Materials needed:

- Approximately 1 yard white or other very light colored fabric and 1 yard darker fabric (Prints or solids are fine, a mix of smaller pieces is fine, We will just be making samples, so no need to bring anything too precious or expensive. We are just looking for strong contrast to best illustrate the graphic elements of these exercises).

- Glue stick

- Scissors or blade to cut paper.

- Graph paper (8-10 squares to the inch is helpful but not necessary. Sarah will have extra on hand) and something to draw with.

The usual basics: sewing machine, ruler, rotary cutter, cutting mat, marking pens or pencils, pins, etc.
