## 3:5-6

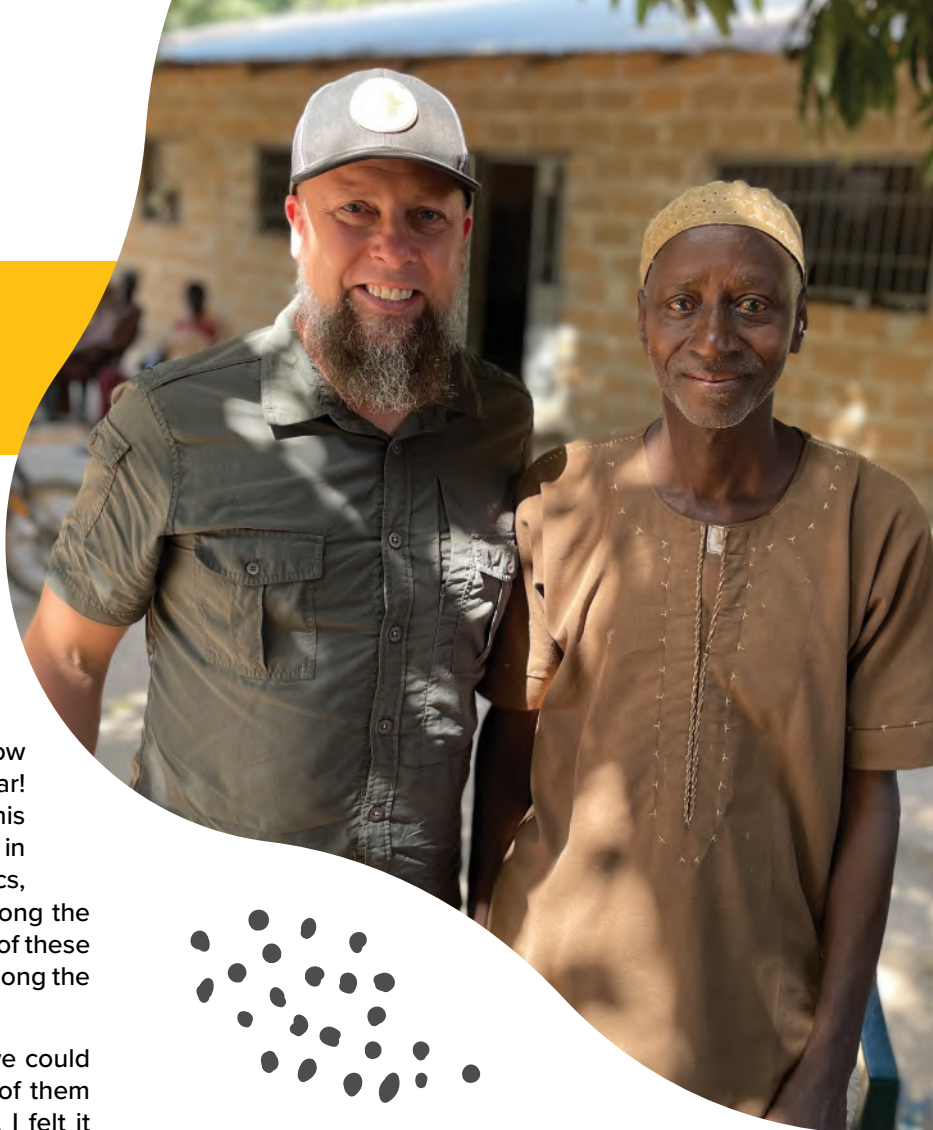

**“TRUST IN THE LORD WITH ALL YOUR HEART, AND DO NOT LEAN ON YOUR OWN UNDERSTANDING. IN ALL YOUR WAYS ACKNOWLEDGE HIM, AND HE WILL MAKE STRAIGHT YOUR PATHS.”**

2021 was certainly the most incredible year of ministry New Covenant Missions has experienced since our founding in 2001. Thanks to your partnership our work continued to expand and is now active among 252 unreached people groups across 25 African Nations. Our teams were able to share the Gospel with 252,773 people, most of whom had never had an opportunity to hear it before. Even more exciting than that, 30,275 of those people decided to follow Jesus— an astounding 65.8% increase over the prior year! This resulted in 1,841 new churches planted in 2021. This is over 1,000 more churches than we have ever planted in a 12-month period. In addition to these wonderful statistics, our teams trained 1,840 leaders in church planting among the unreached. I personally was blessed to witness the fruit of these leadership trainings with the launch of our new work among the unengaged Bainouk people of The Gambia.

In early Fall of 2021 one of our partners asked me if we could reach the Bainouk of The Gambia. I had never heard of them but after doing research I was confident we could try. I felt it might be a “Macedonian Call” or I guess really a “Bainoukian Call”(Acts 16:9). Within just one month we already had a team prepared to go and live among the Bainouks to present the love of Jesus. I knew I had to go and see for myself how this came together so fast.

Our National Coordinator, Modou, had found a man of peace in a Bainouk village and it just so happened that he was one of the only known Evangelical Christians among the people group. His village was 400 years old and while the Bainouks were originally very tied to their traditional beliefs, all but Chief Bakary and his family had become Muslim. Bakary learned about Jesus from his brother that had moved to the city and this Chief was holding fast to his faith in Christ.

Bakary had been praying for someone to come and help him bring the light to his village. He was only able to remain Chief because of his bloodline and the people were getting impatient with his choice to not follow them in their Islamic faith. Additionally, the very little community development in the area came by way of a Sheik in the Middle East so Bakary himself was starting to feel defeated. As we sat and shared our vision, Bakary’s eyes lit up with hope. By the end of our conversation, he was ready to just start giving land for churches to be planted. We had to counsel him that we should be wise as the serpent and gentle as the dove as we begin this work. As we drove away, I was completely stunned how God had heard Bakary’s plea for help, put the Bainouk of The Gambia on a Finishing the Task unengaged unreached people list so that 10,000 miles away

our partner would see it and inquire with us, and then gave our teams the path to find Bakary amid 31,000 Bainouks living in the riverside forests of The Gambia.

I trust you will be encouraged by the many amazing testimonies featured in this report of 2021. We truly could not have done the work without your prayers and financial support. 2022 is off to an incredible start as we launch work among nine new unengaged unreached people groups, witness the churches we planted in 2021 already begin to multiply, impact unreached communities with dozens of community projects such as fresh water, health clinics, large scale medical missions, and various economic relief projects. God is guiding us on the path to see a body of believers in every community across Africa!

