## ANNUAL REPORT

POWERFUL  
PARTNERSHIPS  
—  
TRANSFORMING  
OUR WORLD

The Anglican Relief and  
Development Fund®

## DEAR BROTHERS AND SISTERS IN CHRIST,

By God’s grace, ARDF has been working with the Global Anglican Communion for more than 15 years. Because of your support, we have provided more than \$10.9 million in funding for 194 development projects in 38 countries touching nearly 1.4 million lives in Anglican communities around the world. In addition, since 2004, a total of \$2.72 million has been donated to those suffering disasters worldwide, including in the United States.

In fiscal year 2019, ARDF-Global was able to expand in new directions. ARDF Kenya Charitable Trust joined the ARDF family, as did ARDF-Egypt. These new ARDF organizations are the beginnings of a movement building self-sufficiency at the national provincial level by investing in development projects that return a surplus which can be reinvested in future grants and loans. There are now five ARDF national groups serving the Worldwide Anglican Communion – Australia, Canada, and the United States (founding members), plus Kenya and Egypt.

For example, ARDF-Kenya Charitable Trust already has two surplus projects (a poultry farm and an agricultural milling operation) that will generate \$60,000 over three years into the Charitable Trust. A joint 2020 project in bread baking will provide a market for farmers and will supply wholesale/retail loaves to the underserved market in three eastern dioceses in Kenya.

The ARDF-US model connects donors in North America with parishes in the developing world, empowering local leaders on the ground to meet the needs of their community. When both US and international churches demonstrate the love of Jesus in tangible and spiritual ways, the impact is life giving. We are thankful to God that you show your love for Christ by giving through ARDF-US.

ARDF-Global remains committed to living out the words of Matthew 25:40: “I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me.” Your partnership has provided much for our brothers and sisters in Africa, Asia, the Middle East, and Latin America.

You have also allowed us to respond to vital relief needs around the world. Specifically, your generous response to Hurricanes Florence and Michael, the wildfires in California, and cyclones in Mozambique, among others, empowered the church to be a beacon of hope to thousands of people in crisis.

We are thankful for your partnership in proclaiming the gospel – in both word and deed – throughout the world.

In Christ,

The Most Rev. Dr. Foley Beach  
President

The Rev. Dr. Malcolm Reid  
Chairman

Canon William E. Deiss  
Executive Director

ARDF was created to be the strong hands of Christ, reaching out in solidarity with our brothers and sisters around the world. ARDF encourages families and communities in need with practical help and solid solutions through a living Gospel that feeds body, soul, and spirit so that all may live in dignity and seek eternal life in Jesus Christ.

# INTRODUCTION

## OUR MISSION

Our mission is to work within the worldwide Anglican Communion to maximize life change in some of the most challenging parts of the world for the sake of Christ by

- Mutually crossing cultural and economic boundaries.
- Focusing on Africa, Asia, and Latin America.
- Supporting holistic, community-based projects that incorporate evangelism.
- Using the highest quality project research and outcome evaluation available.
- Providing a spiritually enriching, thoughtful, and satisfying giving experience for our donors.

Inspired by God's radical grace, we exist to empower Anglicans in the developing world to show the love of Christ to those in need in their own communities.

## OUR OPPORTUNITY

Most of the world lives on less than 2 dollars a day. Hundreds of millions live without clean water, food, education, healthcare, or employment. Countless numbers suffer under oppression, broken political systems, endemic violence, and despair. They are real people, just like us, who are in desperate need of transformation and hope.

As Anglicans and members of the Body of Christ, we are connected to a global network of spiritually rich congregations and grassroots ministries that are already serving the poor and proclaiming the Gospel in incredible ways.

## OUR IMPACT

ARDF builds powerful partnerships with Anglicans in Africa, Asia, and Latin America to relieve extreme suffering and transform lives through sustainable, high-impact development projects. Our unique, Christ-centered development model focuses on thorough research, local partners, and transparent financial accountability.

Whether a given project focuses on education, clean water, accessible healthcare, economic opportunity, food security, or agriculture, ARDF believes that local partnerships are the best way to positively transform our world. Thank you for joining us in partnering with our Anglican brothers and sisters as they live out the Gospel in some of the world's poorest communities.

