Global Action on International Women’s Day
Sunday, 8.3.2020., 11:00 in front of Zagreb Cathedral

Organisations IN BONA FIDE and RAND are joining organisations and Catholic women around the
world in solidarity to call for the equality of women in the Roman Catholic Church.

We believe that we can not talk about the dignity of women without equality, therefore on
International Women’s Day we want to address the importance of including women in the process
of decision making in the church.

We will gather at 11:00 in front of the Cathedral in Zagreb and read the Prayer for equality. Only
the Church of truly equal can reply to the signs of the time and challenges of modern society.

For equality, for dignity!
