHEDA and community bankers in the Dane County region.

“MDC’s expertise in financing ‘hard to finance’ business ventures has provided us with a solid rate of return, while giving our bankers access to fast-growing companies we may not have been introduced to without MDC.”
– Gary Schaefer, EVP, Madison Market President, Associated Bank

QUALITY AFFORDABLE HOUSING

We provide quality affordable housing through our 253 units in the Madison area. The majority of our tenants are individuals whose incomes fall within 40% to 80% of the county’s median income. We have 14 properties throughout the Madison community that provide housing to the workforce of Madison. Our newest property, The Mifflander, opened its doors in May of 2017 and was 100% rented within the first month.

“The Mifflander is a perfect example of employment-based market and affordable housing in a vibrant downtown setting.”
– Ron Trachtenberg, Board Chair of MDC

“Madison Development Corporation (MDC) reflects all of the best characteristics of a community development organization. Economic development is an art, not a science. MDC has expressed an understanding of that art. MDC understands the importance of improving lives of people through economic and business development and at the same time supporting the community to provide broad success beyond supporting business.”
– Ralph Kauten, Chairman & CEO, Lucigen Corporation
RP’s Pasta
RP’s pasta represents a key part of the healthy food movement by providing gluten free pasta to consumers and restaurants in the U.S. Located in Madison, WI, RP’s pasta makes products that are made with the finest all natural ingredients, an appreciation for old World culinary traditions, and a love for food. Their traditional noodles are made with carefully sourced eggs from Iowa and semolina from the best mill in North Dakota. The Ravioli and Tortelloni are filled with quality Wisconsin made cheese and Wisconsin grown vegetables. And their fresh, Certified Gluten-Free pasta begins with the very best California brown rice. These ingredients make the freshest, all natural pasta. Founded by Peter Robertson

Underground Meats
Underground Meats is a small, craft meat company located in Madison with a focus on sustainable and healthy products. Started in 2009, Underground Meats has a competitive advantage in sourcing local, humanely-treated, and quality animals.

Underground Meats works closely not only with small-scale Wisconsin farmers to insure consistent and quality herds to supply their operations, but with the State of Wisconsin Department of Agriculture, Trade, and Consumer Protection to ensure the health and safety of their products. Founded by Jonny Hunter and Mel Trudeau

WholeTrees
WholeTrees is the national expert in the material sourcing and structural analysis of unmilled trees in construction. We bring a waste stream from healthy forest management into high value steel and glu-lam markets by understanding the natural structural engineering of unmilled timber and pre-fabricating timber with engineered connections compatible with a wide range of complementary structural systems. In creating new markets for small diameter trees and other waste trees marked for removal from managed forests, we make forests more profitable and buildings healthier. The company was founded on a 134 acre Wisconsin Forest in 2007 and currently runs its sales and engineering office from its Madison, WI, headquarters. Founded by Amelia Baxter and Roald Gunderson

Nordic Consulting
With 700 best-in-class healthcare consultants on its roster, Nordic is a healthcare consulting firm that offers clients strategic guidance, EHR services, and managed application support to improve organizational health while driving the best patient care. Nordic has been recognized by KLAS as a top performer in the healthcare consulting industry since its inception. Founded by Mark Bakken

Monty’s Blue Plate
Food Fight is a locally owned and operated restaurant group with an ever-growing family of unique and diverse restaurants in the greater Madison area. Founded in 1994 by Monty Schiro of Monty’s Blue Plate Diner and local real estate investor Peder Moren, Food Fight Restaurant Group combined their creative vision and business sense with a mission of providing the best possible service and experiences for the greater community. Founded by Peder Moren, Monty Schiro and Joe Krupp

Foster Funeral Service
Founded in 2014, the guiding principle of Foster Funeral & Cremation Service has been the commitment to treating each family they serve as their own. With sincerity, pride, and dedication, Foster Funeral & Cremation Service is committed to the diversity of this time-honored tradition. Reputable for providing the highest quality of service, today they are honored to serve Dane and Rock County families. Veteran owned and operated, their staff of highly-qualified and deeply caring individuals assists in continuing the funeral home’s mission of providing excellence in funeral services to families in their time of need. Founded by Bryan Foster

