

MEETING HOUSE LANE MEDICAL PRACTICE, P.C.

Meeting House Lane Medical Practice, an affiliate of Stony Brook Southampton Hospital is happy to announce that they will be establishing a home on Shelter Island. We are a multi-specialty practice comprised of 25 other site locations and 72 providers, all located on the East End to care for its communities.

We are currently renovating the space at 44 South Ferry Road and are not yet ready to provide service to the Shelter Island community. We would like to offer care at our nearby Sag Harbor site should the need occur. All of our sites share the same electronic medical record and all patient records will be continuous throughout all our sites and providers, inclusive of Shelter Island once re-opened.

Our Sag Harbor site is located at:

3330 Noyac Road, Burkeshire Plaza, Building A.
Office hours are Monday through Friday from 9 am – 5pm.
We have an afterhours answering service should the need arise.
Phone: 631-725-2112
Fax: 631-725-7180

Providers at this location are:

Diana Immenhausen, D.O., Family Practice
Karen Weisz, NP, Family Practice
Anna-Marie Wellins, DNP, Family Practice

Please feel free to contact the staff at Sag Harbor for an appointment or question. We look forward to becoming part of the community and caring for all those who live on Shelter Island. Thank you for your patience during this time.
