

VOICES
OF FAITH

22nd January 2018

To whom it may concern,

'Voices of Faith' (VOF) is an initiative that exists to empower and advocate for Catholic women to have a seat at the table of decision making in the Church. For the past four years VOF have organised the only International Women's Day (IWD) event ever held inside the Vatican. The event brings Catholic women from across the globe to share their experiences and create dialogue with leaders at the headquarters of the Catholic Church on gender equality, inclusion and leadership.

This year we are excited to announce that our special opening guest speaker is **Mary McAleese**, a former president of Ireland who has reached the top of the male dominated political sector in her country. As a Catholic woman she will give a powerful talk on why women in leadership is crucial to religious institutions, businesses and government.

We are delighted to invited interested media to attend this event and interview our speakers.

Event details:
