My conservation district is a member of Friends of Blue Thumb* and has also paid 2022 OACD dues. Board members understand what the Yard by Yard Project is and they support our district's involvement. I have read the description of the Yard by Yard Project that was sent out on November 24 and I have looked at the Yard by Yard checklist and introductory video at www.okconservation.org/yardbyyard. I believe this will fit in well in my district and I can do the work required. Agree _____

Answers need not be long.

How will you promote Yard by Yard?

Does your district have an active Facebook Page?

To start your Yard by Yard Program, you get five signs. An additional five signs will be provided to you once the first five are assigned. Friends of Blue Thumb and OACD will have some signs in reserve for districts that see quick success. If FBT/OACD run out of reserve signs will your district purchase additional signs so that your local program continues to see success (cost is approximately \$12 each)?

Will you be involved in Yard by Yard in 2023? For several additional years?

What community will you try Yard by Yard in? More than one?

Please tell us why you want to give Yard by Yard a try (approximately 150 words)!

*If your district is not currently a FBT member, you can still apply with the knowledge that OACD will cover membership for you (one time dues of \$150).