Until everyone has an opportunity to know Jesus,

**Erik Laursen**  
**President & CEO**

## HORN OF AFRICA

# ETHIOPIA

116+ Million People | 34 Million Unreached | 34% Islamic | NCM active among 43 UPGs

**Azebu People-** Shortly after launching our project to reach the Azebu of Ethiopia during the 3rd quarter of 2020, a terrible civil war broke out. Thankfully the team was still able to work through the 1st quarter of 2021 and 547 people heard the Gospel with 17 Azebu deciding to follow Jesus in that time. Unfortunately, in the 2nd quarter of 2021 the civil war moved right into the Azebu area of the Tigray region and we lost all contact with the team of two CP's, Ayalew (wife and 2 children) & Gebrehiwot (single). Electricity has been cut, all businesses shut down, there has been no water and no food for the most part. Truthfully, we were worried that they would be dead.

Thankfully, on February 6th a friend of our CP's named Gidey was able to get out of the region to the neighboring Amhara state and make a phone call to our Regional Director to let us know that Ayalew & Gebrehiwot are alive. Unfortunately they are all experiencing terrible suffering. Praise God, we have found a way to get some resources to them to help them through this challenging season. Additionally, we are seeing the situation of the war slowly changing for the good and we are praying confidently for an end to this terrible situation in Northern Ethiopia. We have tried to move the church planter team out of the Tigray region, but unfortunately at this time that will cause either imprisonment or even possibly death.

*“Because of the conflict among the Tigray region in Ethiopia I couldn't proclaim the gospel in the area, we were displaced and I was in a prison for three weeks.” CP Zegeye Leggese*

**Garre People** - “The Muslim community has seen the good works done throughout our ministry so they responded positively to our message. We have suffered because of a drought, but we kept praying and it rained. The people saw how God hears our prayers. Now they are open to the Gospel.” **NCM CP James**

4 GARRE PEOPLE WERE BAPTIZED!

SHABELLE HOUSE CHURCH

BERTA FELLOWSHIP

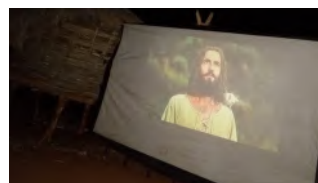

“Abdulla Ali is a Muslim who lives near my village and said “your love and humility is different from ours” and shared that he wants to know more about the Bible. So I am in the process of teaching him about salvation through faith in Christ.” **NCM CP James**

“A Muslim woman who received Christ in this quarter had been ill. Since she accepted Jesus as her personal Savior she has been set free from her problems. Now she is studying God's Word and prays with us.” **NCM CP Basha**

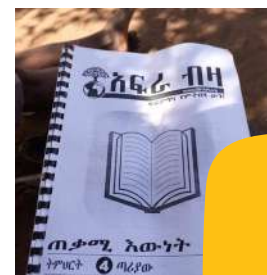

Our Horn of Africa Regional Director Garedew stands proud with Jilo. NCM Ethiopia put Jilo through a two year Theological Degree. Jilo is the first among the Kereyu people of Ethiopia to graduate Theology School and will now return to the field to share the Gospel with the Unreached Kereyu.

**Many NCM Church Planters volunteer as language teachers to empower locals with skills for more job opportunities!**

*“A few years ago I was sick and I went to the hospital. I also believed witch doctors could heal me, however they could not give me any cure. One day I remembered that there was the Lord. I left all my evil ways and decided to accept Jesus Christ. Jesus healed my body and soul! At the local church, I had the opportunity to grow spiritually where I also heard that the pastor was looking for someone who would preach the gospel to the people of Keiga, and I volunteered! My vision is to preach and establish a church, wherever I work.” NCM CP E.*

*“We are very happy and grateful to NCM for providing us church planters with another motorcycle to help us reach out and carry out discipleship within the Mening community. May God bless you abundantly.” Ogwang Santos, lead church planter*

“Since 2020 when I became born again, I always prayed for God’s provision but could not understand how He could actually provide for a human being like me because God is invisible. When Covid broke out and there was a total lock down in our community, we suffered so much that I continued crying out to God for provision. To my surprise NCM supplied us with food relief. They said God had sent them to reach out to us during the difficult time. I was so blessed and encouraged knowing how God works in different ways to provide.” **Angilo Kamar**

  - 22 EXPRESSED FAITH DURING THE FILM

“Twice a week I visited the five people who gave their lives to Jesus Christ this month in their homes. In the one house, Lokori’s parents chased us away saying they want nothing to do with Jesus. The one day his father became very ill and we prayed for him and he received healing. He then also accepted Jesus Christ as his Lord and Savior. He later asked us if God would forgive him because he had always chased us away. We told him God is merciful and has already forgiven him. He is happy and thanked God.” **NCM CP Martin**

“This month we are thanking God for answering our prayers for the **Nalemoru village**. The leaders had never welcomed us to reach out to the people in the village. We persistently kept praying for open doors and God answered our prayers. The leaders have now allowed us to preach in the village. Glory to God!” **NCM CP David**

“I thank God for the gift of salvation. At first my elder sons were against me because of my faith in Jesus. They threatened to beat me up if I didn’t stop having my new faith. But I kept strong and continued praying to God to change their lives as well. Today I share the Gospel with their children and six of them have received Christ as Lord and Savior.” **Mama Evalina Ine**

# TANZANIA

61 Million People | 6 Million Unreached | 30% Islamic | NCM active among 10 UPGs

“We praise God because people in the Tununguo village and the nearby areas who were under Islamic beliefs now have access to the Gospel and have started believing in Jesus Christ. It brings joy to our hearts to see that the people who were previously rejecting us in the area are now welcoming us to share with them about God’s love. Some are currently involved in our ongoing Bible studies and we trust God for their growth, day by day.”

*“We thank God for the ongoing work which is going well and that we have seen God’s Hand moving among us. People have been healed and saved. And we are so happy that twelve people were baptized in August 2021; nine of them are from Islamic backgrounds but now are active members of the church. This is truly a huge blessing to this work.”*

Tausi Shabani Seif is a mother who lives in Kisanga Stand village, she was a Muslim before recently receiving Jesus Christ as Lord and Savior. Tausi says, "I have lived in the Islamic faith for many years and I have never seen this kind of love, the way you serve other people. I have learnt a lot about sharing the love of God through the work that you do in our community. My heart feels that I should decide to follow Jesus Christ and His Word all my life and I am ready". Tausi is now a committed member of the church and is helping others to discover the unlimited love that she found in Jesus. We are happy to see transformation of lives in people like we see in Tausi.

