

HOW CAN THEY BE SAVED

God loves the little children. All the Children of the world. But do we? God sees all and loves all. But do we? God desires that all men be saved and that no one should perish. But do we? The fields are white and the laborers few. How can they be saved if they aren't told. God takes salvation seriously. But do we? The time is growing short with each and every beat of the heart. Time to take the Word across the ocean and just down the street. Time to support those feet that walk the weary roads. Time to support those that fight the good fight. Time to encourage those who work behind the scenes. Time to pray for the lost and feel the burden that God intends. Pray. Go. Share. Support. Mission work of all types allows us to be a part of God's plan of salvation for all of His children. Step out on faith and be all God has called you to be.