“The Madison Development Corporation plays an important role in supporting business and community development in Madison and the surrounding communities. MDC’s venture debt program is an important source of capital for the region’s growing tech businesses that are often not able to access more traditional sources of debt financing. WEDC congratulates MDC on its 40th anniversary and thanks the organization for its contribution to the state’s growing economy.”
– Mark Hogan, WEDC
**Success Stories**

**PerBlue**
PerBlue is an independent mobile gaming studio based in Madison, WI that makes free-to-play midcore RPG and Strategy games played by millions of people around the world. They’ve been named a “Top Developer” by Google, a “Best Place to Work” by Madison Magazine, and “Madison’s Favorite Tech Startup” by Isthmus. From their bootstrapping roots that began in their college apartments in 2008, they’ve grown to become a leading venture-backed mobile gaming studio with a talented team of 40+ employees. Fueled with the passion to build great products and entertain millions of people, PerBlue endeavors to change the world with fun and innovative mobile game play.

Founded by Justin Beck

**Phoenix Nuclear Labs**
Phoenix Nuclear Labs (PNL) was founded in Madison in 2005 with the long-term goal of producing clean fusion energy. Since then, PNL’s technology has advanced through several generations of products ranging across a wide variety of applications within the health, defense, aerospace, and energy sectors. The lab is currently evolving from a custom R&D shop to an industry-leading manufacturer of state-of-the-art particle acceleration and neutron generation systems. PNL is committed to provide nuclear technology for the betterment of humanity.

Founded by Greg Piefer

**Madison Gas and Electric**
"MDC’s expertise and knowledge in funding early stage companies with the Venture Debt Fund has provided MGE an excellent venue to help grow these important businesses in a strategic and efficient way. We value our strong and trusted partnership with MDC."

– Jeff Keebler, MGE, President and CEO

**TrafficCast International**
TrafficCast produces real-time, reliable traffic intelligence and analytic services. TrafficCast informs navigation and driver information services for the interactive, mobile, enterprise market, and the public sector.

“Big data” software, innovative technologies and driver-safe mobile applications contribute to TrafficCast’s BlueTOAD™, the market leader in Bluetooth™ signal detection to monitor road congestion and route choice behaviors; TrafficCarma®, a mobile app for commuters, supported by media in local markets; and Dy纳flow®, comprehensive traffic data used in a majority of vehicle navigation systems. The company is based in Madison, WI, with offices in Philadelphia, Atlanta, Chicago, Washington and Shanghai.

Founded by Connie Li

**Stemina Biomarker**
Stemina Biomarker Discovery was established in November 2006 and was founded by Elizabeth Donley, JD, MBA, MS and Gabriela Cezar, DVM, PhD. Stemina’s technology arises from the pioneering work of Dr. Cezar at the University of Wisconsin-Madison on the strategic convergence of two cutting-edge technologies: stem cells and metabolomics. This drug screening service uses human embryonic stem cells to screen drugs, chemicals, consumer products, and cosmetics for their potential effect on the developing human embryo. The team has grown by adding very skilled staff and continues to expand with newer efforts directed toward discovery of novel diagnostic biomarkers with projects in autism, cancer, and reproductive biology.

MDC has a portfolio of 253 affordable housing units. Our broad spectrum of housing ranges from single family homes to multifamily developments.

The Mifflander - 431 West Mifflin Street:
Opened in 2017, 46 units with fitness amenities. Efficiencies to 2-bedroom units. Views of Bascom Hill.

The Mifflander was dedicated to Frank Staniszewski on 5-24-2017 by the MDC Board of Directors in recognition of Frank’s 31 years of service.

Dane Townhomes - Corner of Park and Taft Streets:
Opened in 2015. 2 and 3 bedroom townhomes.

