

SUMMER CAMP KIDS LOVE

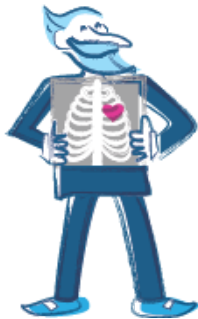

At Galileo, we take the fun of traditional day camp and mix it with thoughtfully crafted, hands-on projects in fields from science and engineering to the visual and culinary arts. Supported by the boundless energy and experience of the best staff around, Galileo campers grow with us from pre-K all the way through 8th grade, emerging as confident creators ready to express themselves fearlessly, lead boldly and turn their ideas into reality in high school and beyond. We call them Galileo Innovators and they will change the world.
