Letter from the CEO

To our Big Brothers Big Sisters Community,

Our Fall 2016 campaign was themed, Growth, Gratitude & Giving. These ideas not only represent the direction of our agency but the values we work to instill within the communities we serve. In our 44th year serving children, our agency finds much to be grateful for. In the ensuing pages, you will see the thousands of people who stepped up to make sure that all children can achieve success in their life. Some key milestones for our agency in 2016 include:

• Awarded the first two $1,000 stipends of the Jan Proctor Legacy Scholarship to former child participants in pursuit of their higher education.
• Received the Program Quality Award from Big Brothers Big Sisters of America.
• Nearly doubled the number of matches from 2015 to 2016 in our Mentors in Motion program - helping more children to discover healthy lifestyle choices.

In the coming years, our agency is working towards fulfilling several key strategic priorities. By expanding our Executive & Regional Boards we will seek new support from previously unrepresented sectors of our community. We continue to diversify our Fund Development channels to eliminate single points and ensure long term stability of our programs. We are also refreshing and forging new partnerships in our site-based mentoring programs to provide high quality, accessible service, that keeps kids safe and enriches the lives of all we serve.

I cannot think of anything more powerful than a child who realizes that adversity does not have to be normal. There is something magical about friendship that causes children to believe that they can accomplish something that they once thought impossible. Thank you for helping us changes lives, for your enduring faith in our program and your continued support to serve more children. I look forward to sharing our continued achievements with you.

Wesley Escondo, CEO

Why I Support BBBS

Kerry Kincaid
Eau Claire City Council President
Match Maker Donor

In my job as an elected leader I must work to build the common good, which always requires attention to the big picture. This is the right approach to public service but can sometimes miss the needs of individual people. I support Big Brothers Big Sisters because they do just the opposite. They pay attention to the big picture one kid at a time. Big Brothers Big Sisters proves that changing individual kids’ lives is a powerful way to change a community and is worthy of my financial support.

Martin Dental proudly supports Big Brothers Big Sisters because we know how very important it is for children to have even just one caring and supportive adult in their life. The work that BBBS does for the children of the Chippewa Valley is an investment in the future and we are happy to be a small part of that.