Back row: Lorrie Heinemann, Rob Bergenthal, Tony Koblinski, Matt Younkle, Stu Levitan, Ron Trachetenberg
Front row: Frank Staniszewski, Mary Strickland

Bassett Street Warehouse Apts. - 1 North Bedford Street:
Acquired in 1981. 27 units ranging from efficiencies to 2-bedroom apartments. MDC offices are headquartered in the lower level.

“Finding quality affordable apartments in downtown Madison can be challenging. MDC helps fill the gap by providing quality housing for people with low to moderate incomes. Their vacancies remain very low for a reason.”
– Susan Schmitz, Downtown Madison Inc.
Dayton Apartments - 738 East Dayton:
Acquired in 2010. Includes 8 efficiencies and 4 one-bedroom apartments.

The Avenue Apts - 1954 East Washington Ave.:
Formally a UW hospital, owned by MDC since 1999. 40 units ranging from 1-bedroom to 3-bedroom apartments.

Fisher Street Apartments:
Acquired in 2009. Five 2-bedroom units.

Forest Harbor Apts - 2060 Allen Blvd, Middleton:
Acquired 1999. 76 units total among 4 buildings; ranging from efficiencies to 2-bedroom apartments.

Terrace View Apartments - 5021 Old Middleton Road, Middleton:

442 West Doty St. Apartments:
Acquired in 1998. 7 units ranging from 1-bedroom lofts to 2-bedroom apartments.

2117 Taft Street:
Acquired in 2010/11. 5-bedroom single family home.

441 West Mifflin Street:
Two four-unit apartments. (market rate)

2125 Taft Street:
Acquired in 2010/11. 2-bedroom single family home.

443 West Mifflin Street:
Two 3-bedroom apartments. (market rate)

427 West Mifflin Street: 4 units.

Not Pictured: 602 Center Street.

MDC Helps Launch Venture Investors of Wisconsin

“MDC’s seed investment in Madison Capital Corporation in 1983 followed MDC’s successful experience as a fixed asset lender to promising new businesses. After being exposed to new technology start-ups based on UW research, MDC recognized that it needed a financing resource that could fund intellectual property instead of traditional fixed assets. Fortunately, the City of Madison Community Development Block Grant Program supported that strategy.”

Roger Ganser, MDC’s first President, created Madison Capital Corporation (MCC) in 1982. MDC was the first investor in MCC. Other local financial institutions and civic-minded businesses like MGE and American Family Insurance also invested in MCC. The firm later became Venture Investors of Wisconsin and is now known as Venture Investors (VI).

“Venture Investors is Wisconsin’s oldest and largest early stage venture capital firm with over $200 million under management. VI has financed 25 spin-outs from UW-Madison and has helped fund companies like TomoTherapy and NeuWave Medical.”

– Roger Ganser, MDC President, 1977-1983
Founder, Venture Investors

A Message From Madison Mayor Paul Soglin

“Congratulations to Madison Development Corporation for 40 successful years! MDC has helped make many good things happen including innovative business creation, job growth and affordable housing. You have helped make Madison the special place it is today. I am happy to say that MDC has fulfilled the founders’ vision when it was created with City support in 1977.”

Mayor Paul Soglin: 1977 2017

Thank you Mayor Soglin!

“Funding from MDC fills a critical role in the local entrepreneurial ecosystem and has been key to the success of UW-Madison related businesses such as Phoenix Nuclear Labs, TomoTherapy, NeuWave Technologies and PerBlue.”

– Chancellor Rebecca Blank
University of Wisconsin-Madison

MDC Total Lending Portfolio

MDC Total Assets

MDC Business Loans 1997-2017

As a long-term Board member, I have seen MDC grow and finance many high tech and women and minority owned businesses. MDC has also worked to increase the number of much needed quality and safe housing units for low to moderate income residents in Madison.”

– Mary Strickland, MDC Board Member

Dave Scholtens

Dave joined MDC in 1983 and has been the champion of our lending programs for over 30 years. Thank you for your dedication to MDC, Dave!

“Dave was a key actor in researching, developing, and most critically implementing MDC’s Venture Debt Fund and largely responsible for our success.”

– Frank Staniszewski