## OUR HISTORY

ARDF was founded in 2004 with the support of then Bishop Robert Duncan as a way to channel giving from Anglican donors in North America to Anglican churches in the economically poorer countries of the Anglican Communion.

From the start, ARDF consciously adopted an organizational model intended to reverse Anglicanism's colonial legacy and restore international relationships based on mutual respect and a shared faith in Jesus Christ. To achieve this end, a board of Archbishops representing orthodox Anglican Provinces in the developing world leads ARDF, determining priorities, approving each project, and keeping the organization firmly linked to the Church.

*"For the first time in the history of giving within the Church, we see true partnership, not patronage,"* commented The Most Rev. Henry Luke Orombi, former Archbishop of the Church of the Province of Uganda and a founding ARDF Trustee.

This model has forged strong ties between the ACNA and many Anglican leaders from around the world. These Gospel-centered partnerships make the local Anglicans who implement ARDF's projects feel *"connected to the Body of Christ – not just a charity,"* in the words of Bp. Flavio Soares, Diocese of Recife, Brazil.

Today, ARDF serves as the ACNA's official international relief and development arm. At the same time, ARDF has become a grassroots movement for Anglicans here in North America who maintain a historically grounded and orthodox faith while also caring deeply about poverty and social justice issues.

# THE GLOBAL ORGANIZATION OF ARDF

## GLOBAL COUNCIL

**COMPRISED OF:**  
Anglican Primates from the Developing World  
Anglican Leaders from the Founding Organizations

**RESPONSIBLE FOR:**

- Setting strategic direction
- Approving development projects
- Reviewing research
- Keeping ARDF connected to the Global Anglican Communion

## FOUNDING NATIONAL ORGANIZATIONS

**COMPRISED OF:**  
ARDF-Australia  
ARDF-Canada  
ARDF-US

**RESPONSIBLE FOR:**

- Research, monitoring & evaluation
- Fundraising
- Communications
- Building relationships between North Americans and those in the developing world through Vision trips, etc.
- Dispensing disaster relief to on the ground partners

## NEW NATIONAL ORGANIZATIONS

**COMPRISED OF:**  
ARDF-Kenya Charitable Trust  
ARDF-Egypt

**RESPONSIBLE FOR:**

- In country research, monitoring & evaluation
- Approving in-country grants
- Dispensing disaster relief to on the ground partners

Million Committed

## COMMITTED TO MEETING NEED

ARDF is **COMMITTED** to the Gospel.

ARDF is **EFFECTIVE** because its projects are researched and evaluated before implementation, and are based on recommendations from the Global Trustees.

ARDF is **SUSTAINABLE** because every project is locally initiated and implemented with the advice and council of ARDF and its consultants.

ARDF is **EFFICIENT** because it works within existing church structures in implementing projects.

ARDF is **EMPOWERING** because it is guided by thoughtful Christian leaders in support of the needs of the Christian community.

**ARDF IS THE ANGLICAN CHURCH IN ACTION GLOBALLY.**

## COMMITTED TO THE DEVELOPING WORLD

Geographical distribution of projects:

**AFRICA:** 143 PROJECTS    **ASIA:** 37 PROJECTS    **LATIN AMERICA:** 14 PROJECTS

Countries where ARDF has completed projects:

**THE CARIBBEAN:**  
Cuba

**LATIN AMERICA:**  
Argentina, Bolivia, Brazil, Chile,  
Paraguay, Peru

**AFRICA:**  
Botswana, Burundi, Cameroon, The Democratic  
Republic of Congo, Egypt, Ethiopia, Ghana,  
Kenya, Madagascar, Malawi, Morocco, Nigeria,  
Rwanda, Sierra Leone, South Africa, South  
Sudan, Sudan, Tanzania, Togo, Uganda, Zambia

**ASIA:**  
China, India, Indonesia, Malaysia,  
Myanmar, Nepal, Pakistan, Philippines,  
Sri Lanka, Thailand

## COMMITTED TO HOLISTIC DEVELOPMENT

ARDF ministers to the whole person. We do this by funding projects that fall into one of these six categories: Community Development, Economic Empowerment, Education, Evangelism and Discipleship, Food Security, and Health. All ARDF projects are holistic and many fall into more than one category. Every project proclaims Christ through the development process.

Because education is integral to all of the categories, on the following pages, this year's Annual Report features four education projects that reach different ages and stages of students around the world.