"A group of young people have shown an interest in joining our Bible studies and have a desire to be used by God to reach other youth. As we have been able to distribute 15 Bibles to the new believers in July, we look forward to seeing spiritual growth in their faith, in grace and knowledge of God's Word." **NCM CP's Benedictor & Seleman**

"We have received news from our NCM Tanzania office that funds are now available for purchasing land from which we can hold church services for the planted church at Kwa-dinu Village. We thank God for His provision and we pray that all who supported us will be blessed. This has been our prayer for a long time and we praise God for answered prayer. We conducted outreaches with the children and youth in both Hachwi and Amahosi areas. We also held sports outreaches to help build a warm relationship with the youth so we can use sport as an opportunity to present the Gospel message to them. This included presenting the Jesus film to the community in the evenings." **NCM CP's John & Solomon**

### Training for Pioneer Missionaries in June 2021

**50 BIBLES ordered and ready to be used by believers among Kami and Was!**

Masoud Shaban shared that before he came to Jesus there was no peace between him and his parents. After his salvation, peace was restored in his family life and he said, "It is true that Jesus gives us peace beyond our own understanding. I now have inner peace, joy and a love for the people in the community and not just for my family. This is a new experience that I will always cherish as I grow in my relationship with God." We thank God that Masoud is growing in grace, faith and in the knowledge of God."

*Nuhu Shabani was addicted to alcohol until he heard the Word of God. Nuhu said, "Drinking alcohol was very much a part of my life and I was spending all my money on buying alcohol. This continued for many years until the day I decided to accept Jesus. Now I am free from alcohol as well drugs." Nuhu Shaban is now enjoying his relationship with God, is growing spiritually and is an active member in our ongoing Bible Studies in the area.*

“Our outreach and Jesus film events was in Mchanga Mweupe village where only two tribes live, the Digo and Duruma people. Despite being Islam they responded very well to our programs and three of them accepted Jesus Christ as personal Savior.” **NCM CP Jackson**

“The attendance and response of the Maasai was good. One old man shared that it was so nice to see the film of Jesus interpreted in their native tongue and that no Maasai will have an excuse on judgement day. The Maasai requested us to come again as soon possible.” **NCM CP Joel**

“The Church leader at Mazeras testified that since the Good News has started to be shared in his community he has seen that sickness, and misfortunes have reduced a lot in the believer’s households. He says the Gospel of Jesus brings true liberty and he is calling all to accept the Gospel and receive Jesus and see the difference.” **NCM CP Joel**

“People have been testifying of what God is doing in their lives and that some of them have been healed from dangerous diseases. Others say they trusted God for financial breakthrough and their prayers were answered. Some shared that Jesus Christ has brought freedom and peace to their families and now they enjoy unity in their family circles.” **NCM CP John**

“I praise God for His love, grace and mercy over my life and family. December 2021 has been a great month because I had the opportunity to present the gospel to 8 people. I shared with them the message of salvation and the love of Christ in this season.” **NCM CP Abraham**

“The Audio Bible given to us by Ibrahim is very helpful and it is effective for our ministry work!” **NCM CP Joseph**

“I give God the glory despite all the challenges we face as a ministry in our community and among our people, the believers are still coming to fellowship and they are faithful. Praise God.” **NCM CP Abraham**

GAMBIA TEAM WITH REGIONAL DIRECTOR

THE NEW MOTORCYCLE FOR THE TEAM

THE 2 CHURCH PLANTERS WITH THEIR MOTORCYCLES READY TO REACH THE BAINOUK OF GAMBIA

“I praise God for answering my prayers, as the people of Kamamodou welcomed the gospel especially the first man by the name Bakary who said the gospel must be preached in his house first. The challenge in reaching out to the village is that it is about 17km off the road. One of the villagers said thank you to God that someone will be coming every week to share the Word of God with them!” NCM CP Ephraim

“I thank God for answering my prayer to achieve my vision in reaching out to the Bainunka people. The challenge is that the village is off the road, but with the help of God I am able to reach them. The village is 42km away from the main highway. I am praising God because the people of Janneh Kunda are willing to hear the word of God. There is a man in the village who was very helpful in going ahead to find out about the other communities for me even before I got there with transportation.” NCM CP Sanyang

“I receive messages from near and far from people who are truly touched by the Word and are changed by Jesus Christ. God has provided for me and my family in hard times over and over again. I am happy indeed because God has given me strength to evangelize.” NCM CP Abraham.

# SIERRA LEONE

8 Million People | 1.3 Million Unreached | 60.9% Muslim | NCM active among 5 UPGs

“We met a woman called Hawa Sheriff who has been involved in witchcraft for about 15 years. We prayed that the demonic strongholds in her life would be broken and we praise God that she has been set free. She is a Bom, 32 years of age. Hawa and her family are now part of our discipleship training.” **NCM CP Charles**

“Brother Alex never knew about Jesus and in the past he prayed five daily prayers in the Mosque. He was facing many challenges in his life and decided not to pray anymore. He heard us praying for people when we visited the community where he lives and he came and asked us to pray for him. He decided to accept Jesus Christ into his life and then he was also baptized in the Sosojo river in Yonie village and became a full member of the family of God. His family members are now Christians as well and they are involved in sharing the Gospel in various communities.” **NCM CP David**

”

“Sister Hawa Bapewa is 30 years old, she is a Krim Bom. Hawa was a Muslim, but she did not like going to the Mosque. Instead, she loved going to church because she knew that one day she was going to get her healing and be completely delivered from the evil powers that were afflicting her for many years. Sister Hawa had been oppressed since her childhood and had always told her parents that she prefers the church to the mosque but her parents would beat her and keep her in the house for days without anything to eat. However, she did not give up and then the day came that she met us. Because of her great testimony, many people in Tayama Bom village gave their lives to Jesus Christ and some of them that had backslidden have rededicated their lives to Christ. To God be the glory.” **NCM CP David**

“A young man volunteered to work with us after he gave his life to Christ months ago. When he saw us again he once again expressed his willingness to work with our team. He further told us he has been doing some secret evangelism in his community. Brother Alpha Gbegba is 25 years of age and a youth leader in his community. The brother is changing his community for the good and many villagers are expressing their interest in becoming a part of what God is doing through the NCM planters.” **NCM CP Osman**

“I give thanks to God for His protection because we cover long distances and bad road conditions to reach the Bom people in Bonth and Pujehun Districts.”

# IVORY COAST

26.9 Million People | 8.9 Million Unreached | 45% Muslim | 23.3% Ethnic Religions | NCM active among 13 UPGs

“This month we were able to visit a hospital where we shared New Testaments with patients and their parents. It was great to talk about Jesus and what He is able to do for those who are sick. Muslims and animists opened their hands to receive the Book. Pray that their hearts will be opened to receive the Truth of salvation only in Jesus-Christ.”

