Dear Friends and Supporters,

We are incredibly proud of what we have accomplished together this year. You, along with other movement partners, stood with us as we fought to achieve many victories this past fiscal year, including shutting down ICE detention at Glades and Etowah and leading the national campaign to reinstate visitation in detention centers for the first time in over two years! We know that we’ll be able to count on you as we continue to push for the liberation of all immigrants.

We are embarking on our first-ever Annual Appeal which will support Freedom for Immigrants as we grow and adapt to the evolving challenges on the road to abolition. This new campaign, FFI’s “Until Everyone is Free Annual Appeal: Celebrating 10 Years”, aims to commemorate 10 years of fighting for detention abolition and celebrate the many accomplishments we have had over the last year while acknowledging that there are still thousands suffering in immigration detention.

Your continued support will enable us to ensure all detention centers reopen their doors to community visitation, combat the current administration’s use of digital surveillance and confinement, as well as continue to operate our Bond Fund and our National Hotline.

Thank you again for your solidarity and for helping us prepare for the challenges ahead!

In Community,

Layla Razavi & Sierra Kraft
Interim Co-Executive Directors
Freedom for Immigrants

A core component of FFI’s fight for abolition, we monitor human rights abuses and overall conditions inside immigration detention as part of a broader strategy to amplify the voices, experiences, and leadership of people inside detention through integrated advocacy campaigns. We also convene the National Visitation Network—a network of local groups across the country fighting for abolition while monitoring conditions, documenting abuses, and offering immediate support to people inside. FFI supports the Visitation Network by providing resources, training, technical assistance, capacity-building, and leadership development.

A successful Annual Appeal will enable FFI to continue to grow and contribute to the movement for abolition.

**GOAL: $400,000**

Your contribution will support ongoing and future efforts like:

- Monitoring and reporting human rights abuses and substandard conditions in detention
- Providing free, unmonitored access to our National Immigration Detention Hotline
- Posting bond to reunite individuals with their communities
- Supporting legislation to reduce and end immigration detention
- Providing fellowships to formerly detained individuals
- Sharing the stories of people impacted by immigration detention with new audiences

**MONITORING DETENTION CONDITIONS**

- 69 detention centers monitored
- by over 30 visitation groups nationwide
- 55 priority/multi-individual federal civil rights complaints filed
- 3 Monitoring Fellows
- 31 Direct Support & Advocacy cases

**NEW YORK DIGNITY**

- 36 cosponsors
- 25 Capitol Hill meetings with congressional offices
- 7 meetings with Department of Homeland Security

A successful Annual Appeal will enable FFI to continue to grow and contribute to the movement for abolition.

**GOAL: $400,000**

Your contribution will support ongoing and future efforts like:

- Monitoring and reporting human rights abuses and substandard conditions in detention
- Providing free, unmonitored access to our National Immigration Detention Hotline
- Posting bond to reunite individuals with their communities
- Supporting legislation to reduce and end immigration detention
- Providing fellowships to formerly detained individuals
- Sharing the stories of people impacted by immigration detention with new audiences

**NATIONAL IMMIGRATION DETENTION HOTLINE**

- Nearly 40,000 calls received
- from over 105 detention facilities
- Over 200 hotline volunteers answered calls
- 122 individual federal civil rights complaints filed
- Support in over 25 languages

**IMMIGRATION BOND FUND**

- Reunited 34 individuals with their communities by posting nearly $300,000 in immigration bonds

Through our National Immigration Detention Bond Fund, FFI posts bonds in California and Louisiana for those who are most vulnerable. We know that those with medical conditions, members of the LGBTQ+ community, and Black and brown immigrants are most likely to face neglect, abuse, and racism while in custody. Posting bond allows them to fight deportation with the support of their community.

**NARRATIVE CHANGE AND STRATEGIC COMMUNICATIONS**

- 423 mentions of FFI in digital and print media engaging
- 24,896 via shares, reactions and comments
