VISION

We envision an Arizona where women are safe, healthy and economically independent.

MISSION

Advancing the status of Arizona’s women through research, advocacy and philanthropy to ensure their safety, health and economic independence.

We focus on three ways to make sure SHE Counts!® We conduct research, advocacy and funding in order to advance the Safety, Health and Economic empowerment of women.

For over 20 years, Arizona Foundation for Women has been a voice for women’s issues including domestic violence, sex trafficking, housing, healthcare and equal pay. Over its lifetime, AFW has helped thousands of women break the cycle of poverty, eliminate abuse in their lives and gain economic self-sufficiency.

Through a holistic strategy of grants, research and advocacy, we leverage our brand, reputation, relationships and collaborative spirit to have a positive impact on the lives of women in Arizona.

Arizona Foundation for Women is a supporting organization of Arizona Community Foundation.
Message From Our Founder

Dear Guests,

It is an honor to welcome you here today. We thank you for your generous presence which adds a collective decibel level to the voice of each woman who has been silent or silenced.

At a time when women have been confused by the incongruity of a democracy in which power over our own bodies has come to clash with the power over our minds, we stand together to share our strength.

Since our founding over 20 years ago, Arizona Foundation for Women has focused our work by forming a community to serve every vulnerable woman and child in Arizona. Collectively, we work to get more women into power and to get power into more women: into the women who survive in chains of poverty or shame, to the women who excel and reach out to share their success, and to all of those in between who:

“Raise their voices to create a chorus
Write a song for those who cannot sing
Sing for those whose voices cannot be heard
Found an orchestra to play the music.”

Together, with your help, we will be able to continue to help Arizona’s women and children enjoy equal rights, find the courage to tell their stories, share their wounds and begin to rise enough to heal and hope.

With your help, our vulnerable sisters and their children will have access to the security and the opportunities they deserve to live safely and fully. We believe that SHE Counts!

MARILYN SEYMANN

2018 Honorees
Ashley Judd is a feminist social justice humanitarian. She has been working internationally, with NGO’s, grassroots organizations, governments, and supranational bodies since 2004.

Presently, she serves as Global Goodwill Ambassador for UNFPA, is the Global Ambassador for Population Services International, and also for Polaris Project. Through UNFPA she has recently traveled to Jordan, Ukraine, Turkey and India. She serves on the Advisory Boards of International Center for Research on Women, Apne Aap Worldwide, and Demand Abolition. She is Chairperson of the Women’s Media Center Speech Project: Curbing Abuse, Expanding Freedom.

She is a graduate of the University of Kentucky, and in 2010, earned an MPA from Harvard’s Kennedy School of Government. Her paper, GenderViolence,LawandSocialJustice, won the Dean’s Scholar Award at Harvard Law School. She frequently serves as an expert panelist at international conferences, is a sought-after public speaker and is a widely published OpEd author, with a diverse and unique social media presence.

Her book, All That Is Bitter & Sweet, detailing her visits to grassroots programs in 13 countries, was a New York Times bestseller. Ashley is also an actor both on film and stage. She has been nominated for several Golden Globe and Emmy awards and she will next be seen starring in season two of Epix’s political thriller series Berlin Station.

A native Kentuckian, Ashley currently resides in Tennessee.
Dr. Jen Welter is the first female to coach in the NFL. She served as an intern linebackers coach for the Arizona Cardinals. Welter’s time at the Cardinals has been defined by the bond she has fostered with the players. But this is not the first time Welter was the first to do something. In February 2015 she became the first woman to coach in a men’s professional football league, when she served as linebacker and special teams coach for the Indoor Football League’s Texas Revolution. Prior to that, in January 2014 Welter became the first woman to play running back in a men’s professional football season, when she signed with the Revolution.

Welter holds a doctorate degree in Psychology and Master’s in Sport Psychology. She has 18 years of experience in fitness, as a professional athlete and has provided expert advice on a wide range of topics in fitness and sports. Her background provides her with a unique insight – both as a player and an academic – into the power of sport.

Her on-field experience dates back to her time on the rugby pitch at Boston College. She is a veteran of several women’s professional and semi-professional football teams and a member of the 2010 and 2013 gold medal-winning USA Team at the International Federation of American Football’s (IFAF) Women’s World Championship.

Ultimately, Welter is a team player. Devoted to those she plays with and coaches. Those who played for her years ago still call her coach to this day. Welter has spoken to a variety of audiences about her experiences, the power of sport and the mental acuity it takes to achieve what others may say is impossible.

Welter graduated with a B.S. from Boston College, followed by a Master’s in Sport Psychology and PhD in Psychology from Capella University. The 37 year-old Welter is a native of Vero Beach, Florida.
Dr. Ken Snyder

Dr. Ken Snyder is a graduate of the University of Pittsburgh’s School of Dental Medicine.

He and his wife JoAnn are from Pittsburgh Pennsylvania but have lived in Phoenix since 1975 and raised all five of their children there.

Dr. Ken was in private practice in Phoenix, Arizona for many years and for the past 22 years has been the Dental Director and ‘Kid’s Dentist’ at the St. Vincent Dental Clinic and their satellite Children’s Program at the Chandler Care Center.

Twenty years ago the clinic started out providing treatment just one half day a week. The Clinic is now open five days a week.

St. Vincent de Paul also has a Dental Assisting Program for women who are victims of domestic violence to provide them with a career path and help them transition back into society.

The Clinic has created the “Mother’s Kiss Program” whereby Women’s Shelters and Community Centers refer pregnant women so that their oral health can be restored before the child is born to ensure a healthy baby.

Dr. Snyder gives his patients the following advice:

“Be True to your Teeth . . . . . and they won’t be False to you!”