“Gohoulou Félicia was very involved in dark practices (idolatri). The statue in her hand was her favorite idol. For 3 months we continued sharing the Gospel with her. She has now repented and accepted Christ as her Lord and Savior and has been through baptism.” **NCM CP Nguessan**

“We discovered a residential center for patients with mental disabilities. We organized a visit to the center in order to provide some support items (clothes, soap and food) for the residents. It was also an opportunity to share, not only food, but the Good News of Jesus Christ with them and 17 residents gave their lives to Jesus as their personal Lord and Savior.” **NCM CP Jerome**

“We are thanking God for the life of Adamu Issaka, a Ligbi Muslim from Boko. He met us as we entered the town and he welcomed us so we had an opportunity to share the Gospel with him and he decided to surrender his life to Jesus Christ. He is afraid of his family so we encouraged him to hold onto Jesus and we will meet with him secretly for Bible studies.” **NCM CP's Francis & Jonah**

1 EXPRESSED FAITH DURING THE FILM

“Even though we are restricted in many ways, the working power of God cannot be denied. Apart from the way some pay keen attention to the Word of God during our outreaches, many sneak to receive prayers at night. Most of them, women, use the opportunity to share their fears with us. They are afraid of rejection, divorce, persecution and banishment which are commonly used against serious offenders in the land. But I believe with the counsel they are receiving from the Word of God, many will have the courage to make the most important life decision soon. We have heard of healings, restorations and breakthrough. Yet, there are very heavy restrictions as we are not allowed to freely pay visits to some areas.”

“We have been doing an underground work in *-undisclosed location-* since we were heavily resisted by the Muslim community. Some people have seen the light and want to follow Christ, but the leaders are not allowing them to. But now, since we had a medical outreach, where we gave out free medications and prayed for some, we are able to have better movement around the people. Only God can speak to their hearts, because, they are not an easy to reach people group. During the program seven people came at night to give their lives to Christ. After the program, on Sunday morning a sister came to join us of her own accord. This is the beginning of many testimonies!”

“We went on a medical outreach to our new field . Many of them came to receive free medication at camp and we used the opportunity to preach the Gospel.

One of them was the first lady we spoke with the very first time we entered *-undisclosed location-* . To my amazement, she has been waiting for this for a long time. She gave her life to Christ, requested a Bible and submitted herself for prayers without fear. This lady is a teacher in a private school, is a single mother and I saw in her as a tool in the hand of God. This can only be God. This is the same town we were not allowed to enter some time back, but with prayers and strategy, God is beginning to give us favor in the land. Amen.”

“There are many reasons we will not give up preaching the Gospel. One reason is because some of the people who opposed us in the beginning are starting to know the truth and we have many secret disciples. On Sunday the 21st of November 2021 we met a young man. He was one of the difficult ones who used to mock the new believers for joining the church. But this time he asked us to pray with him and we then also shared the Gospel and he surrendered his life to Jesus Christ.”

# BURKINA FASO

21+ Million People | 4.9 Million Unreached | 55% Islamic | NCM active among 7 UPGs

“The people are very happy with what we are doing in sharing the Good News. They welcomed us warmly and they invited us to return to tell them more about Jesus Christ. We evangelized the delegate / the sub-chief of our village who was a fetishist and practicing Muslim. He was joyful to hear the gospel of Jesus Christ and he decided to give himself to the Lord with all his family, a family of 10 people. We organized house prayers to encourage them to persevere in the faith.” **NCM CP Tera**

“We visited the chief of a village where we hope to plant a new church. He said that he is happy that the Gospel is being shared and welcomed us. He gave us a piece of land for the first official church! We prayed for Him to accept Jesus Christ into his life.”

*“We thank God for His grace and love during this month because we have seen His power during our evangelistic outreaches, we have prayed for many sick people as well as those who have problems. Thanks for your support.”* **NCM CP Nakoulma**

People are happy to hear the Gospel and want to learn more about Jesus.

“I want to use this time to thank God for always answering our prayers. I also want to thank our donors and all NCM working staff for making funds available to buy a new motorbike for NCM Ghana. This has been a major challenge since people are living in places that cars cannot reach so we needed the motorbike. I want to publicly say that NCM Ghana is now equipped and fit for the field. Therefore we can promise you that these materials will be used for the purposes intended and there will be more results from the Jula people groups and beyond.” **NC Sibiti Peter**

*In August 2021 the NCM national coordinator with one church planter and two pioneer missionaries in collaboration with the Victory Outreach Church had a successful door to door, farm to farm and street to street outreach and successfully planted an official church in Kumbusco, Bolgatanga Ghana. During the outreach a 19 year old Jula Muslim girl name Yakubu Mariyam gave her life to Jesus. It was her first time going to church since she was born. This church is officially pastored by pastor Peter Biye Sibiti NCM NC of Ghana with 15 new believers. They are now worshipping in the porch of a house while praying for God's provision to have a church building in the community. Glory be to God for the great work that has been done by the VOC and the NCM team.*

“We presented the Jesus film in Yipaala. Yipaala has a population of about 2000 and is dominated with idol worshipers, a few Muslims and 1 percent Christianity. We went to the chief's place to seek permission, but unfortunately we could not meet the chief. Thankfully, his linguist gave us permission to show the Jesus film close to their central mosques. They received us well and the Muslims who went for their evening prayers stopped by to watch the film to the end. It is our prayer that the Holy Spirit draws them to Jesus.” **NCM CP Samson**

Mr Kwame Jowatey from Abasumah village shared that his father was an idol worshiper and through the father all the children were initiated into idol worship. His father had been ill for more than a year and they could find no solution to his problem. Kwame invited us to prayer for his father, but his father told us that he did not need our prayers. Kwame wanted to give his life to Christ but his father insisted if they do so they will die. The father died on 30th November, 2021. Mr Jowatey is the first born son of his father, he has now given his life to Jesus Christ after the death of his father and told us that all the family will come and be part of the church in Abaumah. He said they were worshiping idols because their father used to tell them the day they leave idol worship they will die. Let us continue to pray for Mr Jowatey and his family as they have made up their mind to follow Christ.

“The people were so pleased about the visit of Zonal Director DéDé Léon as they were in need of this kind of visit in their community. The chief of the villages was glad to welcome him and said his community was totally in darkness but NCM is like a light in the community. The act that the Zonal Director did in giving them items such as salt, sugar, milk, coffee made him very thankful and he gave him his blessings.” **NCM CP Abadja**

“I am Daïtoh Antoine, 37 years of age, from the Benkonjo ethnic group. I used to put a charm next to me when I wanted to sleep so that the smell of it could drive away evil spirits. But after many Bible teachings that we have received I do not use this charm. I pray to Jesus every night for my family and home.”