# BURUNDI

School Expansion Increases Opportunities  
Diocese of Matana

**ANTICIPATED LIVES IMPACTED: 630**

Students and their families along with community members who participate in Bible studies.

**GRANT AMOUNT: \$98,634**

**HOW YOU CONTRIBUTED:**

**For \$157**, you covered construction costs for one student.

**For \$8,470**, you provided the doors and windows.

**For \$20,076**, you paid for the ring beam and the roof for the new classrooms.

**APPROVED BY GLOBAL TRUSTEES  
OCTOBER 2018**

Burundi has been plagued by political unrest, virtually paralyzing an education system that was already failing before the conflict began. Across the country, educational facilities are dilapidated and contribute to low student enrollment, attendance, and performance. Many teachers are not qualified, and many students are displaced, which makes focusing on their education difficult. School buildings have been destroyed across the country. In places like the Diocese of Matana, poverty has prevented people from participating in their own development and seeking improved schools.

To provide a conducive learning space and improve school facilities, the Anglican Diocese of Matana in Burundi is in the process of expanding the facilities at Ecole Fondementale de Matana School. It is building six new classrooms for primary school students: two for kindergarten students, and two for post-primary students. The new classrooms will increase the school's enrollment from the current 1,036 students to 1,586. Sixty students will enroll in kindergarten, 390 in primary school, and 100 in post-primary education.

In addition, community members will use the new space for community meetings, evangelism, and Bible study – all practices that promote peace and reconciliation.

MATANA PRIMARY SCHOOL, OPERATED BY THE ANGLICAN DIOCESE OF MATANA IN BURUNDI, IS EXPANDING WITH NEW CLASSROOMS TO ACCOMMODATE NEARLY 500 ADDITIONAL STUDENTS.

**IN THEIR OWN WORDS:**

“Before the school was built, the situation was very catastrophic and chaotic in terms of performance and attendance. One classroom was shared by two groups, one in the morning and another in the afternoon. Newly constructed classrooms came as a solution to that issue, though we still have some challenges. For example, in class one, we may find 75 to 80 pupils and the same case is being observed in post-primary [classrooms, which is] against the government policy of 30 to 40 pupils per class.”

– *Ferdinand Nishirimbere, headmaster, Matana Primary School*

# TANZANIA

## New School Unlocks Barriers to Girls' Education Diocese of Rorya

### ANTICIPATED LIVES IMPACTED: 500

Female students and their families along with community members who use the school for community events.

### GRANT AMOUNT: \$77,625

(Cost per beneficiary: \$155.25)

### HOW YOU CONTRIBUTED:

**For \$1,866**, you paid to clear the land for the new school.

**For \$5,700**, you supplied the water for the new school.

**For \$14,906**, you put the roof on the new school.

**APPROVED BY GLOBAL TRUSTEES  
OCTOBER 2018**

STUDENTS AT BWIRU GIRLS' SECONDARY SCHOOL IN TANZANIA TAKE PART IN THE MORNING PARADE. THE SCHOOL WAS ALSO STARTED BY THE ANGLICAN DIOCESE OF RORYA.

The Mara region is one of the poorest in Tanzania. Although educational opportunities have expanded for a large number of students, many of Tanzania's poorest students, like in Mara, are still unable to attend school. Most women are married at an average age of 13 years and have children while they are still young and this deprives them of an education.

Additionally, in these remote and rural areas, there are few quality secondary schools. Those that exist are often poorly equipped with resources and lack qualified personnel. The Anglican Diocese of Rorya is constructing the first phase of Nyang'ombe Girls' Secondary School, which will accommodate 150 students. The project includes constructing four classrooms, a library, laboratory, and computer lab. The new school will provide a quality and affordable education for girls in Nyang'ombe, Rorya.

In addition to the 150 girls now able to attend school, 350 community members will benefit from the project as the new secondary school becomes a venue for community meetings and other activities.

The Diocese of Rorya has a strong track record in education, evangelism, relief efforts, and holistic development. During times of drought the diocese has provided food. The diocese is known for helping the community in a variety of ways and has the community's support.

### IN THEIR OWN WORDS:

"My husband left me with five kids when he died in 2009. I have been keeping them by myself with [a] little help from Bishop John of Anglican Rorya. My family experienced drought last year and we didn't harvest anything from our two acres farm. We thank Diocese of Rorya for providing us with 50 kilograms of maize harvested from their Ryagoro farm. My family can now at least eat corn and have porridge."

