PUBLIC PARKING RATES

FOOTHILLS MEDICAL CENTRE

Alberta Health Services (AHS) will be introducing new public parking rates effective April 1, 2014.

Daily maximum, weekly and monthly parking rates at all facilities across the province will be reduced from previously approved rates because of GST exemptions legislated by the Federal Government. 30 minute parking rates will stay the same as 2013. To address public concerns associated with the cost of parking for long-term patients, AHS continues reduce or hold monthly rates at most facilities.

Health care dollars are used to fund patient care services at Foothills Medical Centre, not its parking lots.

AHS parking facilities that charge are required to be self-sustaining.

Our parking rates cover costs for repairs to

current parking facilities, and also for the construction of new parking facilities to meet increasing demand in communities across the province.

An annual market analysis of national parking rates helps AHS match and compare Alberta communities with other communities of similar size, parking demand and parking market conditions to ensure we offer consistent, fair and equitable parking services and rates.

We understand parking is an additional cost to our patients and visitors, and that's why we try to limit the impact of our parking fee increases. The current changes are the first in three years.

SHORT-TERM PARKING		
ALL SURFACE PUBLIC PARKING AREAS AND ABOVE GROUND PARKADES		
Type	Current	April 2015