“God be praised for the work that NCM is doing in the Benkonjo community. It is like this community is undergoing a resurrection, it means to them that Jesus Christ does remember the Benkonjo who have for a long time been lost in darkness. For those who had doubts about the work NCM is doing, they were now convinced. Chiefs of surrounding villages have expressed their joy about what the planters are doing, including the visit of the Zonal Director that assures them to trust in NCM’s vision.” **NCM CP Jean**

**BENKONJO CHURCHES**

“Ganzi and its neighboring villages appreciate very much our way of sharing the Gospel. Everybody in the village is happy to see us distributing the booklets and sharing the word with them in their homes. The National Director wants to put on hold the presentation of the Jesus film for a period of time because of the disturbance of armed groups in the villages. In spite of insecurity in the area, the Ganzi people believes have remained close to God and they are eager to listen to Gospel.” **NCM CP Clovis**

“The Gospel was shared throughout the Ganzi village and its surroundings, but unfortunately armed groups continue to cause havoc in that area. On 20th November the rebels caused atrocities just 15 km from the Ganzi village, killing 30 people and burning down more than 50 houses. Among the victims were members of house churches. Please pray for the Ganzi.” **NCM CP Justin**

**From the Tambo Zambia team: "I am a born again village headman attending a home cell group, but at one time I barred the preaching of Gods word in my village Mupapa"-**

"My name is Samson Mutambo, 60 years of age. I am the village headman of Mupapa village in Tamboland. I believed that African witch doctors traditional medicines have more power than God's power. After all, the name 'God' wasn't mentioned a lot in my village because as Tambo people we believe in the gods of our fathers. We proudly go to the shrines to worship and feel safe. I received Jesus Christ as my personal Savior during church planter Bowa's second visit to my village. On his first visit I barred him and told him not to come again. However I was suffering from chest pains for a long time and God used that for him to return because I really needed help. When I heard that he was near my village, I sent for him and he prayed for me. I received healing. This opened my heart to the God of Rev Bowa and I asked him how I could become a Christian. He shared the Gospel with me and I accepted Christ. From that time on I have been attending the weekly Bible study meetings and I am growing as a new believer in Christ. **My village is now open to the gospel at any time!**"

”

The Kantembe discipleship group has grown to 41 new believers within 1 year. Our goal this year is to run it as a home church rather than just a home cell so that we begin to assimilate the local believers as leaders of their church.

We praise God for an answered prayer towards our need for fresh and clean drinking water. The Lord has located funds for this project- whose wells are being surveyed and a borehole will be drilled. This will build more bridges and open doors for the gospel in Tamboland.

*"Mupapa is a vast village in Tamboland with 550 people villagers. The gospel was presented to 38 people, 30 people gave their lives to Jesus Christ. We have just started outreaches in this village and it was such a joy to see some villagers receiving the gospel though others resisted us. The 30 new believers were added to the discipleship group in Kantembe village which is gradually growing."* **NCM CP Joel**

"I am Charles Bowa aged 28. I live in Kantembe village of Tamboland. One day I insulted the church planter who was sharing the Word of God in our village. My life was that of drinking alcohol. One day I saw that the group of Christians were receiving second hand clothes. The planter saw me and I was afraid that he would chase me away but he called me to also come and receive some clothes. Rev Bowa did it with so much joy and this amazed me because it wasn't long ago that I had insulted him! When he said God doesn't choose whom to love, these words touched my heart because I didn't deserve this kind of love. So I sobbed and thought to myself, if this is the kind of God these people are following I want to do the same. The Rev saw me and came to pray for me and led me to the Lord. I am now following the same Jesus I insulted because of the love I experienced that day."

# COMMUNITY PROJECTS

## TANZANIA ORPHANAGE PROJECT

### FIRST AND SECOND QUARTER

*The Good Shepherd's House is taking care of 10 children; 6 Girls and 4 Boys from 3-17 years old. Youngsters at the Good Shepherd's House are nurtured to grow well spiritually (through Bible studies, worship & prayer programs), academically (schools, receiving school supplies, etc.), and physically (healthier through food, and sports). We are currently continuing with the construction work of the Good Shepherd's House at Ngyeku village in Arumeru, district of Arusha; This house shall be able to accommodate a total of ten children and staff; by God's grace 10 youngsters shall be developed into being self-sustained with good health, education, and useful life skills that will also be inspired to help others. We have seen transformation in the lives of the children in areas of our reach. It brings joy when we see children grow spiritually by becoming part of the church family. They are also learning to be part of a community, growing in the knowledge of God's Word and in faith.*

*For this project to effectively serve children, we need 3 staff members to be serving in this house. The average monthly budget for this project is \$1,600 USD which started in 2018 and has been seeking support to make it more effective so as to impact lives of children in Tanzania. If you would like to support these young people you can pray or/and give towards their food, school fees & supplies, medical needs, construction of the House on our website.*

THE BUILDING OF THE ORPHANAGE IN TANZANIA

Up to the end of the year 2021, thirty two needy children have been reached and their lives touched by the Love of God as they got the opportunity to fellowship, involve in Bible Studies, receive food and school supplies to start their new academic year in 2022. We praise and thank God for the ongoing support through NCM to assist these needy children in Tanzania. ‘Bwana asifiwe’ (Praise the Lord).

*“For thirteen years, the initiative to build the Good Shepherd’s House continued, and the house has been under construction for such a long time due to the shortage of funding, with slow donations. Prayers while continuing to trust God has been the key to move forward.*

*In 2008, God so divinely connected Michael with Erik, who became friends to date. These two brothers and now co-workers have been continuously praying for each other and for the mission work. It was just wonderful on how finally NCM has been used by God to be His instrument for the financial support to not only help furnish the Good Shepherd’s House in Tanzania, but also to support this work in a regular basis. We are thankful to God because of all donors who so generously supported the ongoing mission work in Africa and Tanzania in particular. It has been possible because you stand with us!*

*It brings us joy to see children who had no clothes, to get at-least one more cloth, or one more pair of shoes as he/she had none. We live in an area where many children are suffering in many ways. We are happy to see the children smile, knowing that they will get at-least two meals a day while at first he/she was having only one little meal or just a porridge for a whole day. We see God meeting the needs of those who are suffering, and touching them by His unlimited love. Let us continue to be His instrument as He keeps doing this good work among us.”*

**Giving of Clothes, Shoes, and Food to children of the Good Shepherd’s House!**

Although our primary focus is on the children of the Good Shepherd's House, we do our best to be of help to more children because of the great need in the community. We have found that there are still families that have only one meal per day. We have therefore decided to use weekends to share food with needy children living on the streets to show them the love of God. We hope that improved lives of children will bring up a better next generation that knows the Lord due to the shared truth of the Gospel, and access to good education. Participation of children in the ongoing Bible fellowships has shown us what the future looks like as God is at work to prepare more laborers for His Service. Praise GOD!

**"Train up a child in the way he should go, and even when he is old he will not depart from it."– Proverbs 22:6**  
 As we end the year 2021, we pray that God will bless all who support this ongoing work through NCM. It has been because of the generous hearts of people that we have seen great transformation in the lives of children in Tanzania. We look forward for this work to continue and be more fruitful in the year 2022.