— Mrs. Luanda Simbiri Ndira, Diocese of Rorya, Tanzania

# ZAMBIA

Communities Become Self-Sufficient  
Diocese of Central Zambia

## LIVES IMPACTED: 750

Farmers and their families who learn better farming practices, people who receive post-secondary training to become literacy teachers.

## GRANT AMOUNT: \$146,958

(Cost per beneficiary: \$195.94)

## HOW YOU CONTRIBUTED:

**For \$1,500**, you provided the kitchen utensils and equipment.

**For \$5,273**, you provided the desks and chairs.

**For \$10,909**, you provided 20 computers and printers.

**APPROVED BY GLOBAL TRUSTEES  
JUNE 2017**

Zambia is one of the poorest countries in the world, with a majority living on less than \$2 a day. Farmers must learn better farming practices, including crop diversification and cultivation of indigenous livestock. Additionally, Zambia needs trained literacy teachers to improve the student-teacher ratios in rural areas. The Anglican Diocese of Central Zambia will address both of these needs in a creative project focused on the Mkushi/Fiwila area.

Specifically, the church is improving its facilities as a means of expanding opportunities for training both farmers and literacy teachers. This will allow the existing Teacher Training College to triple the intake of students, from 25 to 75.

While the student teachers are on vacation, the church will use the improved facilities to train farmers. Twenty-five farmers are participating in a residential program where they are learning new farming methods. After a month of instruction, they will return to their villages under the guidance of government extension workers. At the next school holiday, another 25 farmers are trained, allowing for 75 farmers to be assisted annually.

A 74-acre demonstration farm is also in development. This will be a place to both train farmers and to plant marketable crops to bring in money for the diocese, ensuring sustainable training programs.

## IN THEIR OWN WORDS:

“I received seeds and fertilizer from Anglican Diocese of Central Zambia that enabled me to plant [corn]. Because of the support, I harvested a lot more corn than before, invested in [a] simple dryer, thus enabling me to store and sell some to earn income. This support greatly helped me and my family to produce enough food for the family. I now sell the surplus food and [am] able to pay school fees and supplies for my children.”

— Mrs. Katalika, Chikupili village, Central Zambia

THE COMPLETED RECEPTION AREA OF THE EXPANDED SCHOOL WILL BE A WELCOMING PLACE FOR BOTH FARMERS AND STUDENT TEACHERS.

# GHANA

Young Adults Learn Job Skills and Grow in Faith  
Diocese of Accra

**ANTICIPATED LIVES IMPACTED: 5,000**

Youth receiving vocational training and technical skills, youth and families recommitting lives to Christ.

**GRANT AMOUNT: \$89,010**

(Cost per beneficiary: \$178.02)

**HOW YOU CONTRIBUTED:**

**For \$11,250**, you supplied the labor and materials for a roof.

**For \$15,500**, you supplied the windows and the doors.

**For \$20,500**, you built the foundation for the center.

**APPROVED BY GLOBAL TRUSTEES  
JUNE 2017**

YOUNG PEOPLE IN GHANA FACE HIGH RATES OF UNEMPLOYMENT. MANY STUDENTS, ESPECIALLY GIRLS, DROP OUT OF SCHOOL. TO SOLVE THIS PROBLEM, THE DIOCESE OF ACCRA HAS BUILT A YOUTH DEVELOPMENT CENTER WHERE YOUNG GHANAIANS WILL LEARN NEW SKILLS AND BECOME MORE EMPLOYABLE.

Social outreach is at the heart of the Diocese of Accra. This is necessary because the youth of Ghana face difficult challenges as they grow into adulthood. In the poorest suburbs around greater Accra, youth must deal with political violence, armed robbery, rampant drug and alcohol use, and a scarcity of jobs. The government of Ghana cannot meet all of the needs for job creation and other social services. Without meaningful employment, young people turn to gangs, petty theft, and illegal drugs. Many girls drop out of school and some are swept up into prostitution. Hospitals report the rate of HIV/AIDS infections is rising among young people.

The Diocese of Accra has built a Youth Development Center, where vocational and spiritual training will provide young people aged 17-25 with opportunities and hope. To develop job skills, training will include technical and computer skills as well as adult education. The center will also offer recreational facilities, a community library, and a youth savings and credit cooperative.

