Unreached Community Engagement Project
The Unreached Community Engagement Project

New Covenant Missions sends & equips Indigenous African Church Planters & Missionaries to plant Locally Self-Sustained Churches in Unreached Regions of Africa
The Unreached Community Engagement Project

Our desire is to empower groups of believers in the U.S. to join hands with our Indigenous Church Planting Teams in Africa to see God’s love brought to the DARKEST places in Africa!

Individuals can sponsor church planters in unreached communities for as little as $35 per month! Perhaps you would consider hosting a sponsorship event at your church, business, or home group? One of our staff members would love to share the incredible stories and videos we have from the field! Will you join us to mobilize the U.S. church to reach the unreached?

Every church planting partner receives photos, testimonies, and quarterly reports of the amazing things God is doing to reach the unreached in Africa. You may even have opportunities to visit the project on the field!

As a registered 501(c)3 since 2001, New Covenant Missions (NCM) has been empowering U.S. believers to take part in cross-cultural missions to reach the unreached in partnership with our Indigenous Church Planting Teams. We currently partner with The Jesus Film Project, Faith Comes by Hearing, & Horn of Africa Ministries. We are a Count4Zero organization, and are a member of the Global Alliance for Church Planting Multiplication. Additionally we have obtained Guidestar Platinum non-profit financial transparency status.
The Unreached Community Engagement Project

Lumen Levels of Support

noun | lumen | lūˈmən | Definition: the measure of brightness from a light source.

1.2k Lumens
For a financial commitment of $100.00 per month, you will empower NCM to provide audio bibles, Jesus Film kits, bibles, motorbikes, discovery based discipleship trainings to church planters working to reach a specific unreached people group in Africa.

2.4k Lumens ($200 per month)
This level provides financial support for one Indigenous Church Planter so that the focus can be 100% on evangelizing communities, raising up leaders, starting house churches and planting locally sustained indigenous churches in unreached communities.

4.8k Lumens ($400 per month)
This level provides for the support of two Indigenous Church Planters.

7.2k Lumens ($700 per month)
Supports three Indigenous Church Planting families and provides a budget for evangelism equipment like audio bibles, Jesus Film Kits, bibles, mountain bikes, motorbikes, tracts, seed money for business as missions, etc., all according to the need.

9.6k Lumens ($900 per month)
Supports three Indigenous Church Planting families, various evangelism equipment, and a long-term budget for community development projects: latrines, medical missions, health trainings, fresh water projects. All based upon community need.

HD Lumen Levels ($1,000+ per month)
Together we can completely transform communities and see church planting movements happen. Maybe you want to focus on an entire people group, region, or country in Africa? Let’s pray together and see what doors God has open to us!

Short-Term Mission Trips
For levels of 7.2K+ NCM can organize a custom short-term missions trip for your church or small group. We make it easy for you, we organize airfare, translators, food, lodging, insurance even cross-cultural training all for one all-inclusive price per person.
The Indigenous Strategy

Cultural and language barriers are much less of an obstacle and far less expensive for the indigenous church body to overcome.

We believe the fulfillment of the Great Commission depends on church planting. Jesus told us to disciple, baptize, and teach (Matthew 28:19-20). Those three things are done in the context of a local church.

Currently 99.7% of Evangelical mission activity in the world is being done in areas that have an established church. In Mark 16:15, Jesus said, “Go into all the world and preach the gospel to every creature.” How will this be done if most missions work is happening where there is already a church? Therefore, our strategy in this project will be to work in the .3%—the areas of Africa that do NOT have an established evangelical church.
The Unreached Community Engagement Project

Current Focus Areas
Ethiopia
33 Unreached People Groups

Islamic: 35 Million
Animist/Ethnic: 5 Million
Ethiopian Orthodox: 40 million

Kenya
32 Unreached People Groups

Islamic: 6 Million
Animist/Ethnic: 4 Million
The Unreached Community Engagement Project

Current Focus Areas
Ghana
19 Unreached People Groups

Somali People
Somalia | Ethiopia | Kenya

Islamic: 6 Million
Animist/Ethnic: 6.4 Million
Islamic: 18 Million

Due to Islamic Radicalization, Short-term trips and detailed reports for Somalia Ministry work are not available. However, we will provide statistical updates and occasional photos.
The Unreached Community Engagement Project

Now you can be a part of a missions program that focuses strategically on planting locally self-sustained churches among Unreached People Groups!