## PROGRESS OF WORK AT THE GOOD SHEPHERD'S HOUSE

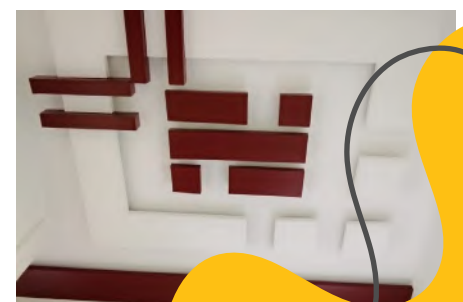

We praise God for the construction work done at the Good Shepherd's House in the year 2021, that included the completed work regarding: 1. Plumbing, 2. Aluminum windows, 3. Wall fence, 4. Putting up the Gypsum board on the ceiling of the house, 5. Installing tiles on the floor, 6. Ordering beds for the house.

Government Officers from the Social Welfare Department visited the Good Shepherd's House for inspection. They advised that the wall fence should be completed in the remaining half side for the security of the children. Though it was not within our recent building plans, we found it good to do it to continue and to be accepted by the Government as it meets all requirements. For the next phase we will be working on the water systems (i.e. drilling water holes for the Project), for domestic use as well as farming.

We look forward to starting the year 2022 with the effective use of the house. We are thankful to God that this construction work, that took 13 years, has finally come to its end. We praise God for His faithfulness and for leading people to give so as to support this work.

We have 3 workers who have been actively involved with the childrens program. Doors are open for more volunteers to join effort. Reaching out and be of support by touching lives of up to 32 children in our reach, even by sharing food with others in the streets is of encouragement. We see the extended hand of God manifesting His love. Again, thanks to all who support this work in all possible ways! *Blessings to you, always!* **MICHAEL MAFIE, NATIONAL COORDINATOR TANZANIA**

# HEALTH CENTERS

FIRST AND SECOND QUARTER

## ► CENTRAL AFRICAN REPUBLIC

This new medical center is the first and only of its kind for the 3,200 Benkonjo people of Central African Republic. It will be staffed by a trained nurse and stocked with the medical supplies needed to prevent death from treatable diseases such as malaria, typhoid fever, dysentery, and more.

## ► DEMOCRATIC REPUBLIC OF CONGO

Our new Ndunga Health Center in Democratic Republic of Congo has 10 rooms with the objective of doing surgery, having pregnant women deliver, and treatment of various illnesses such as malaria, typhoid, and dysentery.

“Praise God for the establishment of a health center and the construction already underway. This is real confirmation among the Ndunga people who are wondering what is a true miracle. We pray to God to support our partners in the realization of the NCM Ndunga Project! Glory to God.”

# CLEAN WATER PROJECTS

FIRST AND SECOND QUARTER

## ► GARRE OF ETHIOPIA

### *New Covenant Missions Ethiopia Provides Fresh Water for the Garre!*

This is one of the ponds where the Garre people fetch drinking water for their daily consumption. In the Dawa zone there is no river or spring but only ponds that are being filled during rainy season. We met several women who were fetching water from this pond coming from far distance riding donkeys. A woman was explaining how they suffer as a result of a lack of pure water. She said “God brought you here to support us”. The community leaders and water committee were present as well. We later visited the same place to discuss all details and selected the site where to implement the water tanks for our clean water project!

Garre as a people group are forgotten by everyone. They say the government of Ethiopia doesn't consider them as Ethiopians, they don't have enough resources apart from their cattle and have no peace and no water. They are not only grateful for NCM's water project, but thanked God.

THE WATER THEY WERE DRINKING BEFORE OUR CLEAN WATER PROJECT.

FRESH WATER FOR THE UNENGAGED GARRE OF ETHIOPIA.

## ► UBI OF CHAD

*“NCM's humanitarian actions to the needy is a great testimony among the marginalized communities that have lived next to Christians without real visible love shown to them before.”*  
**NCM CP Assane**

*“We are thankful to God for the water tower project offered by NCM!”* **NCM CP Benjamin**

A NEW WATER PROJECT FOR THE UBI OF CHAD

# CLEAN WATER & LATRINES PROJECT

THIRD AND FOURTH QUARTER

## ► MENING OF UGANDA

*“We are so happy and thank God for the provision of clean water and a latrine in our communities. The local health authorities have given us a report that the number of cases of diseases associated with dirty water and poor sanitation has greatly reduced. We thank God for NCM for making this possible and request to help us with another latrine as one is not sufficient for all the people.” NCM CP’s Martin & David*

**THE FIRST PUBLIC LATRINE (TOILET) FOR THE MENING PEOPLE OF UGANDA.**

## ► BOM KRIM OF SIERRA LEONE

*“The condition of the people of Sampoo was very bad. The entire community was using the bushes and the creek for their toilet which was causing contamination in their drinking water. As a result of their situation, many of them got sick and died especially the elderly and children. The chief said since the establishment of Sampoo, no one has ever built a toilet like the one recently constructed. To date, there’s still joy in their hearts and on their faces for the very first toilet project ever built not only in Sampoo but in their locality. The water well project also built by NCM in the Sampoo community in 2020, was a milestone for the people of the Bom community.*

*As of today, there has been a serious reduction of deaths in the community because of the safe drinking water well. More to that, many people like the Sherbro, Mende, Krim, Bullion, the Muslims and the Bom people are getting saved through the projects and the CPs regular outreaches. According to the chief, who is a former Muslim now Christian, is thankful for the projects NCM has done for them free of charge, which he said no one has ever done for them since the foundation of Sampoo. To date, many Muslims that were not willing to listen to the Christian Gospel or have anything to do with Christians before are now becoming believers because of the love of God through our Lord and Savior Jesus Christ. We pray that NCM sees the great need of safe drinking water wells and toilets in other Bom Communities in the Republic of Sierra Leone.” Patrick, NCM Coordinator Sierra Leone.*

# RELIEF PROJECTS

FIRST AND SECOND QUARTER

## ► TIGRAY RELIEF PROJECT IN ETHIOPIA

The Tigray Relief Project was done for the Azebu unengaged people group and the people of Adigrat. This project supported 600+ internally displaced people with food and basic necessities for one month!

