Zlaté Moravce, 15 May 1939

Dear Ernő!

I received your letter this morning and I am already writing you back. It took some time until you wrote me back, but the letter came quite quickly – only in 11 days. I was very happy to hear from your mum, that you already passed your second exam. I am sure it was hard.

We have a lot of news. Novelty number 1 is that Župná street is now called Hitler's street. I went to visit Eigner Ernő in the concentration camp and it is so bad there that it makes you want to cry. Too many people lie there on such wooden bunk beds.

I signed up for the Aliyah for the young. This Aliyah would allow me to move to Palestine legally. You need to pay 17 thousand korunas, although now it will be already 25 thousand. I was not accepted in the first transport, but Ďuri Kalmán was and tomorrow (16 May), he will travel to Gánovce (that's near Poprad) for the four-week preparation camp. That means, that already in 1,5 months, he will be travelling to Erez. I must stress that only people aged 15 to 17 can go. 17-year-olds cannot join anymore.

As for school: on 27th May the performance assessment meeting will take place and on 28th all Czech professors will bid "adieu". We will be left with around 11 stupid dimwits, who will be supposed to teach us. Probably on 5th June we will already receive the yearly certificate¹. Ďuri K. not, but we will send him the certificate to XXX.²

Some people were in Nitra the past days and they felt very well there. There was some kind of "Pegíža".³ Everyone is trying to get out of the country as fast as possible. Eva Šimková probably didn't know your address, but no surprise, since she never wrote us. She is somewhere in California.

According to the local newspapers, the American-Slovak and Czech newspapers attack Beneš a lot, but I can tell you that also here they do. He really didn't deserve that.

And now one piece of joyful news: Doctor Peniažka was taken to the concentration camp in Ilava. It was about time. Around a week ago he came to the Fürsts with a few SS officers from Bratislava (they are like ants there) and dear Fürst had to pay 5000 korunas, because he allowed himself to ask Mr Peniažka for his debt. That was a bit too much and the MP Boleček brought an ultimatum to the chief that either he will put things to order or he will be fired. This also didn't help and last Friday, Peniažka was arrested and taken to the concentration camp.

I was in Bratislava last week and it is quite rare to see the Slovak coat of arms there, everywhere only  I would like to see myself leave this place finally.

Write me as fast as possible. My certificate will be quite good and I am not even studying at all.

Best wishes from your friend

Tibi

¹ In Slovak schools a certifiact is give out every half year with all the grades from different subjects. The end-of-year certifiactes are important when applying for universities.
