

VINEYARD WIND

OFFSHORE WIND MARINER UPDATE NO. 28

GEOTECHNICAL SURVEYS

Vessel GEOQUIP SPEER will be conducting geotechnical surveys in the northern portion of Vineyard Wind Lease Area OCS-A-0501 beginning on or about July 24, 2020. The 275 foot survey vessel is expected to continue geotechnical survey operations for 10 weeks, ending in late September.

Vineyard Wind is committed to communicating and working with the local fishermen in the region during all stages of development of the proposed offshore wind farm. If you are fishing or plan to fish in the survey area during this time period, please contact our Onboard Fisheries Liaison or a Vineyard Wind Fisheries Liaison with any questions or comments.

Date(s): Beginning on or about July 24, 2020. Estimated duration 10 weeks.

Location(s): The northern portion of Vineyard Wind Lease Area (OCS – 0501)