*“Shire is one of the most affected areas of Tigray. Out of the 1.7 million Internally displaced persons in Tigray region more than half of them are in Shire. The population is about 100,000 but we host more than 700,000 IDPs. The numbers say everything. The human rights issues, humanitarian crisis and security issues. Many of the Eritrean troops live in Shire – looting, killing and human rights abuses are common. The support we received from NCM we distributed to 20 households. Each household received 1000 Birr. In this difficult time this support means a lot. We also supported the orphans who live with us in the church compound.”*

*“Shire was the war front. There has been a lot of fighting here. Many thousands of people have been killed, wounded and displaced. Although we passed through difficulties, hunger and worries we didn’t lose anyone from our church and we give thanks to the Lord our protector. We shared what we have with the community. We have partners and supporters who pray and share resources with us. We have clearly seen the hand of the Lord.”*

*“We would like to thank you for your support during the war time. Although you didn’t get any information, you didn’t stop your support. Through your help we managed to save human lives. The church showed it’s love for the people.”*

## ▶ FOOD RELIEF PROJECT AMONG THE HAMAR AND DASSANECH OF SOUTH OMO ETHIOPIA

*“We have received 250 bags of corn and distributed them to more than 600 people including church planters. Three people groups of the Omo Valley have benefited from the relief. We thank all the organizations and individuals who participated in this great relief project.”*

“We representatives from New Covenant Missions and Horn of Africa arrived at Turmi/ Hammer after two days of traveling. On May 13th, 2021 we gathered the people in the Turmi Kalehiwot church compound and explained the reason for our outreach in South Omo. Later we presented the Good News to the community and more than 100 people heard the Gospel.

They are happy about the things happening in their midst. People who viewed the Gospel being for the poor alone realized its triumphal power. Some individuals from wealthy and respected families received the Lord as their personal Savior. The attitude which undermines believers is now changing.” **NCM CP Nahom**

## ► FOOD RELIEF PROJECT IN UGANDA

*“Due to a drought the Mening people of Uganda are having a serious food security issue. Raiders from South Sudan have invaded and stolen their cattle as well. They had no choice, but to hunt rats for food. NCM has launched a relief project to provide food for hundreds of families in dire need.”*

### THE IMPACT OF OUR FOOD RELIEF PROJECT

- Hungry families who had not eaten reasonable food for close to a year were able to have something to cook for the first time.
- The Mening have been able to see Jehovah Jireh as the only provider during their troubled times. The Lord has glorified himself among the Mening.
- Finally there was a big harvest during the distribution. Of the hundred households that received, 41 were able to confess Jesus as Lord and savior of their lives.

*“Praise Jesus! I am Anne from the Mening community. Allow me to thank God for his provision of food to the hunger stricken Mening community through New Covenant Missions. It had been a difficult moment for us right from last year as there were no rains due to the changes in the seasonal patterns. Amidst all this, we want to thank the administration of NCM for responding immediately to our request when we wrote to them, explaining the challenges we were facing. May the Almighty God continue to replenish and bless you abundantly for the continuous support, as we expand Gods kingdom amongst these unreached peoples groups.”*

### CONCLUSION

*“In conclusion, allow me thank the administration of NCM for allowing the Lord to use them to reach out to the Mening not only with the Gospel, but also to share with them the love of Christ during their difficult times. Let God richly bless NCM and our donors, in pursuit to reaching the unreached people of Africa. Allow me to request a second phase of the food relief as hundreds of families are still dying of hunger. It’s my prayer and request that God willing, these families also receive some food during a second phase of the food relief project to the Mening.” **National Coordinator Patrick Ijaka***

► **FOOD RELIEF PROJECT  
AMONG THE GARRE OF ETHIOPIA**

2021 was a challenging year for Ethiopia. Ethnic conflict, drought, and COVID-19 restrictions caused incredible suffering for the Garre people. They lost their livelihood sources such as livestock, crops and small animals. As a result the NCM initiated to support the people who are the poorest of poor. In November and December 2021, our church planters in this area were distributing essential food items for the community. Terefe and Boku have been physically involved in the process. They were not only distributing essential food items for the Garre people, but they also preached the Good News of Jesus Christ. **200 families benefited with a months worth of food and 300 people heard the Gospel!**

After they finished the distribution, the church planters prayed to God to give them rain. Amazingly it rained and the people were happy. That was a great breakthrough for the mission activities in this strict Muslim community.

***Summary of the food items: 20 kg of rice for each household, 5 kg of wheat powder, 4 liters of oil, 5 kg sugar***

► **COVID-19 RELIEF**

*We reached out to 445 families spread between Senegal, Chad, & Gambia. They were supplied with sanitation supplies during the second wave of COVID-19 and 250 of the poorest families were provided with one month supply of food.*

## ► VOLCANO VICTIMS RELIEF PROJECT IN EDRC

*On May 22, 2021, Mt. Nyiragongo erupted and spit out lava that came just under two miles from reaching the Goma Airport in Eastern D.R. Congo. In its path, homes were destroyed and buried with lava. Main roads in and out the city were cut off along with the loss of electricity. There are now over 4500 families who are homeless and without the basics of life. Many of the affected families do not have a relationship with the one true God and live in fear.*

*"The 50 church members who are living with the host families thank God for those who thought to buy soap and food for them. They are assisting the volcano victims who will be the next beneficiaries. To God be the glory!"*

**Thanks to your contributions, families that have been displaced have started to receive the help they need. Not only have they begun to receive food and supplies, but they have also begun to hear the love that God truly has for them.**

# MEDICAL MISSIONS

THIRD AND FOURTH QUARTER

## ► SHABELLE OF ETHIOPIA

Medical Mission Team

**November 27 – December 6**

**Somali Regional State, Gode Zone  
(in five health centers)**

**Objectives of the mission**

- To evangelize Gode Somali (Shabelle) people
- To provide free medical service
- To share resources
- To make disciples of Jesus Christ

Waiting Area in Health Centers

Counseling the Patients on OPD and Dental Clinic

New Believers!

### MAIN RESULT OF THE MISSION

- 2620 people got free medical services
- 104 people got New Testament Bible
- 1682 individuals heard the Gospel
- 78 decided to follow Jesus Christ

## ► HIMAT BAGGARA OF CHAD

Medical mission services with Himat Baggara people of Chad

“The realization of our project among the Himat Baggara brings a great connection between us church planters and the people. Communication with men, women and young people is well strengthened.” **NCM CP Timothee**

“We say thanks to God for His protection. We held a vaccination campaign against Malaria from August 21-23. I supervised this event in a village named Kubo Abdane. We also did an outreach in Rokery, a village located 15 km from Alifa and we distributed medicine.” **NCM CP Alexis**

## UNIFORM PROJECT

### FIRST AND SECOND QUARTER

### ► NIGERIA

Without a school uniform, children are often denied education in Africa. For many families, a uniform is equivalent to more than a month's wages. Without education, children are 50% more likely to be sold off to traffickers. 90 children in Nigeria were able to attend school this year as NCM teams provided uniforms and other school supplies!