Construction was completed in four phases, over an 11-month period. Now complete, the center will soon serve more than 300 young people in the community.

**IN THEIR OWN WORDS:**

“The training I received helped me to start my own business. It is [a] program I will always urge every young man in the Anglican Diocese of Accra to participate in. I initially was reluctant and did not want to join the program, but when I did so, I have never regretted the decision to join. I learned and gained a lot. It is a program that brings together young people to learn and become better people in the community. I encourage young people to participate in this program because it is through this that we will create jobs and wealth for our people.”

– *David Obisama, entrepreneur and beneficiary*

 **KCEP**  
**Kenya Christian Education Partnership**  
*Educate for Hope*

KCEP JOINED THE ARDF FAMILY IN MARCH 2018

Kenya Christian Education Partnership - KCEP - was founded in 2010 in order to address the need for quality education in the arid, impoverished region of Northern Kenya. Each year, an additional classroom was built until a full primary school (through grade 8) was complete. In 2017, the first class of 8th graders sat for the National Exams needed to qualify for high school. The students exceeded all expectations by winning numerous awards with their high scores. It was clear that these young lives, used to hardship, would be strong, dedicated, students. But here was the proof.

Tumani Academy - and its affiliated preschools - now enroll over 550 students. Many continue to receive high marks in the county. But the school is known for more than its academic reputation. Parents and kids love Tumani because of the wonderful environment. In imparting Christian values, Tumani is teaching unity not division. This is crucial - because in this harsh climate that is prone to tribal clashes, we need future leaders who understand how central peace and reconciliation is to God's plan.

We know God will use these students to live out the Tumaini motto: Arise and Shine.

This is just the beginning. These young lives have received an excellent education! But in order for them to compete in the Kenyan economy, they must continue on to high school. KCEP has been supporting high school students through sponsorships and the "Educate for Hope" fund. But now - as a new project of ARDF - we have the chance to dream bigger. Local church leaders have a plan for a high school, one that will be nearby and operate on the same principles as Tumaini. They will build and operate a strong academic Christian high school that will prepare the students to contribute to society in meaningful ways.

With your help, KCEP will help to build this new high school and offer hope to many more students in Northern Kenya.

# RELIEF IMPACT OVERVIEW

**21**

Countries where ARDF has supported Relief Efforts

**Untold**

Lives impacted

**\$2.72**

Million Given

**40**

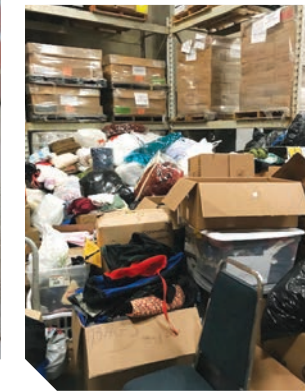

Relief Projects

**11**

US States where ARDF has supported Relief Efforts

ARDF responds to large-scale disasters by working with a local diocese of the Anglican Church. The local diocese serves as the intermediary to distribute donated funds to affected churches, individuals, or to front-line responders.

## RELIEF

*"Whoever is generous to the poor lends to the LORD, and he will repay him for his deed." - Proverbs 19:17*

Last fiscal year, ARDF gave away nearly \$250,000 to help victims of seven disasters. Of course, relief numbers never tell the entire story. Here are just a few stories of impact thanks to the money you donated for relief efforts.

### CALIFORNIA WILDFIRES

In the fall of 2018, ARDF partnered with the Anglican Diocese of Christ for the Sake of Others (C4SO) to bring needed relief to victims of wildfires. One of the beneficiaries was the Hope Center.

Many years ago, Larry and Stephanie Hayden started Hope Center. One day Larry decided to take an extra sandwich with him, with plans to give it to someone in need. That small action led to a food bank out of their home. The ministry soon grew to a warehouse and food kitchen. With ARDF funds, the Hope Center rented three more warehouses in order to expand their space so they could continue to receive and give away the supplies that were so desperately needed by the displaced people of Butte County.