*(First primary school - 45 pupils, second primary school - 25 pupils, third primary school - 20 pupils. Total number of pupils given uniforms - 90 pupils.)*

# NEW COVENANT SCHOOL OF MISSIONS (NCSOM)

IN COOPERATION WITH NEW COVENANT INTERNATIONAL UNIVERSITY (NCIU)

**NCSOM officially launched in March 2021!**

## **How many students are enrolled in 2021?**

*"We had a total of sixty-three students registered the beginning of 2021."*

## **What degrees and/or certificates are the students working towards?**

*"We offer 1) Certificate in Ministerial Studies. It covers six courses (Evangelism, Discipleship, Cross-Cultural Missions, Cross-Cultural Church Planting, Pastoral, and Leadership,) covering eighteen credits. 2) Bachelor of Arts in Bible and Theology. This runs for four years, covering 128 credits."*

## **What countries are represented?**

*"The nine countries represented are Liberia, Sierra Leone, Ghana, Nigeria, DRC, Congo Brazzaville, Kenya, Uganda, and CAR."*

**LIBERIA-** *"My name is Rev. Mrs. Jonel Clark Weeks of Victory Outreach Central Church in Monrovia, Liberia. I am a student of the NCIU campus. I am overwhelmed with joy for this blessing afforded many of us believers to gain biblical insights and knowledge through our dynamic professors and detailed courses offered. In these few semesters, I have learned that a pastor is not just a preacher, but a steward, a manager, a servant, an overseer, a man or woman that should live above reproach. The Gospel of John, Cross-Cultural Evangelism, Church Planting, Missions and Pastoral Theology courses have broaden my scope of ideas on Evangelism. I'm also applying the idea from the methods of Closure taught in Cross-Cultural Church Planting in many events in my personal life. I am so happy and grateful I now know as a good leader I must train, nurture and mentor others."*

**GHANA-** *"I am Rev. Samson Sansah Bona-Imah from Ghana, a student of NCIU/ NCSOM. I'm a level 100 student. NCIU/ NCSOM is a School where true Bible doctrine is taught with qualified lecturers and is preparing students in Africa to relate and work with all ethnic groups in Africa. I can testify that the School has prepared me to work wherever I'm sent as a missionary."*

**NIGERIA-** *"My name is Ismaila Destiny Kadiri from Nigeria, a student of NCSOM. I must confess, by having the privilege of gaining admission into this Academy, it's been a life transforming experience for me, as I'm being equipped with new methods and better ways to serve the Lord, especially as a missionary. As one of the pioneer students, I strongly believe this school to be a heavenly arrangement under the watch of Sydney B. Thomas; the chief academic officer who has been working tirelessly to ensure the full success of the programs. His organization and coordinating style; the demonstration of his patience and love and the fervency of his faith are not far from the reason this is working and these are also some virtues I'm opportune to learn as a young student in the vineyard of Christ. It's been a wonderful journey of sound spiritual impartation, which I believe will have a successful end that will add value to the Body of Christ, especially in Africa."*

**D.R. CONGO-** *"I, Leon Dede have learned from NCSOM how to depict truth from the Bible, while dealing with the Gospel of John with Jeff Hundley. I have also understood the good definition of Evangelism, and types of evangelism. I have added more knowledge on my way of evangelism that I was doing since I was seventeen years old. NCSOM has taught me how to deal with leadership responsibilities at the level of the spiritual development and qualifications of a pastor. Thanks to NCSOM I have understood how to deal with Cross-Cultural Church Planting: what to do when reaching another culture than mine, how to negotiate, how to involve people of the reaching group."*

# PARTNERSHIPS MAKE IT POSSIBLE

## 2021 JESUS FILM ANNUAL STATISTICS

**SHOWINGS: 1,757**  
**ATTENDANCE: 84,414**  
**SALVATIONS: 4,924**

*We have deployed nearly 100 portable solar backpacks to the field!*

*Mission Aviation Fellowship empowers our teams to get to places where there aren't roads.*

*Reach The Rest has been developing an approach that offers people in the hardest-to-reach regions of the world an opportunity to hear and receive the Gospel!*

*In partnership with HOA we are planting churches among 16 Unreached people groups in the South Omo of Ethiopia. These churches are multiplying to the 7th generation with 423 self sustained churches since we began.*

*Nearly all our leaders are certified trainers of the Dynamic Church Planting International training program.*

*In partnership with New Covenant International University our School of Missions in Accra, Ghana now provides accredited degrees to its seminary students.*

*World Missionary Press, inc. is an interdenominational faith ministry producing 48-page topical scripture booklets and bible studies in more than 350 languages!*

*We are proud to be a part of Finishing the Task. Their research has mobilized us to engage 45+ people groups that formerly had no Gospel witness and few of any believers among them.*

*Global Alliance for Church Multiplication connects us in partnership with ministries like ours so we can go further together.*

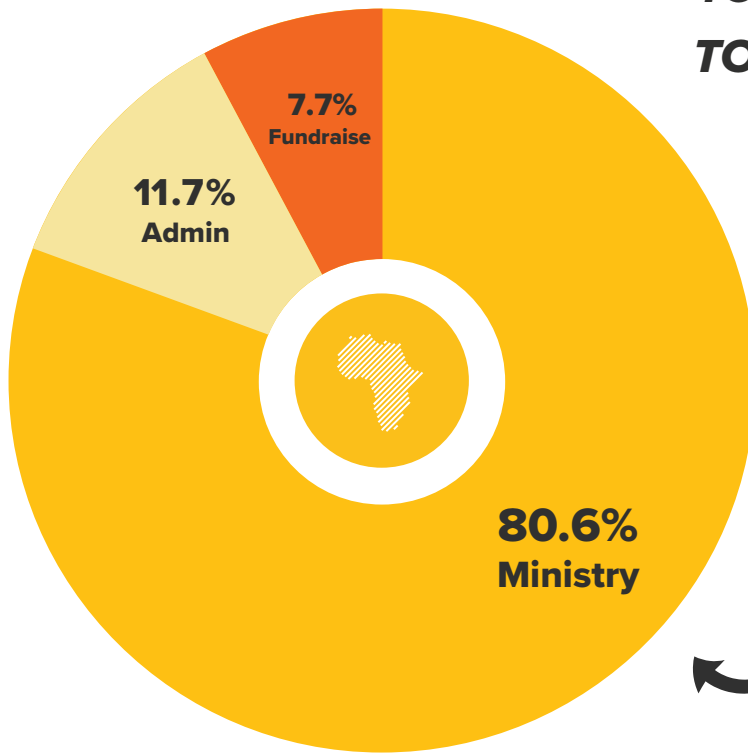

# FINANCIAL SNAPSHOT 2021

**TOTAL INCOME: \$1.79 Million**

**TOTAL EXPENDITURE: \$1.7 Million**

**“We thank God for NCM’s initiative, people who were very far from God commit to the Lord, unreached are being reached and believing in Jesus. The gospel is moving forward in the area.” NCM Church Planter Simeon EDRC**