### HURRICANE FLORENCE UPDATE

*"It's felt like years"* - Sissy Owen, Conway, SC

After Hurricane Florence flooded Conway, SC, Sean Richardson, the youth minister at St. Paul's Conway, SC, rode past Doug & Sissy Owen's house. He saw them in the yard and they struck up a conversation. He asked if St. Paul's could help them with their recovery efforts from Hurricane Florence. Volunteers were able to help the Owens finish the repairs to their home - thanks to donations from ARDF and others. Because of the love the St. Paul's community showed them, Sissy and Doug have now joined St. Paul's Church.

### GENERAL RELIEF

In the fall of 2018, ARDF launched a General Relief Fund. We hope that in the future, this fund will be a way to quickly fund Anglican churches after a disaster strikes - before ARDF has announced a specific campaign. Last fall, Archbishop Foley Beach wrote a letter introducing Anglican churches to ARDF and encouraging them to contribute to this fund. This fund will enable us to respond even more quickly to relief events in the future.

**Sharing Stories of Partnership at ACNA's Assembly**  
At the 2019 Provincial Assembly in Plano, TX, ARDF offered a workshop on serving in times of disaster. Resources from this talk are at <https://ardf.org/domestic-relief-resources>.

## RECENT PROJECTS:

**North & South Carolina**  
Hurricane Florence  
**\$82,000**

**Florida**  
Hurricane Michael  
**\$47,000**

**California**  
Wildfires  
**\$32,000**

**Mozambique**  
Cyclones Idai & Kenneth  
**\$2,300**

## ARDF AUSTRALIA

FISCAL YEAR 2018 IN AUSTRALIAN \$  
INCOME: **A\$171,025**  
PROGRAM EXPENDITURES: **A\$153,535**

Some of the projects supported by ARDF-Australia included:

- CLTC Community Development & Bible Training, CLTC Papua New Guinea
- Myanmar border boarding house (Omko), Thai border Thailand
- Sewing Project for Refugees, Mothers Union, Cairo
- Ray of Hope Centre (intellectually handicapped), Penang, Malaysia
- Sanctuary Project (Resettlement of Refugees), Papua New Guinea

## ARDF CANADA

FISCAL YEAR 2018 IN CANADIAN \$  
INCOME: **C\$112,000**  
PROJECT EXPENDITURES: **C\$122,000**

Some of the projects supported by ARDF-Canada included:

- Medical clinic project, Cameroon
- Boarding house for Karen children, Thailand
- Vocational School project, Giza Egypt

## ARDF KENYA

ESTABLISHED CHARITABLE TRUST IN **DECEMBER 2018**

Two ARDF-US projects (poultry farming and a food mill) are supplying \$60,000 by 2020.

The Global Trustees have approved a bread bakery project as a loan of \$100,000. This, along with 10% of after tax earnings will be returned to the Trust to be used to fund future development projects.

## ARDF EGYPT

ANNUAL YEAR 2018 IN US \$  
INCOME: **\$115,161**  
PROJECT (& RELIEF) EXPENDITURES: **\$145,838**

Some of the projects supported by ARDF-Egypt included:

- Scholarships for South Sudanese students
- Relief to the poor at Christmas and Easter
- Health Clinic in Tripoli, Libya
- Guest House in Khartoum, Sudan

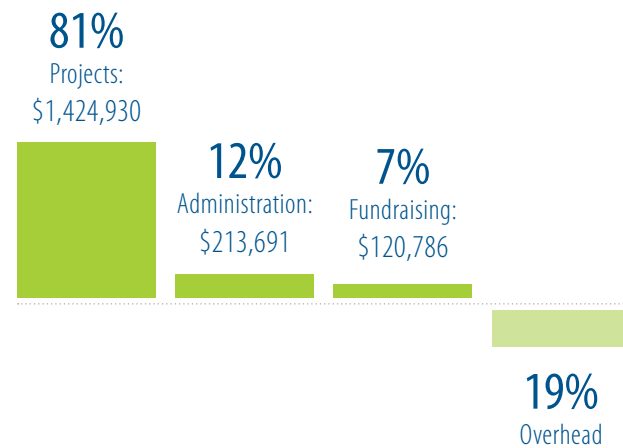

# FINANCIAL SUMMARY

ARDF is committed to careful stewardship and financial transparency. We consider every donation to be a sacred trust. We are happy to provide our supporters with the resources and data they need to be confident that their generosity is resulting in the highest possible return on investment in the form of permanently transformed lives and communities.
